

# **Above Top Secret The Technology Behind Disclosure**

## **Above Top Secret: The Technology Behind Disclosure**

The whispers have been growing louder. For decades, the existence of advanced technologies, far beyond our current understanding, has been shrouded in secrecy. But what if the veil is finally lifting? What if the "Above Top Secret" files, long locked away, are about to reveal the technological

marvels – and potentially terrifying realities – behind a full disclosure of extraterrestrial contact or advanced government projects? This blog post delves into the speculative yet compelling technological advancements that might underpin such a monumental event, exploring the possibilities and implications of a world irrevocably changed by disclosure.

## **The Unseen Hand: Concealing Advanced Technology**

Before we speculate on the technology behind disclosure, let's consider the technology used to conceal it for so long. This involves a multi-faceted approach:

### **#### 1. Compartmentalization and Secrecy:**

The most fundamental technology isn't technological at all; it's organizational. The compartmentalization of information – ensuring that only those with absolute "need to know" access receive specific details – is crucial for maintaining secrecy. This is facilitated by complex security protocols, strict clearance levels, and rigorous vetting processes.

### **#### 2. Advanced Surveillance and Counter-Intelligence:**

Protecting sensitive information requires cutting-edge surveillance technology, potentially extending far beyond what's publicly known. This might include advanced AI-powered monitoring systems, predictive analytics to identify leaks, and sophisticated counter-intelligence operations to thwart attempts at exposure.

### **#### 3. Information Warfare and Disinformation:**

The deliberate dissemination of misinformation and the manipulation of public perception are potent tools for controlling the narrative. Sophisticated psychological operations, combined with sophisticated media manipulation techniques, can effectively bury the truth beneath layers of carefully constructed deception.

## **The Potential Technologies of Disclosure:**

If disclosure is indeed imminent, what technologies might be revealed? The possibilities are vast, but several stand out:

### **#### 1. Advanced Propulsion Systems:**

The most frequently cited element of potential disclosure is the existence of advanced propulsion systems far exceeding anything we currently possess. This could include faster-than-light travel, anti-gravity technology, or warp drives – technologies currently confined to the realm of science fiction but potentially achievable with breakthroughs in physics we don't yet understand.

### **#### 2. Energy Generation and Storage:**

Disclosure might bring revelations about revolutionary energy sources, far surpassing our reliance on fossil fuels or even nuclear power. This could involve harnessing previously untapped forms of energy, such as zero-point energy or fusion power, leading to abundant and clean energy for the entire planet.

#### #### 3. Artificial Intelligence and Machine Learning:

Advanced AI systems, far surpassing anything currently available, could play a significant role. These AI systems may be capable of self-improvement, problem-solving at an unprecedented scale, and even consciousness – implications that would reshape our understanding of intelligence itself.

#### #### 4. Materials Science and Nanotechnology:

Revolutionary materials with extraordinary properties – self-healing alloys, metamaterials with unprecedented strength and flexibility, and nanoscale technologies capable of manipulating matter at the atomic level – could be revealed, unlocking technological advancements across all industries.

#### #### 5. Bioengineering and Genetic Manipulation:

Advances in bioengineering could unveil breakthroughs in genetic manipulation, potentially leading to disease eradication, extended lifespans, and even the ability to enhance human capabilities beyond our current limitations. The ethical implications of such technologies would undoubtedly be a central point of discussion.

## **The Implications of Disclosure:**

The revelation of "Above Top Secret" technologies would have profound consequences. Society would need to grapple with the ethical, political, and economic ramifications of such advancements. This could lead to:

Geopolitical upheaval: The balance of power would shift dramatically, potentially leading to international conflicts or alliances based on access to these technologies.

Economic transformations: Entire industries would be revolutionized, creating new opportunities while simultaneously rendering others obsolete.

Existential questions: The discovery of extraterrestrial life or advanced AI would force humanity to confront profound questions about our place in the universe and the nature of existence.

## **Conclusion:**

The possibility of "Above Top Secret" technologies being revealed remains speculative. However, exploring the technological landscape that could underpin a grand disclosure allows us to contemplate the potential future – a future dramatically altered by technological marvels beyond our current comprehension. The journey towards understanding the technologies behind disclosure is a

journey into the unknown, and one that is both exciting and potentially daunting.

## FAQs:

1. Is there any evidence to support the existence of "Above Top Secret" technologies? While no definitive proof exists, numerous anecdotal accounts, leaked documents, and unexplained phenomena fuel speculation about advanced, classified technologies.
2. What are the biggest risks associated with disclosing these technologies? The risks include potential misuse of advanced weaponry, social disruption due to economic upheaval, and a lack of preparedness for the psychological impact of encountering extraterrestrial life.
3. Could the government control the release of this information? Complete control is unlikely. Leaks, whistleblowers, and the inherent difficulty of suppressing information in the digital age make total control improbable.
4. What role might AI play in a future with disclosed advanced technologies? AI could be instrumental in managing and understanding these advancements, but also poses significant risks if not carefully controlled and developed ethically.
5. How could society prepare for the potential societal impact of disclosure? Open and honest dialogue, education, and the development of robust ethical frameworks for the responsible use of advanced technologies are crucial steps in preparation.

**above top secret the technology behind disclosure:** *My Cosmic Trigger* Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena, revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject, covering its history, theories, and notable researchers, analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own 'synchronystic initiation' with a sense of clarity, fostering a constructive relationship with odd occurrences (not a destabilizing one), and enabling readers to successfully pull their own cosmic trigger.

**above top secret the technology behind disclosure:** Above Top Secret Jim Marrs, 2008-10-01 A collection of the most stunning topics found on AboveTopSecret.com investigated by the renowned conspiracy theorist and author of Crossfire. Jim Marrs can justifiably be considered the world's leading conspiracy author, with multimillion bestsellers like Alien Agenda, Rule by Secrecy, and the book that Oliver Stone used as a basis for his JFK movie, Crossfire: The Plot That Killed Kennedy. Now Marrs has allied with the web's most popular conspiracy forum to investigate everything from chemtrails to the Nazis' Antarctic base, moon landing hoaxes to UFOs, God as an alien to the end of the world in 2012. AboveTopSecret.com is the Internet's largest and most popular discussion board community, with more than twelve million page views per month. It is dedicated to the intelligent exchange of ideas and debate on a wide range of "alternative topics" such as conspiracies, UFOs, paranormal, secret societies, political scandals, new world order, terrorism, and dozens of related topics. AboveTopSecret's popular podcast is downloaded tens of millions of times

per month. Marrs brings his rigorous journalist's credentials to bear on these topics and more, asking (and often answering) the essential who, what, when, where, why, and how questions in compelling, page-turning fashion.

**above top secret the technology behind disclosure:** *Strange Incursions* Stephen Hunt, 2020-11-01 Are aliens visiting Earth, right now, even as you're reading this? For a long-time, best-selling science fiction author Stephen Hunt believed - as you might do - that UFOs and the chance extraterrestrials are presently calling on Earth was a load of... (let's keep this family-friendly), complete old nonsense! What was it that changed his mind? Interestingly, not his encounter with an alien probe in 2001. He wrote that off as a council pollution-monitoring drone - even though the first commercial drone wasn't used until 2006. No, it was the New York Times's article revealing that the Pentagon had been running, and denying the existence of, a top-secret alien-hunting program so covert it had to change the word 'UFO' to 'UAP' just to escape the stigma created by the CIA around the term. This feature came with confirmed videos of the latest U.S. navy fighter jets being made to look like paper planes by anti-gravity effect vehicles. Craft racing at mind-boggling speeds that would turn human pilots into meat-paste. Since then, Stephen has been exploring deep down this rabbit hole. Now, in his very first non-fiction book, he brings you the results of his strange voyage of exploration, seeking the answers to such eye-opening questions as... - Has the U.S. government (a) lost its mind, or (b) are they really trying to back-engineer crashed alien craft wreckage? - What is the connection between UFOs/UAPs and high strangeness (portals, ghosts, Bigfoot)? - Given there are between 100 and 400 billion star systems in our Milky Way Galaxy, where the heck is everyone else? Is humanity truly that unique? The only machine-using species? - What does the U.S. government know that we don't? - Are UFO witnesses and whistle-blowers influenced by popular science fiction entertainment, or are our media companies dropping approved UFO/alien bread-crumbs? - Is this new wave of official U.S.-sanctioned UFO openness a prelude to something shocking coming our planet's way? Revelations so improbable, they'll change humanity forever? Stephen Hunt examines this fascinating and astonishing universe through the eyes of a science fiction author, drawing the parallels between our sci-fictions, and what just might be a bizarre classified reality of actual alien-derived sci-facts.

**above top secret the technology behind disclosure:** *Disclosure* Steven M. Greer, 2001

**above top secret the technology behind disclosure:** *Area 51* Annie Jacobsen, 2011-05-17 This compellingly hard-hitting bestseller from a Pulitzer Prize finalist gives readers the complete untold story of the top-secret military base for the first time (New York Times). It is the most famous military installation in the world. And it doesn't exist. Located a mere seventy-five miles outside of Las Vegas in Nevada's desert, the base has never been acknowledged by the U.S. government — but Area 51 has captivated imaginations for decades. Myths and hypotheses about Area 51 have long abounded, thanks to the intense secrecy enveloping it. Some claim it is home to aliens, underground tunnel systems, and nuclear facilities. Others believe that the lunar landing itself was filmed there. The prevalence of these rumors stems from the fact that no credible insider has ever divulged the truth about his time inside the base. Until now. Annie Jacobsen had exclusive access to nineteen men who served the base proudly and secretly for decades and are now aged 75-92, and unprecedented access to fifty-five additional military and intelligence personnel, scientists, pilots, and engineers linked to the secret base, thirty-two of whom lived and worked there for extended periods. In Area 51, Jacobsen shows us what has really gone on in the Nevada desert, from testing nuclear weapons to building super-secret, supersonic jets to pursuing the War on Terror. This is the first book based on interviews with eye witnesses to Area 51 history, which makes it the seminal work on the subject. Filled with formerly classified information that has never been accurately decoded for the public, Area 51 weaves the mysterious activities of the top-secret base into a gripping narrative, showing that facts are often more fantastic than fiction, especially when the distinction is almost impossible to make.

**above top secret the technology behind disclosure:** *Étranges Incursions* Stephen Hunt, 2024-10-01 Étranges incursions : un guide pour les curieux des ovnis. Des extraterrestres sont-ils en

train de visiter la Terre, en ce moment même, alors que vous lisez ces lignes ? Pendant longtemps, l'auteur de science-fiction à succès Stephen Hunt a cru - comme vous peut-être - que les OVNI et la possibilité que des extraterrestres fassent actuellement escale sur Terre étaient un tas de.... (gardons cela pour la famille), un tas de vieilles bêtises ! Qu'est-ce qui l'a fait changer d'avis ? Il est intéressant de noter que ce n'est pas sa rencontre avec une sonde extraterrestre en 2001. Il l'a mise sur le compte d'un drone de surveillance de la pollution, même si le premier drone commercial n'a été utilisé qu'en 2006. Non, c'est l'article du New York Times qui révèle que le Pentagone a mené, tout en niant son existence, un programme ultrasecret de chasse aux extraterrestres, si secret qu'il a dû remplacer le mot « OVNI » par « UAP » pour échapper à la stigmatisation créée par la CIA autour de ce terme. Ce reportage était accompagné de vidéos confirmant que les derniers avions de chasse de la marine américaine étaient transformés en avions de papier par des véhicules à effet anti-gravité. Des engins qui filent à des vitesses hallucinantes, au point de transformer les pilotes humains en pâté de viande. Depuis lors, Stephen n'a cessé d'explorer les profondeurs de ce trou de lapin. Aujourd'hui, dans son tout premier livre non fictionnel, il vous livre les résultats de son étrange voyage d'exploration, en cherchant les réponses à des questions qui vous ouvrent les yeux, telles que... Le gouvernement américain a-t-il (a) perdu la tête, ou (b) essaie-t-il vraiment de reconstruire l'épave d'un vaisseau extraterrestre qui s'est écrasé ? Quel est le lien entre les OVNI/OVNIs et les phénomènes très étranges (portails, fantômes, Bigfoot) ? Étant donné qu'il y a entre 100 et 400 milliards de systèmes stellaires dans la Voie lactée, où sont les autres ? L'humanité est-elle vraiment si unique ? La seule espèce à utiliser des machines ? Que sait le gouvernement américain que nous ignorons ? Les témoins et les dénonciateurs d'OVNI sont-ils influencés par les divertissements populaires de science-fiction, ou bien nos sociétés de médias distribuent-elles des miettes de pain approuvées sur les OVNI et les extraterrestres ? Cette nouvelle vague d'ouverture officielle sur les OVNI, sanctionnée par les États-Unis, est-elle le prélude à quelque chose de choquant pour notre planète ? Des révélations si improbables qu'elles changeront l'humanité à jamais ? Stephen Hunt examine cet univers fascinant et étonnant à travers les yeux d'un auteur de science-fiction, en établissant des parallèles entre notre science-fiction et ce qui pourrait bien être une étrange réalité classifiée de faits scientifiques réels dérivés d'extraterrestres. \*\*\* À PROPOS DE L'AUTEUR: Stephen Hunt est le créateur de la série très appréciée « Far-called » (Gollancz/Hachette), ainsi que de la série « Jackelian », publiée dans le monde entier par HarperCollins aux côtés d'autres auteurs de science-fiction, Isaac Asimov, Arthur C. Clarke, Philip K. Dick et Ray Bradbury. \*\*\* REVUE Éloges des romans de Stephen Hunt : M. Hunt s'envole à toute allure. - THE WALL STREET JOURNAL L'imagination de Hunt est probablement visible depuis l'espace. Il disperse des concepts que d'autres écrivains exploiteraient pour une trilogie comme des emballages de barres chocolatées. - TOM HOLT Toutes sortes d'extravagances bizarres et fantastiques. - DAILY MAIL 'Une lecture compulsive pour tous les âges'. - GUARDIAN 'Bourré d'inventions'. - THE INDEPENDENT 'Dire que ce livre est plein d'action est presque un euphémisme... une merveilleuse histoire d'évasion ! - INTERZONE Hunt a truffé l'histoire d'astuces intrigantes... émouvant et original. - PUBLISHERS WEEKLY Une aventure palpitante à la Indiana Jones. - RT BOOK REVIEWS Un curieux mélange de futur et de futur partiel. - KIRKUS REVIEWS Un ouvrage inventif et ambitieux, plein de merveilles et d'émerveillements. - THE TIMES Hunt sait ce que son public aime et le lui donne avec un esprit sardonique et une tension soigneusement développée. - TIME OUT Un récit qui déchire... l'histoire se déroule à toute allure... l'inventivité constante maintient le lecteur accroché... le final est une succession de cliffhangers et de retournements de situation surprenants. Très amusant. - SFX MAGAZINE Mettez vos ceintures pour une rencontre frénétique entre le chat et la souris... une histoire passionnante. - SF REVU

**above top secret the technology behind disclosure: Unacknowledged** Steven Greer, 2017-04-25 For the last 70 years we've been lied to. What began as a covert black ops program to keep reverse-engineered ET technologies from the Soviets during the Cold War has become a compartmentalized criminal transnational enterprise illegally kept from presidents, world leaders, and congress. Dr. Steven M. Greer, the world's foremost authority on UFOs and ETS has provided

briefing materials for sitting U.S. Presidents, members of congress, directors of the CIA and DIA, world leaders, and members of the Joint Chiefs. As founder and director of CSETI (Center for the Study of Extraterrestrial Intelligence) he has pioneered CE-5 protocols that have enabled thousands of civilians to engage in peaceful contact with our interstellar visitors. Now, he and hundreds of military personnel, scientists, and civilians who had top-secret access to Unacknowledged Special Access Projects (USAPs) have come forward with startling revelations about the greatest cover-up in human history in an attempt to prevent a false flag event in the works that - if unleashed - would make 9/11 look like a fender bender. Holding nothing back, Dr. Greer and his witnesses provide startling details about this unacknowledged chapter in history, energy and anti-gravitic systems, lunar bases, and black shelved technologies (purposely denied patents) that can transform our world...if we force their introduction into the free market.

**above top secret the technology behind disclosure: *Earth: An Alien Enterprise*** Timothy Good, 2013-11-05 A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."

**above top secret the technology behind disclosure: *Top Secret/Majic*** Stanton T. Friedman, 2005-07-29 Top Secret/Majic is the result of nuclear physicist and renowned UFO investigator Stanton T. Friedman's twenty-one year search for the truth about the mysterious Operation Majestic 12, President Truman's top-secret UFO investigation team. In this updated edition of his landmark book, he tells the incredible tale of the July, 1947 recovery of a crashed flying saucer near Roswell, New Mexico, and the establishment by President Truman of a truly all-star cast to deal with the saucer and its non-human inhabitants. The first four Directors of Central Intelligence, the first Secretary of Defense, and several outstanding scientists and military leaders were part of the team. Through painstaking research and startling evidence?including documents that have never before been published?Friedman effectively exposes the U.S. government's biggest-kept secret: a fifty-eight year UFO cover-up.

**above top secret the technology behind disclosure: *Need to Know*** Timothy Good, 2012-07-12 UFOs remain essentially a military and intelligence problem - and one demanding unprecedented security and deception, with access to information on a strictly 'need to know' basis. As early as 1960 former CIA director Admiral Hillenkoetter confirmed that, 'Behind the scenes, high-ranking air force officers are soberly concerned about the UFOs. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense.' The same could be said today. Based on many years of research by one of the world's most respected authorities on alien phenomena, Need to Know draws on top-secret documents, reports of encounters with large craft of unknown origin from pilots and personnel aboard aircraft carriers and destroyers and interviews with high-ranking military insiders. It is full of revelations, including the alarming escalation of aircraft accidents and the disappearance of hundreds of military aircraft during UFO encounters and recent near-misses with UFOs. The evidence is clear, balanced - and irrefutable.

**above top secret the technology behind disclosure: *Märkliga Intrång*** Stephen Hunt, 2024-10-01 Märkliga Intrång: en guide för dig som är nyfiken på UFO. Besöker utomjordingar jorden just nu, medan du läser det här? Under en lång tid trodde den bästsäljande science

fiction-författaren Stephen Hunt - precis som du kanske gör - att UFO och chansen att utomjordingar för närvarande besöker jorden var en massa... (låt oss hålla det här familjevänligt), fullständigt gammalt nonsens! Vad var det som fick honom att ändra sig? Intressant nog inte hans möte med en utomjordisk sond 2001. Han avskrev det som en drönare från rådet som övervakade föroreningar - trots att den första kommersiella drönaren inte användes förrän 2006. Nej, det var New York Times artikel som avslöjade att Pentagon hade drivit, och förnekat existensen av, ett topphemligt program för jakt på utomjordingar som var så hemligt att man var tvungen att ändra ordet "UFO" till "UAP" bara för att slippa den stigmatisering som CIA skapat kring termen. Denna funktion kom med bekräftade videor av de senaste amerikanska marinens stridsflygplan som fick se ut som pappersplan av fordon med antigravitationseffekt. Farkoster som flyger i svindlande hastigheter som skulle förvandla mänskliga piloter till köttfärs. Sedan dess har Stephen utforskat djupt ner i detta kaninhål. Nu, i sin allra första faktabok, ger han dig resultaten av sin märkliga upptäcktsresa, där han sökt svar på ögonöppnande frågor som... Har den amerikanska regeringen (a) förlorat förståndet, eller (b) försöker de verkligen baklängeskonstruera vrakdelar från kraschade utomjordiska farkoster? Vad är sambandet mellan UFO:n/UAP:n och mycket konstiga saker (portaler, spöken, Bigfoot)? Med tanke på att det finns mellan 100 och 400 miljarder stjärnsystem i vår galax Vintergatan, var tusan är alla andra? Är mänskligheten verkligen så unik? Den enda maskinanvändande arten? Vad vet den amerikanska regeringen som vi inte vet? Påverkas UFO-vittnen och visselblåsare av populär science fiction-underhållning, eller släpper våra medieföretag godkända UFO/utomjordiska brödsmlur? Är denna nya våg av officiell UFO-öppenhet, sanktionerad av USA, ett förspel till något chockerande som kommer att ske på vår planet? Avslöjanden som är så osannolika att de kommer att förändra mänskligheten för alltid? Stephen Hunt undersöker detta fascinerande och häpnadsväckande universum genom en science fiction-författares ögon och drar paralleller mellan våra science fiction-berättelser och vad som kan vara en bisarr hemligstämplad verklighet av verkliga science fiction-fakta som härrör från utomjordingar. \*\*\* OM FÖRFATTAREN Stephen Hunt är skaparen av den mycket omtyckta "Far-called"-serien (Gollancz/Hachette), liksom "Jackelian"-serien, som publiceras över hela världen via HarperCollins tillsammans med deras andra science fiction-författare, Isaac Asimov, Arthur C. Clarke, Philip K. Dick och Ray Bradbury. \*\*\* RECENSIONER Beröm för Stephen Hunts romaner: "Mr Hunt tar fart i rasande fart." - THE WALL STREET JOURNAL "Hunts fantasi är förmodligen synlig från rymden. Han sprider ut koncept som andra författare skulle utnyttja för en trilogi som chokladkakspapper." - TOM HOLT "Alla sorters bisarra och fantastiska extravaganser." - DAILY MAIL "Tvångsmässig läsning för alla åldrar." - GUARDIAN "Späckad med uppfinningar." - THE INDEPENDENT "Att säga att den här boken är actionfylld är nästan en underdrift ... ett underbart eskapistiskt garn!" - INTERZONE "Hunt har fyllt berättelsen med spännande gimmickar ... gripande och originell." - PUBLISHERS WEEKLY "Ett gastkramande äventyr i Indiana Jones-stil." - RT BOKRECENSIONER "En nyfiken blandning av delframtid och framtid." - KIRKUS RECENSIONER "Ett uppfinningsrikt, ambitiöst verk, fullt av underverk och förunderligheter." - THE TIMES "Hunt vet vad hans publik gillar och ger dem det med en sardonisk humor och en noggrant utvecklad spänning." - TIME OUT "En gastkramande historia ... berättelsen tuffar på ... ständig uppfinningsrikedom håller läsaren fast ... finalen är en sprakande följd av cliffhangers och överraskande comebacks. Jättekul." - SFX MAGAZINE "Spänn fast säkerhetsbältena för en frenetisk katt- och råttalek ... en spännande berättelse." - SF REVU

**above top secret the technology behind disclosure:** *Top Secret Canada* Stephanie Carvin, Thomas Juneau, Craig Force, 2021-03-01 National security in the interest of preserving the well-being of a country is arguably the first and most important responsibility of any democratic government. Motivated by some of the pressing questions and concerns of citizens, *Top Secret Canada* is the first book to offer a comprehensive study of the Canadian intelligence community, its different parts, and how it functions as a whole. In taking up this important task, contributors aim to identify the key players, explain their mandates and functions, and assess their interactions. *Top Secret Canada* features essays by the country's foremost experts on law, foreign policy, intelligence,

and national security, and will become the go-to resource for those seeking to understand Canada's intelligence community and the challenges it faces now and in the future.

**above top secret the technology behind disclosure: Future Esoteric** Brad Olsen, 2016-04-01 Examining the flaws of mainstream society, this collection of conspiracy theory, esoteric knowledge, and fringe subjects seeks to present solutions to current social, economic, and environmental world issues. This book encourages the exploration and integration of modern science with ancient wisdom, which will lead modern society towards advancement and enlightenment. Topics discussed include religious mythos, government manipulation, technological advances, and utopia.

**above top secret the technology behind disclosure: Estranhas Incursões** Stephen Hunt, 2024-10-01 Strange Incursions: um guia para os curiosos sobre OVNI's. Será que os extraterrestres estão visitando a Terra, neste exato momento, enquanto você está lendo isto? Por muito tempo, o autor de best-sellers de ficção científica Stephen Hunt acreditou - como você talvez acredite - que os OVNI's e a possibilidade de extraterrestres estarem visitando a Terra eram um monte de... (vamos manter isso em um ambiente familiar), um completo absurdo! O que foi que o fez mudar de ideia? Curiosamente, não foi seu encontro com uma sonda alienígena em 2001. Ele deixou isso de lado como um drone de monitoramento de poluição do conselho, embora o primeiro drone comercial só tenha sido usado em 2006. Não, foi o artigo do New York Times revelando que o Pentágono estava conduzindo, e negando a existência, de um programa ultrassecreto de caça a alienígenas tão secreto que teve de mudar a palavra "OVNI" para "UAP" apenas para escapar do estigma criado pela CIA em torno do termo. Esse recurso veio com vídeos confirmados dos mais recentes caças da marinha dos EUA sendo transformados em aviões de papel por veículos com efeito antigravitacional. Veículos que correm a velocidades alucinantes que transformariam pilotos humanos em carne e osso. Desde então, Stephen vem explorando profundamente essa toca do coelho. Agora, em seu primeiro livro de não ficção, ele traz os resultados de sua estranha viagem de exploração, buscando as respostas para perguntas tão reveladoras como... O governo dos EUA (a) perdeu a cabeça ou (b) está realmente tentando fazer engenharia reversa em destroços de naves alienígenas acidentadas? Qual é a conexão entre OVNI's/UAPs e a alta estranheza (portais, fantasmas, Pé Grande)? Considerando que existem entre 100 e 400 bilhões de sistemas estelares em nossa galáxia Via Láctea, onde diabos estão todos os outros? A humanidade é realmente tão única assim? A única espécie que usa máquinas? O que o governo dos EUA sabe que nós não sabemos? As testemunhas e os denunciantes de OVNI's são influenciados pelo entretenimento popular de ficção científica ou nossas empresas de mídia estão lançando pão com bolacha aprovada para OVNI's/alienígenas? Será que essa nova onda de abertura oficial sobre OVNI's sancionada pelos EUA é um prelúdio de algo chocante que está por vir em nosso planeta? Revelações tão improváveis que mudarão a humanidade para sempre? Stephen Hunt examina esse universo fascinante e surpreendente através dos olhos de um autor de ficção científica, traçando os paralelos entre nossas ficções científicas e o que pode ser uma bizarra realidade secreta de fatos científicos reais derivados de alienígenas. \*\*\* SOBRE O AUTOR: Stephen Hunt é o criador da adorada série "Far-called" (Gollancz/Hachette), bem como da série "Jackelian", publicada em todo o mundo pela HarperCollins, ao lado de outros autores de ficção científica, como Isaac Asimov, Arthur C. Clarke, Philip K. Dick e Ray Bradbury. \*\*\* RESENHAS Elogios aos romances de Stephen Hunt: "O Sr. Hunt decola em velocidade de corrida". - THE WALL STREET JOURNAL A imaginação de Hunt é provavelmente visível do espaço. Ele espalha conceitos que outros escritores extrairiam para uma trilogia como se fossem embalagens de barras de chocolate". - TOM HOLT "Todo tipo de extravagância bizarra e fantástica". - JORNAL DIÁRIO Leitura compulsiva para todas as idades. - GUARDIAN "Repleto de invenções". -THE INDEPENDENT Dizer que este livro é repleto de ação é quase um eufemismo... uma maravilhosa história de fuga! - INTERZONE "Hunt encheu a história de artifícios intrigantes... comovente e original. - PUBLISHERS WEEKLY Uma aventura estrondosa no estilo Indiana Jones. -RT BOOK REVIEWS Uma curiosa mistura de parte do futuro. - KIRKUS REVIEWS Um trabalho inventivo e ambicioso, cheio de maravilhas e prodígios. - THE TIMES Hunt sabe do que o seu público gosta e o oferece com uma sagacidade sardônica e uma tensão

cuidadosamente desenvolvida. - TIME OUT "Uma história emocionante... a história avança a passos largos... a inventividade constante mantém o leitor preso... o final é uma sucessão de obstáculos e retornos surpreendentes. Muito divertido. - REVISTA SFX Coloque os cintos de segurança para um frenético encontro de gato e rato... uma história emocionante. - SF REVU

**above top secret the technology behind disclosure: Vreemde Invasies** Stephen Hunt, 2024-10-01 VREEMDE INVASIES: een gids voor wie nieuwsgierig is naar UFO's. Zijn er buitenaardse wezens op bezoek op aarde, op dit moment, terwijl je dit leest? Lange tijd geloofde bestseller sciencefictionauteur Stephen Hunt - net als jij misschien - dat UFO's en de kans dat buitenaardse wezens momenteel de aarde bezoeken een hoop... (laten we dit gezinsvriendelijk houden), complete oude onzin was! Wat heeft hem van gedachten doen veranderen? Interessant genoeg niet zijn ontmoeting met een buitenaardse sonde in 2001. Hij schreef dat af als een drone die vervuiling in de gaten hield - ook al werd de eerste commerciële drone pas in 2006 gebruikt. Nee, het was het artikel in de New York Times dat onthulde dat het Pentagon een topgeheim buitenaards jaagprogramma leidde dat zo geheim was dat het het woord 'UFO' moest veranderen in 'UAP' om te ontsnappen aan het stigma dat de CIA rond de term had gecreëerd. Deze functie werd geleverd met bevestigde video's van de nieuwste straaljagers van de Amerikaanse marine die door antizwaartekrachtvoertuigen op papieren vliegtuigjes lijken. Ze raceten met duizelingwekkende snelheden die menselijke piloten in vlees zouden veranderen. Sindsdien is Stephen diep in dit konijnenhol gedoken. Nu, in zijn allereerste non-fictie boek, brengt hij je de resultaten van zijn vreemde ontdekkingsreis, op zoek naar de antwoorden op zulke eye-opening vragen als ... Heeft de Amerikaanse regering (a) zijn verstand verloren, of (b) proberen ze echt gecrashte buitenaardse vliegtuigwrakken te back-engineeren? Wat is het verband tussen UFO's/UAP's en hoge vreemdheden (portalen, geesten, Bigfoot)? Gezien het feit dat er tussen de 100 en 400 miljard sterrenstelsels in ons Melkwegstelsel zijn, waar is iedereen dan? Is de mensheid echt zo uniek? De enige soort die machines gebruikt? Wat weet de Amerikaanse regering dat wij niet weten? Worden UFO-getuigen en klokkenluiders beïnvloed door populair sciencefictionamusement, of laten onze mediabedrijven goedgekeurde UFO-/buitenaardse broodkruimels vallen? Is deze nieuwe golf van officiële, door de V.S. gesanctioneerde openheid over UFO's een voorbode van iets schokkends dat onze planeet te wachten staat? Openbaringen die zo onwaarschijnlijk zijn dat ze de mensheid voor altijd zullen veranderen? Stephen Hunt onderzoekt dit fascinerende en verbazingwekkende universum door de ogen van een sciencefictionauteur, waarbij hij de parallellen trekt tussen onze sciencefictions en wat wel eens een bizarre geclassificeerde werkelijkheid zou kunnen zijn van echte, van buitenaardsen afkomstige sciencefeiten. \*\*\* OVER DE AUTEUR Stephen Hunt is de schepper van de geliefde 'Far-called' serie (Gollancz/Hachette), evenals de 'Jackelian' serie, wereldwijd uitgegeven via HarperCollins samen met hun andere sciencefiction auteurs, Isaac Asimov, Arthur C. Clarke, Philip K. Dick, en Ray Bradbury. \*\*\* REVIEWS Lof voor de romans van Stephen Hunt: 'Mr. Hunt gaat er in sneltreinvaart vandoor.' - THE WALL STREET JOURNAL Hunt's verbeeldingskracht is waarschijnlijk zichtbaar vanuit de ruimte. Hij strooit met concepten die andere schrijvers zouden ontginnen voor een trilogie als chocoladepapier. - TOM HOLT Allerlei bizarre en fantastische extravagantie. - DAILY MAIL Dwingend leesvoer voor alle leeftijden. - GUARDIAN Bezaaid met vindingrijkheid. -THE INDEPENDENT Om te zeggen dat dit boek boordevol actie zit is bijna een understatement... een heerlijk escapistisch garen! - INTERZONE Hunt heeft het verhaal volgepropt met intrigerende foefjes... aangrijpend en origineel. - UITGEVERS WEEKBLAD Een bloedstollend avontuur in Indiana Jones-stijl. -RT BOEKBESPREKINGEN Een merkwaardige deels-toekomstmix. - KIRKUS RECENSIES Een inventief, ambitieus werk, vol wonderen en wonderen. - THE TIMES Hunt weet wat zijn publiek wil en geeft het met een sardonische humor en zorgvuldig ontwikkelde spanning. - TIME OUT 'Een meeslepend verhaal... het verhaal kabbelt voort... constante inventiviteit houdt de lezer aan de haak... de finale is een knallende opeenvolging van cliffhangers en verrassende comebacks. Geweldig leuk. - SFX MAGAZINE Doe je gordels om voor een hectische kat-en-muis-ontmoeting... een spannend verhaal. - SF REVU

**above top secret the technology behind disclosure: Exempt from Disclosure** Robert M.

Collins, Richard C. Doty, Timothy S. Cooper, 2005

**above top secret the technology behind disclosure: Presentation Zen** Garr Reynolds, 2009-04-15 FOREWORD BY GUY KAWASAKI Presentation designer and internationally acclaimed communications expert Garr Reynolds, creator of the most popular Web site on presentation design and delivery on the Net — presentationzen.com — shares his experience in a provocative mix of illumination, inspiration, education, and guidance that will change the way you think about making presentations with PowerPoint or Keynote. Presentation Zen challenges the conventional wisdom of making slide presentations in today's world and encourages you to think differently and more creatively about the preparation, design, and delivery of your presentations. Garr shares lessons and perspectives that draw upon practical advice from the fields of communication and business. Combining solid principles of design with the tenets of Zen simplicity, this book will help you along the path to simpler, more effective presentations.

**above top secret the technology behind disclosure: Outoja Hyökkäyksiä** Stephen Hunt, 2024-11-10 Outoja Hyökkäyksiä: opas ufoista uteliaille. Vierailevatko avaruusolennot maapallolla juuri nyt, juuri kun luet tätä? Pitkään bestselleriä myynyt tieteiskirjailija Stephen Hunt uskoi - kuten sinäkin saatat uskoa - että ufot ja mahdollisuus, että avaruusolennot kutsuvat tällä hetkellä maapalloa, oli pelkkää hölynpölyä... (pidetään tämä perheystävällisenä), täyttä vanhaa hölynpölyä! Mikä muutti hänen mielensä? Mielenkiintoista kyllä, ei hänen kohtaamisensa avaruusolennon kanssa vuonna 2001. Hän kirjasi sen pois neuvoston saasteiden valvontaan tarkoitetuksi lennokiksi - vaikka ensimmäistä kaupallista lennokkia käytettiin vasta vuonna 2006. Ei, vaan New York Timesin artikkeli, jossa paljastettiin, että Pentagon oli pyörittänyt huippusalaista avaruusolioiden metsästysohjelmaa ja kieltänyt sen olemassaolon, joka oli niin salainen, että sen oli muutettava sana "UFO" sanaksi "UAP", jotta välttyttäisiin CIA:n termille luomalta leimalta. Tämä ominaisuus tuli vahvistettujen videoiden mukana, joissa Yhdysvaltain laivaston uusimmat hävittäjät on tehty painovoiman vastaisten ajoneuvojen avulla paperilentokoneiden näköisiksi. Alukset hurjastelevat mielettömällä nopeuksilla, jotka tekisivät ihmislentäjistä lihamassan. Sen jälkeen Stephen on tutkinut syvälle tähän kaninkoloon. Nyt, ensimmäisessä tietokirjassaan, hän esittelee teille oudon tutkimusmatkansa tulokset etsien vastauksia muun muassa seuraaviin silmiä avaaviin kysymyksiin... Onko Yhdysvaltain hallitus a) menettänyt järkensä, vai b) yrittävätkö he todella takakoneistaa pudonneiden avaruusalusten hylyjä? Mikä yhteys on ufojen/UAP:ien ja korkean kummallisuuden (portaalit, aaveet, Isojalka) välillä? Kun otetaan huomioon, että Linnunratagalaksissamme on 100-400 miljardia tähtijärjestelmää, missä ihmeessä kaikki muut ovat? Onko ihmiskunta todella niin ainutlaatuinen? Ainoa koneita käyttävä laji? Mitä Yhdysvaltain hallitus tietää, mitä me emme tiedä? Vaikuttavatko suositut scifi-viihdeohjelmat ufodistajiin ja ilmiöntajiin, vai pudottavatko mediayhtiömme hyväksytyjä ufo-/alieni-leipämuroja? Onko tämä Yhdysvaltojen hyväksymän virallisen ufo-avoimuuden uusi aalto alkusoittoa jollekin järkyttävälle tapahtumalle, joka on tulossa planeetallemme? Paljastuksia, jotka ovat niin epätodennäköisiä, että ne muuttavat ihmiskunnan ikuisesti? Stephen Hunt tarkastelee tätä kiehtovaa ja hämmästyttävää maailmankaikkeutta tieteiskirjailijan silmin ja vetää yhtäläisyyksiä tieteiskuvituksiemme ja sen välillä, mikä saattaa olla todellisten avaruusolennoista peräisin olevien sci-faktien outo, salainen todellisuus. \*\*\* KIRJAILIJASTA Stephen Hunt on luonut rakastetun Far-called-sarjan (Gollancz/Hachette) sekä Jackelian-sarjan, joita julkaistaan maailmanlaajuisesti HarperCollinsin kautta yhdessä muiden scifi-kirjailijoidensa, Isaac Asimovin, Arthur C. Clarken, Philip K. Dickin ja Ray Bradburyn kanssa. \*\*\* ARVOSTELUT Kehuja Stephen Huntin romaaneista: "Herra Hunt lähtee vauhdilla liikkeelle. - WALL STREET JOURNAL 'Huntin mielikuviutus näkyy luultavasti avaruudesta käsin. Hän hajottaa käsitteitä, joita muut kirjailijat louhisivat trilogiaan kuin suklaapatukan kääreitä. - TOM HOLT 'Kaikenlaista outoa ja fantastista ylellisyyttä.' - DAILY MAIL "Pakottavaa luettavaa kaikenikäisille. - GUARDIAN "Kekseliäisyyttä täynnä. -THE INDEPENDENT 'On melkein vähättelyä sanoa, että tämä kirja on toiminnantäyteinen... ihana pakoilulanka!' - INTERZONE 'Hunt on pakannut tarinan täyteen kiehtovia kikkoja... vaikuttavaa ja omaperäistä. - PUBLISHERS WEEKLY 'Hurja Indiana Jones -tyylinen seikkailu.' -RT BOOK REVIEWS 'Kummallinen osittain tulevaisuuteen sijoittuva sekoitus.' -

KIRKUS REVIEWS 'Kekseliäs, kunnianhimoinen teos, täynnä ihmeitä ja ihmeellisyyksiä.' - THE TIMES 'Hunt tietää, mistä yleisönsä pitää, ja antaa sen heille sardonisella nokkeluudella ja huolella kehitetyllä jännitteellä. - TIME OUT 'Repivä lanka ... tarina etenee vauhdilla ... jatkuva kekseliäisyys pitää lukijan koukussa ... loppuratkaisu on huikea sarja cliffhangereita ja yllätyksellisiä comebackeja. Suurenmoista hupia. - SFX MAGAZINE 'Laita turvavyöt kiinni, sillä luvassa on kiihkeä kissa ja hiiri -kohtaaminen... jännittävä tarina. - SF REVU

**above top secret the technology behind disclosure:** Merkelige Invasjoner Stephen Hunt, 2024-10-01 Merkelige Invasjoner: en guide for de som er nysgjerrige på UFOer. Besøker romvesener jorden akkurat nå, mens du leser dette? I lang tid trodde den bestselgende science fiction-forfatteren Stephen Hunt - som du kanskje også gjør - at UFOer og sjansen for at utenomjordiske nå besøker jorden var en masse ... (la oss holde dette familievennlig), fullstendig gammelt tull! Hva var det som fikk ham til å skifte mening? Interessant nok ikke hans møte med en utenomjordisk sonde i 2001. Det avskrev han som en drone som overvåket forurensning - selv om den første kommersielle dronen ikke ble tatt i bruk før i 2006. Nei, det var New York Times' artikkel som avslørte at Pentagon hadde drevet, og benektet eksistensen av, et topphemmelig program for å jakte på romvesener som var så hemmelig at de måtte endre ordet «UFO» til «UAP» for å unngå stigmaet CIA hadde skapt rundt begrepet. Dette innslaget kom med bekreftede videoer av de nyeste jagerflyene fra den amerikanske marinen som ble fått til å se ut som papirfly av kjøretøy med antityngdekraftseffekt. Fartøyer som flyr i en svimlende hastighet som ville forvandlet menneskelige piloter til kjøttpudding. Siden den gang har Stephen utforsket dette kaninhullet. Nå, i sin aller første fagbok, gir han deg resultatene av sin merkelige oppdagelsesreise, der han søker svar på øyeåpnende spørsmål som... Har den amerikanske regjeringen (a) gått fra vettet, eller (b) prøver de virkelig å bakkonstruere vrakrester fra krasjede romskip? Hva er sammenhengen mellom UFOer/UAPer og høyfrekvente fenomener (portaler, spøkelser, Bigfoot)? Gitt at det finnes mellom 100 og 400 milliarder stjernesystemer i Melkeveigalaksen, hvor pokker er alle de andre? Er menneskeheten virkelig så unik? Den eneste arten som bruker maskiner? Hva vet den amerikanske regjeringen som vi ikke vet? Er UFO-vitner og varslere påvirket av populær science fiction-underholdning, eller er det medieselskapene våre som slipper godkjent UFO/alien-brødsmuler? Er denne nye bølgen av offisiell UFO-åpenhet fra USAs side et forspill til noe sjokkerende som kommer til å skje på vår planet? Avsløringer som er så usannsynlige at de vil forandre menneskeheten for alltid? Stephen Hunt undersøker dette fascinerende og forbløffende universet gjennom øynene til en science fiction-forfatter, og trekker paralleller mellom våre sci-fictions og det som kan være en bisarr, hemmeligstemplett virkelighet av faktiske sci-facts som stammer fra romvesener. \*\*\* OM FORFATTEREN Stephen Hunt er skaperen av den høyt elskede «Far-called»-serien (Gollancz/Hachette), samt «Jackelian»-serien, som utgis over hele verden via HarperCollins sammen med deres andre science fiction-forfattere, Isaac Asimov, Arthur C. Clarke, Philip K. Dick og Ray Bradbury. \*\*\* ANMELDELSER Lovord om Stephen Hunts romaner: «Mr. Hunt tar av i racerfart». - THE WALL STREET JOURNAL «Hunts fantasi er sannsynligvis synlig fra verdensrommet. Han sprer konsepter som andre forfattere ville ha utvunnet til en trilogi som sjokoladepapir». - TOM HOLT «Alle slags bisarre og fantastiske ekstravaganser». - DAILY MAIL «Tvangslesning for alle aldre». - GUARDIAN «Full av oppfinnsomhet». -THE INDEPENDENT «Å si at denne boken er actionfylt, er nesten en underdrivelse ... en herlig eskapistisk fortelling!» - INTERZONE «Hunt har pakket historien full av spennende gimmicker ... rørende og original». - PUBLISHERS WEEKLY «Et forrykende eventyr i Indiana Jones-stil». -RT BOOK REVIEWS «En nysgjerrig blanding av delvis fremtid». - KIRKUS ANMELDELSER «Et oppfinnsomt og ambisiøst verk, fullt av undere og forundringer». - THE TIMES «Hunt vet hva publikum liker, og gir dem det med en sardonisk humor og nøye utviklet spenning». - TIME OUT «En forrykende fortelling ... historien buldrer av gårde ... konstant oppfinnsomhet holder leseren hektet ... finalen er en forrykende rekke av cliffhangere og overraskende comebacks. Kjempegøy». - SFX MAGASIN «Spenn på deg sikkerhetsbeltet for et frenetisk katt og mus-møte ... en spennende fortelling». - SF REVU

**above top secret the technology behind disclosure: The Hunt for Zero Point** Nick Cook,

2007-12-18 This riveting work of investigative reporting and history exposes classified government projects to build gravity-defying aircraft--which have an uncanny resemblance to flying saucers. The atomic bomb was not the only project to occupy government scientists in the 1940s. Antigravity technology, originally spearheaded by scientists in Nazi Germany, was another high priority, one that still may be in effect today. Now for the first time, a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the A-bomb. The Hunt for Zero Point explores the scientific speculation that a zero point of gravity exists in the universe and can be replicated here on Earth. The pressure to be the first nation to harness gravity is immense, as it means having the ability to build military planes of unlimited speed and range, along with the most deadly weaponry the world has ever seen. The ideal shape for a gravity-defying vehicle happens to be a perfect disk, making antigravity tests a possible explanation for the numerous UFO sightings of the past 50 years. Chronicling the origins of antigravity research in the world's most advanced research facility, which was operated by the Third Reich during World War II, The Hunt for Zero Point traces U.S. involvement in the project, beginning with the recruitment of former Nazi scientists after the war. Drawn from interviews with those involved with the research and who visited labs in Europe and the United States, The Hunt for Zero Point journeys to the heart of the twentieth century's most puzzling unexplained phenomena.

**above top secret the technology behind disclosure: *Seltsame Übergriffe*** Stephen Hunt, 2024-10-01 „Strange Incursions: ein Leitfaden für alle, die sich für UFOs interessieren. Sind Außerirdische gerade jetzt auf der Erde zu Besuch, während Sie dies lesen? Der langjährige Bestseller-Science-Fiction-Autor Stephen Hunt glaubte – wie Sie vielleicht auch – lange Zeit, dass UFOs und die Möglichkeit, dass Außerirdische die Erde besuchen, ein Haufen ... (bleiben wir bei diesem familienfreundlichen Thema) völliger Unsinn sind! Was hat seine Meinung geändert? Interessanterweise nicht seine Begegnung mit einer außerirdischen Sonde im Jahr 2001. Er schrieb sie als Drohne zur Überwachung der Luftverschmutzung durch die Stadtverwaltung ab – obwohl die erste kommerzielle Drohne erst 2006 zum Einsatz kam. Nein, es war der Artikel der New York Times, in dem enthüllt wurde, dass das Pentagon ein streng geheimes Programm zur Jagd auf Außerirdische durchgeführt und dessen Existenz geleugnet hatte. Dieses Programm war so geheim, dass das Wort „UFO“ in „UAP“ geändert werden musste, um dem Stigma zu entgehen, das die CIA mit dem Begriff verbunden hatte. Dieser Artikel enthielt bestätigte Videos, in denen die neuesten Kampffjets der US-Marine von Antischwerkraft-Fahrzeugen wie Papierflieger aussehen gelassen wurden. Fluggeräte, die mit irrsinnigen Geschwindigkeiten rasen und menschliche Piloten zu Fleischpaste verarbeiten würden. Seitdem hat Stephen diesen Kaninchenbau bis in die Tiefe erforscht. In seinem allerersten Sachbuch präsentiert er nun die Ergebnisse seiner seltsamen Entdeckungsreise, auf der er Antworten auf Fragen suchte, die einem die Augen öffnen, wie z. B. Hat die US-Regierung (a) den Verstand verloren oder (b) versucht sie wirklich, abgestürzte außerirdische Raumschiffe zu rekonstruieren? Was ist die Verbindung zwischen UFOs/UAPs und High Strangeness (Portale, Geister, Bigfoot)? Da es in unserer Milchstraße zwischen 100 und 400 Milliarden Sternensysteme gibt, wo zum Teufel sind dann all die anderen? Ist die Menschheit wirklich so einzigartig? Die einzige Spezies, die Maschinen benutzt? Was weiß die US-Regierung, was wir nicht wissen? Werden UFO-Zeugen und Whistleblower von populärer Science-Fiction-Unterhaltung beeinflusst, oder streuen unsere Medienunternehmen absichtlich UFO-/Alien-Hinweise? Ist diese neue Welle der offiziellen, von den USA gebilligten UFO-Offenheit ein Vorspiel für etwas Schockierendes, das auf unseren Planeten zukommt? Enthüllungen, die so unwahrscheinlich sind, dass sie die Menschheit für immer verändern werden? Stephen Hunt untersucht dieses faszinierende und erstaunliche Universum mit den Augen eines Science-Fiction-Autors und zieht Parallelen zwischen unseren Science-Fiction-Geschichten und dem, was eine bizarre, geheime Realität tatsächlicher, von Außerirdischen stammender Science-Facts sein könnte. \*\*\* ÜBER DEN AUTOR: Stephen Hunt ist der Schöpfer der beliebten „Far-called“-Reihe (Gollancz/Hachette) sowie der „Jackelian“-Reihe, die weltweit über HarperCollins zusammen mit den

anderen Science-Fiction-Autoren des Verlags, Isaac Asimov, Arthur C. Clarke, Philip K. Dick und Ray Bradbury, veröffentlicht wird. \*\*\* BEWERTUNGEN Lob für Stephen Hunts Romane: „Mr. Hunt hebt rasant ab.“ - THE WALL STREET JOURNAL „Hunts Vorstellungskraft ist wahrscheinlich vom Weltraum aus sichtbar. Er streut Konzepte, die andere Autoren für eine Trilogie wie Schokoladenriegel-Verpackungen abbauen würden.“ - TOM HOLT „Alle Arten von bizarrer und fantastischer Extravaganz.“ - DAILY MAIL „Ein Muss für alle Altersgruppen.“ - GUARDIAN „Voller Erfindungsreichtum.“ - THE INDEPENDENT „Zu sagen, dieses Buch sei voller Action, ist fast eine Untertreibung ... ein wunderbares Eskapismus-Werk!“ - INTERZONE „Hunt hat die Geschichte mit faszinierenden Spielereien gefüllt ... bewegend und originell.“ - PUBLISHERS WEEKLY „Ein Abenteuer im Stil von Indiana Jones.“ - RT BOOK REVIEWS „Eine merkwürdige Mischung aus Zukunft und Vergangenheit.“ - KIRKUS REVIEWS „Ein einfallsreiches, ehrgeiziges Werk, voller Wunder und Staunen.“ - THE TIMES „Hunt weiß, was sein Publikum mag, und bietet es ihm mit sarkastischem Witz und sorgfältig aufgebauten Spannung.“ - TIME OUT „Ein spannender Roman ... die Geschichte nimmt Fahrt auf ... der ständige Erfindungsreichtum fesselt den Leser ... das Finale ist eine atemberaubende Abfolge von Cliffhangern und überraschenden Comebacks. Ein Riesenspaß.“ - SFX MAGAZINE „Schnallen Sie sich an für eine rasante Katz-und-Maus-Begegnung ... eine spannende Geschichte.“ - SF REVU

**above top secret the technology behind disclosure: Garip Olaylar** Stephen Hunt, 2024-10-01 Siz bu satırları okurken bile uzaylılar Dünya'yı ziyaret ediyor olabilir mi? Çok satan bilim kurgu yazarı Stephen Hunt uzun bir süre boyunca - sizin de inanabileceğiniz gibi - UFO'ların ve dünya dışı varlıkların şu anda Dünya'yı ziyaret etme ihtimalinin bir sürü... (bunu aile dostu tutalım), tamamen eski bir saçmalık! Fikrini değiştiren neydi? İlginçtir ki, 2001 yılında bir uzaylı sondasıyla karşılaşması değil. İlk ticari insansız hava aracı 2006 yılına kadar kullanılmamış olsa da, bunu bir konsey kirlilik izleme dronu olarak yazdı. Hayır, New York Times'ın Pentagon'un çok gizli bir uzaylı avlama programı yürüttüğünü ve bu programın varlığını inkar ettiğini ortaya koyan makalesi, CIA'nın bu terim etrafında yarattığı damgadan kurtulmak için 'UFO' kelimesini 'UAP' olarak değiştirmek zorunda kalmıştı. Bu özellik, en son ABD donanması savaş uçaklarının yerçekimine karşı etkili araçlar tarafından kağıttan uçaklara benzetildiğini gösteren doğrulanmış videolarla birlikte geldi. İnsan pilotları et hamuruna dönüştürecek akıl almaz hızlarda yarışan araçlar. O zamandan beri Stephen bu tavşan deliğinin derinliklerini araştırıyor. Şimdi, kurgusal olmayan ilk kitabında, aşağıdaki gibi göz açıcı soruların yanıtlarını arayarak yaptığı garip keşif yolculuğunun sonuçlarını size sunuyor... ABD hükümeti (a) aklını mı kaçırdı, yoksa (b) gerçekten düşen uzaylı gemisi enkazını geri mühendisliğe mi tabi tutmaya çalışıyor? UFO'lar/UAP'ler ile yüksek gariplikler (portallar, hayaletler, Koca Ayak) arasındaki bağlantı nedir? Samanyolu Galaksimizde 100 ila 400 milyar yıldız sistemi olduğu düşünülürse, diğer herkes hangi cehennemde? İnsanlık gerçekten bu kadar eşsiz mi? Makine kullanan tek tür mü? ABD hükümeti bizim bilmediğimiz ne biliyor? UFO tanıkları ve ihbarcılar popüler bilim kurgu eğlencelerinden mi etkileniyor, yoksa medya şirketlerimiz onaylanmış UFO/uzaylı kırıntıları mı bırakıyor? ABD'nin onayladığı bu yeni resmi UFO açıklığı dalgası gezegenimize doğru gelen şok edici bir şeyin başlangıcı mı? İnsanlığı sonsuza dek değiştirecek kadar imkânsız vahiyler mi? Stephen Hunt, bu büyüleyici ve şaşırtıcı evreni bir bilimkurgu yazarının gözünden inceliyor ve bilimkurgularımız ile uzaylı kaynaklı gerçek bilimkurguların tuhaf gizli gerçekliği arasındaki paralellikleri çiziyor. \*\*\* YAZAR HAKKINDA Stephen Hunt, çok sevilen “Far-called” serisinin (Gollancz/Hachette) ve HarperCollins'in diğer bilimkurgu yazarları Isaac Asimov, Arthur C. Clarke, Philip K. Dick ve Ray Bradbury ile birlikte dünya çapında yayınladığı “Jackelian” serisinin yaratıcısıdır. \*\*\* İNCELEMELER Stephen Hunt'ın romanları için övgüler: “Bay Hunt yarış hızında ilerliyor. - WALL STREET JOURNAL 'Hunt'ın hayal gücü muhtemelen uzaydan görülebiliyor. Başka yazarların bir üçleme için çıkaracağı kavramları çikolata paketleri gibi etrafa saçıyor. - TOM HOLT “Her türden tuhaf ve fantastik savurganlık. - DAILY MAIL “Her yaş için okumaya değer. - GUARDIAN “Buluşlarla dolu. -THE INDEPENDENT “Bu kitabın aksiyon dolu olduğunu söylemek neredeyse yetersiz kalır... harika bir kaçış hikayesi! - INTERZONE “Hunt hikâyeyi ilgi çekici numaralarla doldurmuş... Etkileyici ve orijinal. - PUBLISHERS WEEKLY “Indiana

Jones tarzı sürükleyici bir macera. -RT BOOK REVIEWS “İlginç bir yarı-gelecek karışımı. - KIRKUS YORUMLAR “Yaratıcı, hırslı, harikalar ve mucizelerle dolu bir eser. - THE TIMES “Hunt seyircisinin neyi sevdiğini biliyor ve bunu onlara alaycı bir zekâ ve dikkatle geliştirilmiş bir gerilimle veriyor. - TIME OUT “Sürükleyici bir hikâye... hikâye akıp gidiyor... sürekli yaratıcılık okuyucuyu kendine bağlıyor... finalde ise uçurumlar ve sürpriz geri dönüşler birbirini izliyor. Çok eğlenceli. - SFX MAGAZINE “Çılgın bir kedi-fare karşılaşması için kemerlerinizi bağlayın... heyecan verici bir hikâye. - SF REVU

**above top secret the technology behind disclosure: Aliens in America** William J Birnes, 2010-08-18 You don't have to be an avid hunter to enjoy the many UFO hotspots in the United States. Nor do you have to have any special clearance to pull your car up along the Alien Highway outside of Area 51 to watch the UFOs dance in the nighttime sky. Enthusiasts and vacationers looking for out-of-the-ordinary excursions just need this unique user's guide to the most historic UFO hotspots around. Inside is classified information from across the nation, such as: The Hudson Valley Triangle—New York The Kokomo Lights—Indiana The Great Lakes UFOs—Michigan The Maury Island Incident—Washington The Gulf Breeze Sightings—Florida Whether they're driving, camping, or flying, this book is the only guide readers will need to learn the story behind the hotspot, find the best hotel or campsite—and catch a glimpse of our friends in the sky.

**above top secret the technology behind disclosure: Strane Incursioni** Stephen Hunt, 2024-10-01 Strane Incursioni: una guida per i curiosi degli UFO. Gli alieni stanno visitando la Terra, proprio ora, mentre state leggendo questo articolo? Per molto tempo, l'autore di bestseller di fantascienza Stephen Hunt ha creduto - come forse anche voi - che gli UFO e la possibilità che gli extraterrestri stiano attualmente facendo visita alla Terra fossero un mucchio di... (manteniamo il discorso adatto alle famiglie), vecchie sciocchezze! (manteniamo il linguaggio familiare), un mucchio di vecchie sciocchezze! Che cosa gli ha fatto cambiare idea? È interessante notare che non è stato l'incontro con una sonda aliena nel 2001. L'ha considerato un drone per il monitoraggio dell'inquinamento, anche se il primo drone commerciale è stato utilizzato solo nel 2006. No, è stato l'articolo del New York Times che ha rivelato che il Pentagono ha gestito, e negato l'esistenza, di un programma top-secret di caccia agli alieni così segreto che ha dovuto cambiare la parola “UFO” in “UAP” solo per sfuggire allo stigma creato dalla CIA intorno al termine. Questo servizio è stato accompagnato da video confermati dei più recenti jet da combattimento della Marina degli Stati Uniti, resi simili ad aerei di carta da veicoli ad effetto antigravitazionale. I veicoli sfrecciano a velocità strabilianti che trasformerebbero i piloti umani in poltiglia. Da allora, Stephen ha esplorato a fondo questa tana del coniglio. Ora, nel suo primo libro di saggistica, vi presenta i risultati del suo strano viaggio di esplorazione, alla ricerca di risposte a domande che aprono gli occhi come... Il governo degli Stati Uniti ha (a) perso la testa o (b) sta davvero cercando di modificare i rottami delle navicelle aliene precipitate? Qual è il legame tra gli UFO/UAP e l'alta stranezza (portali, fantasmi, Bigfoot)? Dato che nella nostra Via Lattea ci sono tra i 100 e i 400 miliardi di sistemi stellari, dove diavolo sono tutti gli altri? L'umanità è davvero così unica? È l'unica specie che usa le macchine? Cosa sa il governo degli Stati Uniti che noi non sappiamo? I testimoni e gli informatori di UFO sono influenzati dall'intrattenimento popolare di fantascienza, o le nostre società mediatiche stanno rilasciando briciole di UFO/alieni approvate? Questa nuova ondata di apertura ufficiale agli UFO, autorizzata dagli Stati Uniti, è il preludio di qualcosa di sconvolgente in arrivo sul nostro pianeta? Rivelazioni così improbabili che cambieranno l'umanità per sempre? Stephen Hunt esamina questo universo affascinante e sorprendente attraverso gli occhi di un autore di fantascienza, tracciando i paralleli tra le nostre fantasie scientifiche e quella che potrebbe essere una bizzarra realtà classificata di veri e propri fatti scientifici di origine aliena. \*\*\* SULL'AUTORE Stephen Hunt è il creatore dell'amatissima serie “Far-called” (Gollancz/Hachette) e della serie “Jackelian”, pubblicata in tutto il mondo da HarperCollins insieme ad altri autori di fantascienza, Isaac Asimov, Arthur C. Clarke, Philip K. Dick e Ray Bradbury. \*\*\* RECENSIONI Elogi per i romanzi di Stephen Hunt: «Il signor Hunt decolla a velocità da corsa». - IL WALL STREET JOURNAL «L'immaginazione di Hunt è probabilmente visibile dallo spazio. Sparge concetti che altri scrittori estrarrebbero per una trilogia

come involucry di barrette di cioccolato». - TOM HOLT «Ogni sorta di bizzarra e fantastica stravaganza». - GIORNALISTA «Una lettura irresistibile per tutte le età». - GUARDIANA «Costellato di invenzioni.» - L'INDIPENDENTE «Dire che questo libro è pieno di azione è quasi un eufemismo... un meraviglioso racconto di evasione!» - INTERZONE «Hunt ha riempito la storia di espedienti intriganti... coinvolgente e originale». - PUBLISHERS WEEKLY «Un'avventura rocambolesca in stile Indiana Jones». - RECENSIONI DEI LIBRI DI RT «Un curioso mix di futuro e parte di esso». - RECENSIONI KIRKUS «Un'opera inventiva e ambiziosa, piena di meraviglie e di stupori». - IL TEMPO «Hunt sa cosa piace al suo pubblico e glielo dà con un'arguzia sardonica e una tensione sviluppata con cura». - TIME OUT «Un racconto avvincente... la storia procede spedita... l'inventiva costante tiene il lettore incollato... il finale è un susseguirsi di cliffhanger e ritorni a sorpresa. Divertentissimo». - SFX MAGAZINE «Allacciate le cinture di sicurezza per un frenetico incontro tra gatto e topo... un racconto emozionante». - SF REVU

**above top secret the technology behind disclosure: Dziwne Wtargnięcia** Stephen Hunt, 2024-11-10 Dziwne Wtargnięcia: przewodnik dla tych, którzy są ciekawi UFO. Czy kosmici odwiedzają Ziemię właśnie teraz, gdy to czytasz? Przez długi czas bestsellerowy autor science fiction Stephen Hunt uważał - podobnie jak ty - że UFO i szansa, że istoty pozaziemskie wzywają obecnie Ziemię, to stek... (niech to będzie przyjazne rodzinie) bzdur. (niech to pozostanie przyjazne rodzinie), kompletnych starych bzdur! Co sprawiło, że zmienił zdanie? Co ciekawe, nie jego spotkanie z obcą sondą w 2001 roku. Odpisał, że był to dron monitorujący zanieczyszczenie środowiska - mimo że pierwszy komercyjny dron został użyty dopiero w 2006 roku. Nie, był to artykuł New York Timesa ujawniający, że Pentagon prowadził i zaprzeczał istnieniu ściśle tajnego programu polowania na kosmitów, tak tajnego, że musiał zmienić słowo „UFO” na „UAP”, aby uniknąć piętna stworzonego przez CIA wokół tego terminu. Ta funkcja pojawiła się wraz z potwierdzonymi filmami przedstawiającymi najnowsze myśliwce marynarki wojennej USA, które wyglądają jak papierowe samoloty dzięki pojazdom z efektem antygravitacyjnym. Pędzące z oszałamiającymi prędkościami, które zamieniłyby ludzkich pilotów w pastę mięsną. Od tego czasu Stephen zagłębia się w tę króliczą norę. Teraz, w swojej pierwszej książce non-fiction, przedstawia wyniki swojej dziwnej podróży badawczej, szukając odpowiedzi na takie otwierające oczy pytania, jak... Czy rząd Stanów Zjednoczonych (a) postradał zmysły, czy (b) naprawdę próbuje ukryć wraki rozbitych obcych statków? Jaki jest związek między UFO/UAP a wysoką dziwnością (portale, duchy, Wielka Stopa)? Biorąc pod uwagę, że w naszej Galaktyce Drogi Mlecznej znajduje się od 100 do 400 miliardów systemów gwiazdnych, gdzie do cholery są wszyscy inni? Czy ludzkość jest naprawdę tak wyjątkowa? Czy jest jedynym gatunkiem wykorzystującym maszyny? Co wie rząd Stanów Zjednoczonych, czego my nie wiemy? Czy świadkowie UFO i sygnaliści są pod wpływem popularnej rozrywki science fiction, czy też nasze firmy medialne podrzucają zatwierdzone okruchy chleba UFO / kosmitów? Czy ta nowa fala oficjalnej, usankcjonowanej przez USA otwartości na UFO jest preludium do czegoś szokującego, co nadejdzie na naszej planecie? Objawień tak nieprawdopodobnych, że na zawsze zmienią ludzkość? Stephen Hunt bada ten fascynujący i zdumiewający wszechświat oczami autora science fiction, rysując podobieństwa między naszymi fikcjami naukowymi, a tym, co może być dziwną sklasyfikowaną rzeczywistością rzeczywistych faktów naukowych pochodzących od kosmitów. \*\*\* O AUTORZE Stephen Hunt jest twórcą uлюбianej serii „Far-called” (Gollancz/Hachette), a także serii „Jackelian”, publikowanej na całym świecie przez HarperCollins wraz z innymi autorami science fiction, Isaakiem Asimovem, Arthurem C. Clarke'em, Philipem K. Dickiem i Rayem Bradbury. \*\*\* RECENZJE Pochwały dla powieści Stephena Hunta: „Pan Hunt startuje z prędkością wyścigową”. - THE WALL STREET JOURNAL „Wyobraźnia Hunta jest prawdopodobnie widoczna z kosmosu. Rozrzuca koncepcje, które inni pisarze wydobyliby na potrzeby trylogii jak opakowania po batonikach czekoladowych”. - TOM HOLT „Wszelkiego rodzaju dziwna i fantastyczna ekstrawagancja”. - DAILY MAIL „Kompulsywna lektura dla wszystkich grup wiekowych”. - GUARDIAN „Pełna inwencji. -THE INDEPENDENT „Powiedzieć, że ta książka jest pełna akcji, to prawie niedopowiedzenie... wspaniała eskapistyczna przedza! - INTERZONE „Hunt zapakował historię pełną intrygujących sztuczek... poruszających i oryginalnych”. - PUBLISHERS

WEEKLY „Rycząca przygoda w stylu Indiany Jonesa”. -RT BOOK REVIEWS „Ciekawa mieszanka części przyszłości. - KIRKUS REVIEWS „Pomysłowe, ambitne dzieło, pełne cudów i dziwów”. - THE TIMES „Hunt wie, co lubią jego widzowie i daje im to z sardonicznym dowcipem i starannie rozwiniętym napięciem”. - TIME OUT „Pędząca przęda... historia pędzi naprzód... ciągła pomysłowość utrzymuje czytelnika w napięciu... finał to niesamowita seria cliffhangerów i zaskakujących powrotów. Świetna zabawa. - SFX MAGAZINE „Zapnijcie pasy na szalone spotkanie kotka i myszki... ekscytująca opowieść”. - SF REVU

**above top secret the technology behind disclosure:** *Crop Circles Revealed* Judith Moore, Barbara Lamb, 2001 Through both examination of the crop circles and channeled investigation, *Crop Circles Revealed* explores a new understanding, to help the people of the world and our mother planet survive the new millenium. Scientific formulas of light and sound and the wisdom found in the mythologies of the ages are brought together in this up-to-the-minute 2001 edition.

**above top secret the technology behind disclosure:** Musings of an Old Soul Don Anderson, 2010-10-08 These events I have written about are musings of an old soul from a perspective outside most individualâ€™s human box. I have written about these musings looking at them from a cosmic perspective for this is how I view things. Perhaps you may find some common ground? Perhaps you may scoff at the possibilities and think it is all too much? Keep an open mind. Reality is as the being who experiences it. Regardless of whether or not you believe anotherâ€™s reality, it is still a reality to them.

**above top secret the technology behind disclosure:** Mærkelige Indtrængen Stephen Hunt, 2024-10-01 Mærkelige Indtrængen: en guide til dem, der er nysgerrige på UFO'er. Besøger rumvæsner Jorden lige nu, mens du læser dette? I lang tid troede den bedst sælgende science fiction-forfatter Stephen Hunt - ligesom du måske gør - at ufoer og chancen for, at rumvæsner i øjeblikket besøger Jorden, var en masse ... (lad os holde det familievenligt), komplet gammelt nonsens! Hvad var det, der fik ham til at skifte mening? Interessant nok ikke hans møde med en rumsonde i 2001. Det afskrev han som en drone, der overvågede forurening - selv om den første kommercielle drone først blev taget i brug i 2006. Nej, det var New York Times' artikel, der afslørede, at Pentagon havde kørt og benægtet eksistensen af et tophemmeligt alien-jagtprogram, der var så hemmeligt, at man var nødt til at ændre ordet 'UFO' til 'UAP' bare for at undgå det stigma, som CIA havde skabt omkring begrebet. Dette indslag kom med bekræftede videoer af de nyeste jagerfly fra den amerikanske flåde, der blev fremstillet som papirfly af køretøjer med antityngdekraftseffekt. Fartøjer, der flyver med ufattelige hastigheder, som ville forvandle menneskelige piloter til kødpølse. Siden da har Stephen været på opdagelse dybt nede i dette kaninhul. Nu, i sin allerførste faglitterære bog, giver han dig resultaterne af sin mærkelige opdagelsesrejse, hvor han søger svar på øjenåbnende spørgsmål som... Har den amerikanske regering (a) mistet forstanden, eller (b) forsøger de virkelig at lave baglæns konstruktion af vragele fra nedstyrtede rumfartøjer? Hvad er forbindelsen mellem UFO'er/UAP'er og høj fremmedhed (portaler, spørgsmål, Bigfoot)? I betragtning af at der er mellem 100 og 400 milliarder stjernesystemer i vores Mælkevejsgalakse, hvor pokker er så alle de andre? Er menneskeheden virkelig så unik? Den eneste art, der bruger maskiner? Hvad ved den amerikanske regering, som vi ikke ved? Bliver ufo-vidner og whistleblowere påvirket af populær science fiction-underholdning, eller er det vores medievirksomheder, der dropper godkendt ufo/alien-brødkrumme? Er denne nye bølge af officiel, USA-sanktioneret ufo-åbenhed en optakt til noget chokerende, der er på vej til vores planet? Afsløringer så usandsynlige, at de vil ændre menneskeheden for altid? Stephen Hunt undersøger dette fascinerende og forbløffende univers med en science fiction-forfatters øjne og drager paralleller mellem vores sci-fiction og det, der måske er en bizar klassificeret virkelighed med faktiske sci-facts, der stammer fra rumvæsner. \*\*\* OM FORFATTEREN Stephen Hunt er skaberen af den meget elskede 'Far-called'-serie (Gollancz/Hachette) samt 'Jackelian'-serien, der udgives over hele verden via HarperCollins sammen med deres andre science fiction-forfattere, Isaac Asimov, Arthur C. Clarke, Philip K. Dick og Ray Bradbury. \*\*\* ANMELDELSER Ros til Stephen Hunts romaner: »Mr. Hunt tager af sted med racerfart. - THE WALL STREET JOURNAL »Hunts

fantasi er sandsynligvis synlig fra rummet. Han spreder koncepter, som andre forfattere ville udvinde til en trilogi, som chokoladepapir. - TOM HOLT »Alle former for bizar og fantastisk ekstravagance. - DAILY MAIL »Tvangslæsning for alle aldre. - GUARDIAN »Spækket med opfindsomhed. - THE INDEPENDENT »At sige, at denne bog er actionfyldt, er næsten en underdrivelse ... en vidunderlig eskapistisk fortælling! - INTERZONE »Hunt har pakket historien fuld af spændende gimmicks ... rørende og original. - PUBLISHERS WEEKLY »Et hæsblæsende eventyr i Indiana Jones-stil. - RT BOGANMELDELSER »En nysgerrig blanding af del-fremtid. - KIRKUS ANMELDELSER »Et opfindsomt, ambitiøst værk, fuld af vidundere og forunderligheder. - THE TIMES »Hunt ved, hvad hans publikum kan lide, og giver dem det med en sardonisk humor og en omhyggeligt udviklet spænding. - TIME OUT »En hæsblæsende fortælling ... historien buldrer af sted ... konstant opfindsomhed holder læseren fanget ... finalen er en forrygende række af cliffhangers og overraskende comebacks. Fantastisk sjov. - SFX MAGASIN »Spænd sikkerhedsbæltet til en hektisk omgang katten efter musen ... en spændende fortælling. - SF REVU

**above top secret the technology behind disclosure: Incursiones Extrañas** Stephen Hunt, 2024-10-01 ¿Están visitando la Tierra los extraterrestres, ahora mismo, mientras usted lee esto? Durante mucho tiempo, Stephen Hunt, autor de best-sellers de ciencia ficción, creyó -como usted- que los ovnis y la posibilidad de que los extraterrestres estuvieran visitando la Tierra eran un montón de... (que sea para toda la familia), iuna completa tontería! ¿Qué fue lo que le hizo cambiar de opinión? Curiosamente, no fue su encuentro con una sonda alienígena en 2001. Lo descartó por tratarse de un dron de vigilancia de la contaminación, aunque el primer dron comercial no se utilizó hasta 2006. No, fue el artículo del New York Times que revelaba que el Pentágono había estado dirigiendo, y negando la existencia de, un programa ultrasecreto de caza de extraterrestres tan encubierto que tuvo que cambiar la palabra «OVNI» por «UAP» sólo para escapar del estigma creado por la CIA en torno al término. Este reportaje vino acompañado de vídeos confirmados de los últimos aviones de combate de la armada estadounidense a los que vehículos con efecto antigravedad hacían parecer aviones de papel. Naves que corren a velocidades alucinantes que convertirían a los pilotos humanos en pasta de carne. Desde entonces, Stephen ha explorado a fondo esta madriguera de conejo. Ahora, en su primer libro de no ficción, te trae los resultados de su extraño viaje de exploración, en busca de respuestas a preguntas tan reveladoras como... - ¿Ha perdido el gobierno de los EE.UU. (a) la cabeza, o (b) está realmente intentando manipular los restos de naves alienígenas estrelladas? - ¿Cuál es la conexión entre los OVNI/UAPs y la alta extrañeza (portales, fantasmas, Bigfoot)? - Teniendo en cuenta que hay entre 100.000 y 400.000 millones de sistemas estelares en nuestra Vía Láctea, ¿dónde demonios están los demás? ¿Tan única es la humanidad? ¿Es la única especie que utiliza máquinas? - ¿Qué sabe el gobierno de Estados Unidos que nosotros no sabemos? - ¿Están los testigos y denunciantes de OVNI influenciados por el entretenimiento popular de ciencia ficción, o están nuestras compañías de medios de comunicación soltando migas de pan aprobadas sobre OVNI/extraterrestres? - ¿Es esta nueva ola de apertura oficial a los OVNI sancionada por EE.UU. el preludio de algo impactante que se avecina en nuestro planeta? ¿Revelaciones tan improbables que cambiarán a la humanidad para siempre? Stephen Hunt examina este fascinante y asombroso universo a través de los ojos de un autor de ciencia ficción, trazando paralelismos entre nuestra ciencia-ficción y lo que podría ser una extraña realidad clasificada de hechos reales de ciencia-ficción derivados de extraterrestres. \*\*\* SOBRE EL AUTOR: Stephen Hunt es el creador de la popular serie Far-called (Gollancz/Hachette), así como de la serie Jackelian, publicada en todo el mundo por HarperCollins junto a otros autores de ciencia ficción como Isaac Asimov, Arthur C. Clarke, Philip K. Dick y Ray Bradbury. \*\*\* Elogios para el autor «El Sr. Hunt despega a toda velocidad». - THE WALL STREET JOURNAL «La imaginación de Hunt es probablemente visible desde el espacio. Esparce conceptos que otros escritores extraerían para una trilogía como si fueran envoltorios de chokolatinas». - TOM HOLT «Todo tipo de extravagancias extrañas y fantásticas». - DAILY MAIL «Lectura compulsiva para todas las edades». - GUARDIAN «Una obra inventiva y ambiciosa, llena de prodigios y maravillas». - THE TIMES «Hunt sabe lo que le gusta a su público y se lo da con un ingenio sardónico y una tensión cuidadosamente

desarrollada». - TIME OUT «Repleta de inventiva». -THE INDEPENDENT «Decir que este libro está repleto de acción es casi quedarse corto... ¡una maravillosa historia de evasión!». - INTERZONE «Hunt ha llenado la historia de intrigantes trucos... conmovedora y original». - PUBLISHERS WEEKLY «Una aventura trepidante al estilo Indiana Jones». -RT BOOK REVIEWS «Una curiosa mezcla de futuro». - KIRKUS REVIEWS «Un hilo trepidante... la historia avanza a toda velocidad... la inventiva constante mantiene enganchado al lector... el final es una sucesión de cliffhangers y sorpresas. Muy divertido». - SFX REVISTA «Abróchense los cinturones para disfrutar de un frenético encuentro entre el gato y el ratón... una historia apasionante». - SF REVU

**above top secret the technology behind disclosure:** *Left at East Gate* Larry Warren, Peter Robbins, 2010 Featured on two major television documentaries! In December 1980, Larry Warren was a member of the Air Force security police stationed at RAF Bentwaters, a NATO base in Great Britain. On the night of the 28th he was on guard duty when he was taken by truck to join other Air Force personnel to investigate a disturbance in a Rendlesham Forest about five miles away, which turned out to be a landed UFO. This was the third night of UFO activity in the area and by far the most profound. When the men were debriefed the next day, they were warned to tell no one about what they had seen-as bullets are cheap. And so began what would turn out to be the best documented and most significant military-UFO incident in history. This remarkable story, told with the help of investigative writer Peter Robbins, was the basis of two blockbuster television documentaries. Warren's firsthand account explodes with authentic detail. A riveting, fascinating, and important book. -Whitley Strieber, author of *Communion* [H]as the force of a well-told mystery novel, yet it is all disturbingly true. A major contribution to the literature. -Budd Hopkins, author of *Missing Time* [O]ne gripping version of the story of this classic UFO case and its aftermath. -Publisher's Weekly This book is dynamite. Meticulously researched, gripping, provocative... -Nick Pope, author of *Open Skies, Closed Minds* [Q]uestions on these UFO sightings are still being asked in Parliament. If you read this gripping book you will see why. -Focus, journal of the British Ministry of Defence.

**above top secret the technology behind disclosure: Secret Journey to Planet Serpo** Len Kasten, 2013-05-05 Documents how 12 people, as part of a top-secret U.S. government program, traveled to the planet Serpo and lived there for 13 years • Based on the debriefing of the Serpo team and the diary of the expedition's commander • Explains how the aliens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems • Reveals how our government has an ongoing relationship with the Serpo aliens On July 16, 1965, a massive alien spacecraft from the Zeta Reticuli star system landed at the Nevada test site north of Las Vegas. Following a plan set in motion by President Kennedy in 1962, the alien visitors known as the Ebens welcomed 12 astronaut-trained military personnel aboard their craft for the 10-month journey to their home planet, Serpo, 39 light-years away. In November 2005, former and current members of the Defense Intelligence Agency--directed by Kennedy to organize the Serpo exchange program--came forward to reveal the operation, including details from the 3,000-page debriefing of the 7 members of the Serpo team who returned after 13 years on the planet. Working with the DIA originators of the Serpo project and the diary kept by the expedition's commanding officer, Len Kasten chronicles the complete journey of these cosmic pioneers, including their remarkable stories of life on an alien planet, superluminal space travel, and advanced knowledge of alien technologies. He reveals how the Ebens presented the U.S. with "The Yellow Book"--a complete history of the universe recorded holographically, allowing the reader to view actual scenes from pre-history to the present. He explains how the Ebens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems--knowledge still classified. Exposing the truth of human-alien interaction and interplanetary travel, Kasten reveals not only that the Ebens have returned to Earth eight times but also that our government continues to have an ongoing relationship with them--a relationship with the potential to advance the human race into the future.

**above top secret the technology behind disclosure: The Day After Roswell** Philip Corso, 2012-12-11 Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has

fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

**above top secret the technology behind disclosure: Hidden Truth - Forbidden Knowledge** Steven M. Greer, 2006 Greer unveils the actual contact experiences he has had with UFOs and extraterrestrial civilizations, beginning as a young child. Following a prolonged near-death experience at age 17, Greer explains that he experienced cosmic consciousness and found the Rosetta Stone of ET contact -- the power of the unbounded mind within each of us -- that is responsible for much of the work being done by the CSETI (Center for the Study of Extraterrestrial Intelligence) project.

**above top secret the technology behind disclosure: Gaia Speaks** Pepper Lewis, 2005 Manu of us believe that Earth to be sentient or feeling, but we are disconnected from her because we can't understand her vibrations and impressions. Gaia, the sentience of Earth, speaks to us through Pepper Lewis, teaching us how to be attuned to the Earth and to learn from her.

**above top secret the technology behind disclosure: The Mammoth Book of Unexplained Phenomena** Roy Bainton, 2013-01-17 New mysteries, as well as variations on recurring ones, continue to surface on a weekly basis around the globe, from showers of frogs over Hungary to birds falling to earth in Arkansas. This compendious round-up of unexplained phenomena examines everything from the experiments being done with the Large Hadron Collider to classic maritime mysteries involving inexplicably missing crews, via UFOs, mediums, cryptozoology, panics, paranoia and a universe proving stranger in fact than we'd imagined.

**above top secret the technology behind disclosure: *Top Secret America*** Dana Priest, William M. Arkin, 2011-09-06 The top-secret world that the government created in response to the 9/11 terrorist attacks has become so enormous, so unwieldy, and so secretive that no one knows how much money it costs, how many people it employs or exactly how many agencies duplicate work being done elsewhere. The result is that the system put in place to keep the United States safe may be putting us in greater danger. In *Top Secret America*, award-winning reporters Dana Priest and William Arkin uncover the enormous size, shape, mission, and consequences of this invisible universe of over 1,300 government facilities in every state in America; nearly 2,000 outside companies used as contractors; and more than 850,000 people granted Top Secret security clearance. A landmark exposé of a new, secret Fourth Branch of American government, *Top Secret America* is a tour de force of investigative reporting-and a book sure to spark national and international alarm.

**above top secret the technology behind disclosure: Transcending the Global Power Game** Armin Risi, 2004-01-01 Whatever happens on the visible plane has its roots in invisible dimensions; reality is more than meets the eye. This is the essence of all spiritual teachings and mystery schools, and it is the key to understanding what actually happens on the stage of the global power game. Here, in a unique compendium, you get to know what the world looks like when seen from this paranormal viewpoint. Step by step, the author unfolds stunning insights into the hidden dimensions of secret politics, money manipulations, and the ongoing transformation. The pieces are put together to reveal an exciting puzzle. Topics Include: • Ancient knowledge and new revelations • The conclusive meaning of the symbolism of light and darkness • The ideology of the Illuminati • The roots and goals of today's secret societies • Prophecies regarding money and the crash • Alien forces and the presence of lightbeings • Our role in this cosmic drama Had Armin Risi lived in classical times, he would now be counted among the great philosophers and theologians. Being a contemporary author, however, he is able to go beyond classical philosophy and shed light on

problems, coverups, and challenges of today, using a revolutionary logic, or mytho-logic, as he calls it. — Professor Jorg Rehberg, Zurich

**above top secret the technology behind disclosure: Behold a Pale Horse** William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

**above top secret the technology behind disclosure: UFOs: God's Chariots?** Ted Peters, 2014-05-19 Are UFOs celestial saviors, coming to save Earth from self-destruction? Are UFOnavts advancing human evolution by birthing hybrid children? Is it time for a new "astrotheology" that enshrines the UFO phenomenon at the same level as the space sciences at NASA and SETI? UFOs: God's Chariots? uncovers and exposes the clandestine spiritual dimensions within the UFO phenomenon. UFOs vibrate with transcendence, omniscience, perfection, and redemption. UFOs: God's Chariots? delves deeply into government conspiracies, analyzes the newest models of close encounter interpretation, and reveals the results of The Peters ETI Religious Crisis Survey, in which self-identified believers were asked if making contact with an intelligent extraterrestrial civilization would undermine our historic religious traditions. They said no. Does this mean we're ready to share our pews with aliens?

**above top secret the technology behind disclosure: Practical Conversion of Zero-Point Energy** Thomas Valone, 2023-06 Practical Conversion of Zero-Point Energy is the authoritative guide to the latest discoveries, tools and high-school level physics behind the most ubiquitous source of energy for the future. One year in the making, it is profusely illustrated and exhaustively researched with almost 300 references by an engineering physicist and noted expert in the field of emerging energy technology. Revised edition now contains a complete summary guide to the quantum tricks of the trade. Quite possibly the most advanced electrical energy source book available today.
