U.S. History EOC Review

Civil War-Great Depression

Write your answers on a separate sheet of paper and attach it to this packet.

Civil War and Reconstruction

Objective: Understand the causes, course & consequences of the Civil War and Reconstruction and its effects on the American people. Identify the factors and events that led to the Civil War. Describe the course of the Civil War. Understand how Reconstruction affected Americans after the Civil War.

Directions: Use the US History EOC Review PowerPoint to answer the following questions:

- 1) What was the Missouri Compromise of 1820?
- 2) What was the Compromise of 1850?
- 3) Who was Henry Clay?
- 4) What was the Kansas-Nebraska Act of 1854?
- 5) Describe "Bleeding Kansas".
- 6) Describe the abolitionist movement.
- 7) What was "Uncle Tom's Cabin" and what impact did it have during this time period?
- 8) What is the significance of Dred Scott v. Sandford of 1857?
- 9) Compare and contrast the resources of the North and resources of the South.
- 10) What were the causes for secession in 1860?
- 11) Describe the anaconda plan.
- 12) Describe the Battle of Gettysburg of 1863.
- 13) What was the significance of "The Battle Hymn of the Republic"?
- 14) What role did Native Americans play in the Civil War?

U.S. History EOC Review: Ace Your Exam with This Comprehensive Guide

Conquering the U.S. History End-of-Course (EOC) exam can feel daunting, but with the right preparation, you can achieve a stellar score. This comprehensive U.S. History EOC review is designed to help you navigate the key historical periods, concepts, and themes, ensuring you're well-prepared for exam day. We'll break down the essential topics, offer effective study strategies, and provide valuable insights to boost your confidence and understanding. This isn't just a review; it's your roadmap to success.

Section 1: Early America & Colonial Foundations (1607-1763)

This foundational period sets the stage for the nation's development. Understanding the motivations behind colonization, the distinct characteristics of the thirteen colonies, and the growing tensions between Great Britain and its American subjects is crucial.

H3: Colonial Life and Governance: Explore the differences between New England, Middle, and Southern colonies. Understand the development of representative government and the seeds of self-governance that would eventually blossom into revolution.

H3: Mercantilism and its Impact: Analyze the economic policies of mercantilism and their impact on colonial economies and the relationship between the colonies and Great Britain. Identify key

grievances leading to conflict.

H3: Key Events and Figures: Familiarize yourself with pivotal figures like John Smith, William Penn, and Benjamin Franklin, and key events such as Bacon's Rebellion and the Great Awakening.

Section 2: Revolution and the New Nation (1763-1800)

The American Revolution represents a pivotal turning point. Understanding the causes, key battles, and the philosophical underpinnings of the revolution is vital.

H3: The Road to Revolution: Analyze the escalating tensions between Great Britain and the colonies, including taxation without representation, the Intolerable Acts, and the growing sense of colonial identity.

H3: The War for Independence: Study the major battles, key figures (George Washington, Marquis de Lafayette, etc.), and strategic decisions that ultimately led to American victory.

H3: Establishing a New Government: Examine the Articles of Confederation, its weaknesses, and the eventual creation of the United States Constitution. Understand the debates surrounding federalism and the balance of power.

Section 3: Westward Expansion and National Identity (1800-1877)

This period encompasses significant territorial expansion, westward migration, and the rise of sectionalism, ultimately culminating in the Civil War.

H3: Manifest Destiny and its Consequences: Explore the concept of Manifest Destiny and its impact on Native American populations, the environment, and the nation's territorial growth.

H3: The Antebellum South and the Rise of Abolitionism: Analyze the economic and social systems of the South, the institution of slavery, and the growing abolitionist movement.

H3: The Civil War and Reconstruction: Examine the causes and consequences of the Civil War, the key battles, and the challenges of Reconstruction. Understand the impact on the social, political, and economic landscape of the nation.

Section 4: Industrialization, Reform, and Imperialism (1877-1914)

The late 19th and early 20th centuries witnessed rapid industrialization, social reform movements, and the rise of American imperialism.

H3: The Gilded Age: Analyze the rapid industrial growth, the rise of big business, and the social and economic inequalities of this era.

H3: Progressive Era Reforms: Explore the Progressive movement, its goals, and its impact on

American society. Understand the key figures and their contributions.

H3: Imperialism and Overseas Expansion: Examine the factors that led to American imperialism, its impact on other nations, and the controversies surrounding its expansionist policies.

Section 5: The 20th Century and Beyond (1914-Present)

This section covers two World Wars, the Cold War, the Civil Rights Movement, and significant social and political changes.

H3: World War I and its Aftermath: Analyze the causes, key events, and consequences of World War I, including the Treaty of Versailles and its impact on the global political landscape.

H3: The Roaring Twenties and the Great Depression: Explore the economic boom of the 1920s, the causes and effects of the Great Depression, and the New Deal policies implemented by President Franklin D. Roosevelt.

H3: World War II, the Cold War, and the Civil Rights Movement: Understand the key events and figures of World War II, the origins and dynamics of the Cold War, and the struggle for civil rights in the United States.

Conclusion

Thorough preparation is key to success on the U.S. History EOC exam. By systematically reviewing these key periods and topics, utilizing effective study techniques, and practicing with sample questions, you can build your confidence and achieve your desired score. Remember to focus on understanding the underlying causes and consequences of historical events, as well as the interconnectedness of different historical periods. Good luck!

FAQs

1. What type of questions are on the U.S. History EOC? The exam typically includes multiple-choice, short-answer, and essay questions assessing your knowledge of historical facts, events, and interpretations.
2. Are there any specific resources recommended for studying? Utilize your textbook, class notes, reputable online resources (like Khan Academy), and practice exams to supplement your studying.
3. How can I improve my essay writing skills for the EOC? Practice writing essays using historical evidence and a clear thesis statement. Seek feedback from teachers or peers on your writing.
4. What's the best way to manage my time during the exam? Create a study schedule that allows for

sufficient review time. During the exam, allocate your time strategically based on the point values of different question types.

5. What if I'm struggling with a particular historical period? Don't hesitate to seek help from your teacher, tutor, or online resources. Break down the challenging period into smaller, manageable chunks and focus on mastering one concept at a time.

us history eoc review: The Buddha Pill Miguel Farias, Dr. Catherine Wikholm, 2019-02-19
Millions of people meditate daily but can meditative practices really make us 'better' people? In *The Buddha Pill*, pioneering psychologists Dr Miguel Farias and Catherine Wikholm put meditation and mindfulness under the microscope. Separating fact from fiction, they reveal what scientific research - including their groundbreaking study on yoga and meditation with prisoners - tells us about the benefits and limitations of these techniques for improving our lives. As well as illuminating the potential, the authors argue that these practices may have unexpected consequences, and that peace and happiness may not always be the end result. Offering a compelling examination of research on transcendental meditation to recent brain-imaging studies on the effects of mindfulness and yoga, and with fascinating contributions from spiritual teachers and therapists, Farias and Wikholm weave together a unique story about the science and the delusions of personal change.

Provides a comprehensive review of key test topics, test-taking strategies, and two full-length practice tests with detailed answers explanations.

us history eoc review: How the Other Half Lives Jacob Riis, 2011

us history eoc review: Draft of the Declaration of Independence John Adams, Thomas Jefferson, 2014-10-29
John Adams (October 30 1735 - July 4, 1826) was the second president of the United States (1797-1801), having earlier served as the first vice president of the United States (1789-1797). An American Founding Father, Adams was a statesman, diplomat, and a leading advocate of American independence from Great Britain. Well educated, he was an Enlightenment political theorist who promoted republicanism, as well as a strong central government, and wrote prolifically about his often seminal ideas-both in published works and in letters to his wife and key adviser Abigail Adams. Adams was a lifelong opponent of slavery, having never bought a slave. In 1770 he provided a principled, controversial, and successful legal defense to the British soldiers accused in the Boston Massacre, because he believed in the right to counsel and the protect[ion] of innocence. Adams came to prominence in the early stages of the American Revolution. A lawyer and public figure in Boston, as a delegate from Massachusetts to the Continental Congress, he played a leading role in persuading Congress to declare independence. He assisted Thomas Jefferson in drafting the Declaration of Independence in 1776, and was its primary advocate in the Congress. Later, as a diplomat in Europe, he helped negotiate the eventual peace treaty with Great Britain, and was responsible for obtaining vital governmental loans from Amsterdam bankers. A political theorist

and historian, Adams largely wrote the Massachusetts Constitution in 1780, which together with his earlier *Thoughts on Government*, influenced American political thought. One of his greatest roles was as a judge of character: in 1775, he nominated George Washington to be commander-in-chief, and 25 years later nominated John Marshall to be Chief Justice of the United States. Adams' revolutionary credentials secured him two terms as George Washington's vice president and his own election in 1796 as the second president. During his one term as president, he encountered ferocious attacks by the Jeffersonian Republicans, as well as the dominant faction in his own Federalist Party led by his bitter enemy Alexander Hamilton. Adams signed the controversial Alien and Sedition Acts, and built up the army and navy especially in the face of an undeclared naval war (called the Quasi-War) with France, 1798-1800. The major accomplishment of his presidency was his peaceful resolution of the conflict in the face of Hamilton's opposition. In 1800, Adams was defeated for re-election by Thomas Jefferson and retired to Massachusetts. He later resumed his friendship with Jefferson. He and his wife founded an accomplished family line of politicians, diplomats, and historians now referred to as the Adams political family. Adams was the father of John Quincy Adams, the sixth President of the United States. His achievements have received greater recognition in modern times, though his contributions were not initially as celebrated as those of other Founders. Adams was the first U.S. president to reside in the executive mansion that eventually became known as the White House.

us history eoc review: *The Federalist Papers* Alexander Hamilton, John Jay, James Madison, 2018-08-20 Classic Books Library presents this brand new edition of "*The Federalist Papers*", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "*The Federalist*", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

us history eoc review: *April 1865* Jay Winik, 2010-11-16 One month in 1865 witnessed the frenzied fall of Richmond, a daring last-ditch Southern plan for guerrilla warfare, Lee's harrowing retreat, and then, Appomattox. It saw Lincoln's assassination just five days later and a near-successful plot to decapitate the Union government, followed by chaos and coup fears in the North, collapsed negotiations and continued bloodshed in the South, and finally, the start of national reconciliation. In the end, April 1865 emerged as not just the tale of the war's denouement, but the story of the making of our nation. Jay Winik offers a brilliant new look at the Civil War's final days that will forever change the way we see the war's end and the nation's new beginning. Uniquely set within the larger sweep of history and filled with rich profiles of outsize figures, fresh iconoclastic scholarship, and a gripping narrative, this is a masterful account of the thirty most pivotal days in the life of the United States.

us history eoc review: *Into The American Woods* James H Merrell, 2000-01-18 The bloodshed and hatred of frontier conflict at once made go-betweens obsolete and taught the harsh lesson of the woods: the final incompatibility of colonial and native dreams about the continent they

shared. Long erased from history, the go-betweens of early America are recovered here in vivid detail.

us history eoc review: John Marshall Richard Brookhiser, 2018-11-13 The life of John Marshall, Founding Father and America's premier chief justice. In 1801, a genial and brilliant Revolutionary War veteran and politician became the fourth chief justice of the United States. He would hold the post for 34 years (still a record), expounding the Constitution he loved. Before he joined the Supreme Court, it was the weakling of the federal government, lacking in dignity and clout. After he died, it could never be ignored again. Through three decades of dramatic cases involving businessmen, scoundrels, Native Americans, and slaves, Marshall defended the federal government against unruly states, established the Supreme Court's right to rebuke Congress or the president, and unleashed the power of American commerce. For better and for worse, he made the Supreme Court a pillar of American life. In *John Marshall*, award-winning biographer Richard Brookhiser vividly chronicles America's greatest judge and the world he made.

us history eoc review: Sword of the Rightful King Jane Yolen, 2004 The newly crowned King Arthur has yet to win the support of the people. Merlin must do something before the king is betrayed, or murdered, or--worst of all--gets married. So Merlin creates a trick: a sword magically placed into a slab of rock that only Arthur can withdraw. Then he lets it be known that whosoever removes the blade will rule all of England, and invites any man who would dare, to try to pull out the sword. But then someone else pulls the sword out first. . . .

us history eoc review: Empire of Cotton Sven Beckert, 2015-11-10 WINNER OF THE BANCROFT PRIZE • A Pulitzer Prize finalist that's as unsettling as it is enlightening: a book that brilliantly weaves together the story of cotton with how the present global world came to exist. "Masterly ... An astonishing achievement." —The New York Times The empire of cotton was, from the beginning, a fulcrum of constant global struggle between slaves and planters, merchants and statesmen, workers and factory owners. Sven Beckert makes clear how these forces ushered in the world of modern capitalism, including the vast wealth and disturbing inequalities that are with us today. In a remarkably brief period, European entrepreneurs and powerful politicians recast the world's most significant manufacturing industry, combining imperial expansion and slave labor with new machines and wage workers to make and remake global capitalism.

us history eoc review: Mesophotic Coral Ecosystems Yossi Loya, Kimberly A. Puglise, Tom C.L. Bridge, 2019-05-22 This book summarizes what is known about mesophotic coral ecosystems (MCEs) geographically and by major taxa. MCEs are characterized by light-dependent corals and associated communities typically found at depths ranging from 30-40 m. and extending to over 150 m. in tropical and subtropical ecosystems. They are populated with organisms typically associated with shallow coral reefs, such as macroalgae, corals, sponges, and fishes, as well as specialist species unique to mesophotic depths. During the past decade, there has been an increasing scientific and management interest in MCEs expressed by the exponential increase in the number of publications studying this unique environment. Despite their close proximity to well-studied shallow reefs, and the growing evidence of their importance, our scientific knowledge of MCEs is still in its early stages. The topics covered in the book include: regional variation in MCEs; similarities and differences between mesophotic and shallow reef taxa, biotic and abiotic conditions, biodiversity, ecology, geomorphology, and geology; potential connectivity between MCEs and shallow reefs; MCE disturbances, conservation, and management challenges; and new technologies, key research questions/knowledge gaps, priorities, and future directions in MCE research.

us history eoc review: Guide for All-Hazard Emergency Operations Planning Kay C. Goss, 1998-05 Meant to aid State & local emergency managers in their efforts to develop & maintain a viable all-hazard emergency operations plan. This guide clarifies the preparedness, response, & short-term recovery planning elements that warrant inclusion in emergency operations plans. It offers the best judgment & recommendations on how to deal with the entire planning process -- from forming a planning team to writing the plan. Specific topics of discussion include: preliminary considerations, the planning process, emergency operations plan format, basic plan content, functional annex content, hazard-unique planning, & linking Federal & State operations.

us history eoc review: Sexual Harassment of Women National Academies of Sciences, Engineering, and Medicine, Policy and Global Affairs, Committee on Women in Science, Engineering, and Medicine, Committee on the Impacts of Sexual Harassment in Academia, 2018-09-01 Over the last few decades, research, activity, and funding has been devoted to improving the recruitment, retention, and advancement of women in the fields of science, engineering, and medicine. In recent years the diversity of those participating in these fields, particularly the participation of women, has improved and there are significantly more women entering careers and studying science, engineering, and medicine than ever before. However, as women increasingly enter these fields they face biases and barriers and it is not surprising that sexual harassment is one of these barriers. Over thirty years the incidence of sexual harassment in different industries has held steady, yet now more women are in the workforce and in academia, and in the fields of science, engineering, and medicine (as students and faculty) and so more women are experiencing sexual harassment as they work and learn. Over the last several years, revelations of the sexual harassment experienced by women in the workplace and in academic settings have raised urgent questions about the specific impact of this discriminatory behavior on women and the extent to which it is limiting their careers. *Sexual Harassment of Women* explores the influence of sexual harassment in academia on the career advancement of women in the scientific, technical, and medical workforce. This report reviews the research on the extent to which women in the fields of science, engineering,

and medicine are victimized by sexual harassment and examines the existing information on the extent to which sexual harassment in academia negatively impacts the recruitment, retention, and advancement of women pursuing scientific, engineering, technical, and medical careers. It also identifies and analyzes the policies, strategies and practices that have been the most successful in preventing and addressing sexual harassment in these settings.

us history eoc review: McClure's Magazine , 1924

us history eoc review: *The Thirteen Colonies* Marc Tyler Nobleman, 2002 Introduces the European immigrants who came to North America as explorers and settlers, their interactions with native people, and the wars that ultimately led to their independence.

us history eoc review: *Pentagon 9/11* Alfred Goldberg, 2007-09-05 The most comprehensive account to date of the 9/11 attack on the Pentagon and aftermath, this volume includes unprecedented details on the impact on the Pentagon building and personnel and the scope of the rescue, recovery, and caregiving effort. It features 32 pages of photographs and more than a dozen diagrams and illustrations not previously available.

us history eoc review: Developing and Maintaining Emergency Operations Plans United States. Federal Emergency Management Agency, 2010 Comprehensive Preparedness Guide (CPG) 101 provides guidelines on developing emergency operations plans (EOP). It promotes a common understanding of the fundamentals of risk-informed planning and decision making to help planners examine a hazard or threat and produce integrated, coordinated, and synchronized plans. The goal of CPG 101 is to make the planning process routine across all phases of emergency management and for all homeland security mission areas. This Guide helps planners at all levels of government in their efforts to develop and maintain viable all-hazards, all-threats EOPs. Accomplished properly, planning provides a methodical way to engage the whole community in thinking through the life cycle of a potential crisis, determining required capabilities, and establishing a framework for roles and responsibilities. It shapes how a community envisions and shares a desired outcome, selects effective ways to achieve it, and communicates expected results. Each jurisdiction's plans must reflect what that community will do to address its specific risks with the unique resources it has or can obtain.

us history eoc review: The Abolition of Slavery Diane Yancey, 2013 Slavery, its abolition, and its legacy have divided the United States from the nation's beginning. The issue brought out the best and the worst in Americans, but it took a Civil War for the practice to be brought to an end. Even then, the battle for black freedom and equality continued, and it continues to the present day.

us history eoc review: Louisiana EOC US History Vocabulary Workbook Lewis Morris, Learn the Secret to Success on the Louisiana EOC US History Exam! Ever wonder why learning comes so easily to some people? This remarkable workbook reveals a system that shows you how to learn faster, easier and without frustration. By mastering the hidden language of the subject and exams, you will be poised to tackle the toughest of questions with ease. We've discovered that the key to success on the Louisiana End of Course US History Exam lies with mastering the Insider's Language of the subject. People who score high on their exams have a strong working vocabulary in the subject tested. They know how to decode the vocabulary of the subject and use this as a model for test success. People with a strong Insider's Language consistently: Perform better on their Exams Learn faster and retain more information Feel more confident in their courses Perform better in upper level courses Gain more satisfaction in learning The Louisiana EOC US History Exam Vocabulary Workbook is different from traditional review books because it focuses on the exam's Insider's Language. It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The Louisiana End of Course US History Exam Vocabulary Workbook is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success! After nearly 20 years of teaching Lewis Morris discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of

workbooks and applications to teach this “Insider’s Language” to students around the world.

It was never about brains or ability. His students simply didn’t have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student’s ability to progress in the subject. Lewis called this set of vocabulary the “Insider’s Words”. When he applied these “Insider’s Words” the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this “Insider’s Language” to students around the world.
