Austin Chronicle Voters Guide: Your Key to Informed Voting in Austin, TX

Are you ready to make your voice heard in the upcoming Austin elections? Navigating the complexities of local politics can feel overwhelming, but it doesn't have to be. The Austin Chronicle, a trusted source for Austin news and culture, provides a comprehensive voters guide each election cycle, and this post serves as your ultimate companion to understanding and utilizing it effectively. We'll break down how to use the Austin Chronicle Voters Guide, highlight its key features, and offer tips for making informed decisions this election season.

Understanding the Austin Chronicle Voters Guide

The Austin Chronicle Voters Guide isn't just a list of candidates; it's a deep dive into the issues and individuals vying for your vote. It provides valuable context, allowing you to make informed

decisions based on more than just party affiliation. This guide distinguishes itself by:

Candidate Statements: Read directly from the candidates themselves, giving you a firsthand understanding of their platforms and priorities. This avoids the filtered narratives often presented by campaign advertisements.

Issue-Based Coverage: The Austin Chronicle delves into the key issues facing Austin, providing detailed analysis and context relevant to each candidate's stance.

Endorsements (where applicable): While not the sole determining factor, the Chronicle's endorsements offer insights into their editorial perspective and the candidates they believe best represent the community's interests. Remember to read the rationales behind these endorsements critically.

Independent Reporting: The Chronicle's journalistic integrity ensures unbiased reporting, allowing you to form your own opinions without the influence of partisan bias.

How to Effectively Use the Austin Chronicle Voters Guide

The guide itself is usually available online and sometimes in print. To maximize its usefulness, follow these steps:

1. Identify Your Races:

Determine which elections are relevant to you. This includes local, state, and potentially federal races depending on the election cycle.

2. Research the Candidates:

Carefully read each candidate's statement. Look for specific policy positions on issues important to you. Don't just skim; take the time to understand their plans and their reasoning.

3. Analyze the Issue Coverage:

Pay close attention to the Chronicle's analysis of key issues. See how each candidate's positions align with your own values and priorities.

4. Consider the Endorsements (with Caution):

While endorsements can provide a helpful starting point, remember they represent the opinion of the Austin Chronicle's editorial board. Conduct your own independent research to ensure alignment with your own values.

5. Compare and Contrast Candidates:

Create a comparison chart to easily contrast candidates' positions on key issues. This will highlight their differences and help you make a more informed choice.

Beyond the Chronicle: Supplementing Your Research

While the Austin Chronicle Voters Guide is an excellent resource, it shouldn't be your sole source of information. Supplement your research with:

Candidate Websites: Visit each candidate's website to learn more about their backgrounds, policy proposals, and campaign events.

Independent News Sources: Consult reputable news outlets for balanced reporting on candidates and issues.

Community Forums and Events: Attend town halls, candidate forums, and community meetings to hear candidates speak directly and engage in Q&A sessions.

Finding the Austin Chronicle Voters Guide Online

The Austin Chronicle typically publishes their voters guide online several weeks before an election. The best way to find it is to search "Austin Chronicle Voters Guide [Election Year]" on Google or directly visit the Austin Chronicle's website and navigate to their elections section.

Conclusion

The Austin Chronicle Voters Guide provides an invaluable resource for Austin voters seeking to make informed decisions. By combining the guide's insightful analysis with your own independent research, you can confidently participate in the democratic process and contribute to shaping the future of Austin. Remember, your vote matters!

FAQs

1. Is the Austin Chronicle Voters Guide biased? The Chronicle has a clear editorial stance, reflected in its endorsements. However, the candidate statements and issue coverage aim for balanced reporting, allowing readers to form their own conclusions.
2. Where can I find the guide in print? Check the Austin Chronicle's website for information regarding print availability, as this may vary from election to election.
3. What if a candidate isn't included in the guide? Contact the Austin Chronicle directly to inquire about why a candidate may be missing. This could be due to a variety of reasons, including a missed deadline or ineligibility.

4. How frequently is the guide updated? The guide is usually published closer to election day and might not be updated frequently after the initial publication. Refer to the Chronicle's website for the latest version.

5. Can I trust the information presented in the guide? The Austin Chronicle strives for accuracy and journalistic integrity, but always verify information from multiple sources to ensure its reliability.

austin chronicle voters guide: Distant Publics Jennifer Rice, 2012-08-19 Urban sprawl is omnipresent in America and has left many citizens questioning their ability to stop it. In *Distant Publics*, Jenny Rice examines patterns of public discourse that have evolved in response to development in urban and suburban environments. Centering her study on Austin, Texas, Rice finds a city that has simultaneously celebrated and despised development. Rice outlines three distinct ways that the rhetoric of publics counteracts development: through injury claims, memory claims, and equivalence claims. In injury claims, rhetors frame themselves as victims in a dispute. Memory claims allow rhetors to anchor themselves to an older, deliberative space, rather than to a newly evolving one. Equivalence claims see the benefits on both sides of an issue, and here rhetors effectively become nonactors. Rice provides case studies of development disputes that place the reader in the middle of real-life controversies and evidence her theories of claims-based public rhetorics. She finds that these methods comprise the most common (though not exclusive) vernacular surrounding development and shows how each is often counterproductive to its own goals. Rice further demonstrates that these claims create a particular role or public subjectivity grounded in one's own feelings, which serves to distance publics from each other and the issues at hand. Rice argues that rhetoricians have a duty to transform current patterns of public development discourse so that all individuals may engage in matters of crisis. She articulates its sustainability as both a goal and future disciplinary challenge of rhetorical studies and offers tools and methodologies toward that end.

austin chronicle voters guide: Strategic Planning and Decision-Making for Public and Non-Profit Organizations Nicolas A. Valcik, 2016-03-30 This book provides administrators in public and non-profit organizations with direction and a framework from which to lead their organizations effectively. Taking a global approach to the issues administrators need to examine when managing a group of employees at any level (including budgeting and expenditures, forecasting, policy creation and execution, communication and reporting), this book explores the driving forces in organizational decision making. Author Nick Valcik takes a holistic view on organizational management, beginning with the core aspects of public organizations and the leadership competencies necessary to manage an organization successfully. Designed to be used on undergraduate and graduate courses in public administration and in public affairs programs, the book discusses the basics of organizational structure, delves into risk management issues, and offers a set of tools that can be used by administrators to make informed decisions based on actual data or documented processes. Throughout the book, real world case studies provide students and practitioners with a clear understanding of how exactly the right decision tool may be applied when facing a particular decision in any organization.

austin chronicle voters guide: Environmental City William Scott Jr. Swearingen, 2010-03-01 As Austin grew from a college and government town of the 1950s into the sprawling city of 2010, two ideas of Austin as a place came into conflict. Many who promoted the ideology of growth believed Austin would be defined by economic output, money, and wealth. But many others thought Austin was instead defined by its quality of life. Because the natural environment contributed so much to Austin's quality of life, a social movement that wanted to preserve the city's environment became the leading edge of a larger movement that wanted to retain a unique sense of place. The environmental movement in Austin became the political and symbolic arm of the more general movement for place. This is a history of the environmental movement in Austin—how it began; what

it did; and how it promoted ideas about the relationships between people, cities, and the environment. It is also about a deeper movement to retain a sense of place that is Austin, and how that deeper movement continues to shape the way Austin is built today. The city it helped to create is now on the forefront of national efforts to rethink how we build our cities, reduce global warming, and find ways that humans and the environment can coexist in a big city.

austin chronicle voters guide: 100 Black Women Who Shaped America Glenn L. Starks, 2024-06-27 This introductory text explores the lives of 100 Black women and their unique and meaningful legacies upon the history, society, and culture of the USA. Today, the names and remarkable achievements of Black women such as Maya Angelou, Serena Williams, Michelle Obama, and Oprah Winfrey are well known to many Americans. Yet throughout American history, many lesser-known Black women like them have made invaluable contributions to sports, science, the arts, medicine, politics, and civil rights. Josephine St. Pierre Ruffin, who published the first newspaper written for and by African American women, championed the cause of women's suffrage. Matilda Sissieretta Jones, whose father was an enslaved person, toured Europe and performed at the White House in front of four different presidents as one of the great sopranos of her generation. Augusta Savage, overcoming racism and sexism, became one of the most celebrated sculptors in history. This book serves as an important reminder that the story of America cannot be told without the Black women who, with strength and determination, have always pushed America forward even when others held them back.

austin chronicle voters guide: American Cinema and the Southern Imaginary Deborah Barker, Kathryn B. McKee, 2011 Placing the New Southern Studies in conversation with film studies, this book is simply the best edited collection available on film and the U.S. South.---Grace Hale. University of Virginia --

austin chronicle voters guide: Spinning Tillie Walden, 2017-09-12 Tillie Walden's Eisner Award winning graphic memoir *Spinning* captures what it's like to come of age, come out, and come to terms with leaving behind everything you used to know. It was the same every morning. Wake up, grab the ice skates, and head to the rink while the world was still dark. Weekends were spent in glitter and tights at competitions. Perform. Smile. And do it again. She was good. She won. And she hated it. For ten years, figure skating was Tillie Walden's life. She woke before dawn for morning lessons, went straight to group practice after school, and spent weekends competing at ice rinks across the state. Skating was a central piece of her identity, her safe haven from the stress of school, bullies, and family. But as she switched schools, got into art, and fell in love with her first girlfriend, she began to question how the close-minded world of figure skating fit in with the rest of her life, and whether all the work was worth it given the reality: that she, and her friends on the team, were nowhere close to Olympic hopefuls. The more Tillie thought about it, the more Tillie realized she'd outgrown her passion—and she finally needed to find her own voice. This title has Common Core connections. A New York City Public Library Notable Best Book for Teens A Chicago Public Library Best Book of 2017 A 2018 YALSA Great Graphic Novel A 2017 Booklist Youth Editors' Choice

austin chronicle voters guide: Y'all Means All Z. Zane McNeill, 2022-04-05 *Y'all Means All* is a celebration of the weird and wonderful aspects of a troubled region in all of their manifest glory! This collection is a thought-provoking hoot and a holler of we're queer and we're here to stay, cause we're every bit a piece of the landscape as the rocks and the trees echoing through the hills of Appalachia and into the boardrooms of every media outlet and opportunistic author seeking to define Appalachia from the outside for their own political agendas. Multidisciplinary and multi-genre, *Y'all* necessarily incorporates elements of critical theory, such as critical race theory and queer theory, while dealing with a multitude of methodologies, from quantitative analysis, to oral history and autoethnography. This collection eschews the contemporary trend of reactive or responsive writing in the genre of Appalachian studies, and alternatively, provides examples of how modern Appalachians are defining themselves on their own terms. As such, it also serves as a toolkit for other Appalachian readers to follow suit, and similarly challenge the labels, stereotypes and definitions often thrust upon them. While providing blunt commentary on the region's past and

present, the book's soul is sustained by the resilience, ingenuity, and spirit exhibited by the authors; values which have historically characterized the Appalachian region and are continuing to define its culture to the present. This book demonstrates above all else that Appalachia and its people are filled with a vitality and passion for their region which will slowly but surely effect long-lasting and positive changes in the region. If historically Appalachia has been treated as a mirror of the country, this book breaks that trend by allowing modern Appalachians to examine their own reflections and to share their insights in an honest, unfiltered manner with the world.

austin chronicle voters guide: Strengthening Forensic Science in the United States National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

austin chronicle voters guide: *Chrono Trigger* Michael P. Williams, 2014 A deep dive into the classic SNES game many consider the high point in the entire RPG genre.

austin chronicle voters guide: *The Secular Chronicle* , 1875

austin chronicle voters guide: *The Plot Against America* Philip Roth, 2004-10-05 Philip Roth's bestselling alternate history—the chilling story of what happens to one family when America elects a charismatic, isolationist president—is soon to be an HBO limited series. In an extraordinary feat of narrative invention, Philip Roth imagines an alternate history where Franklin D. Roosevelt loses the 1940 presidential election to heroic aviator and rabid isolationist Charles A. Lindbergh. Shortly thereafter, Lindbergh negotiates a cordial “understanding” with Adolf Hitler, while the new government embarks on a program of folksy anti-Semitism. For one boy growing up in Newark, Lindbergh's election is the first in a series of ruptures that threaten to destroy his small, safe corner of America—and with it, his mother, his father, and his older brother. A terrific political novel . . . Sinister, vivid, dreamlike . . . creepily plausible. . . You turn the pages, astonished and frightened.” — The New York Times Book Review

austin chronicle voters guide: *The Mark Inside* Amy Reading, 2013-02-26 In 1919, Texas rancher J. Frank Norfleet lost everything he had in a stock market swindle—twice. But instead of slinking home in shame, he turned the tables on the confidence men. Armed with a revolver and a suitcase full of disguises, Norfleet set out to capture the five men who had conned him, allowing himself to be ensnared in the con again and again to gather evidence on his enemies. Through the story of Norfleet's ingenious reverse-swindle, Amy Reading reveals the fascinating mechanics behind the big con—an artful performance targeted to the most vulnerable points of human nature—and invites you into the crooked history of a nation on the hustle, constantly feeding the hunger and the hope of the mark inside.

austin chronicle voters guide: *Fools Crow* James Welch, 1987 In the Two Medicine territory

of Montana, the Pikuni Indians are forced to choose between fighting a futile war or accepting a humiliating surrender, as the encroaching numbers of whites threaten their very existence

austin chronicle voters guide: *Athenaeum and Literary Chronicle* , 1852

austin chronicle voters guide: *Big, Hot, Cheap, and Right* Erica Grieder, 2013-04-09 Erica Grieder's Texas is a state that is not only an outlier but an exaggeration of some of America's most striking virtues and flaws. Big, Hot, Cheap, and Right is a witty, enlightening inquiry into how Texas works, and why, in the future, the rest of America may look a lot like Texas.

austin chronicle voters guide: *The Boy, the Boat, and the Beast* Samantha M. Clark, 2018-06-26 "A poignant story." —School Library Journal "An unforgettable, life-affirming tale." —Booklist The Graveyard Book meets Hatchet in this eerie novel about a boy who is stranded on a mysterious beach, from debut author Samantha M. Clark. A boy washes up on a mysterious, seemingly uninhabited beach. Who is he? How did he get there? The boy can't remember. When he sees a light shining over the foreboding wall of trees that surrounds the shore, he decides to follow it, in the hopes that it will lead him to answers. The boy's journey is a struggle for survival and a search for the truth—a terrifying truth that once uncovered, will force him to face his greatest fear of all if he is to go home. This gripping adventure will have readers hooked until its jaw-dropping and moving conclusion. Samantha M. Clark's first novel heralds the arrival of an exciting new voice.

austin chronicle voters guide: *Zagat Texas Restaurants* Claudia Alarcon, Mike Riccetti, Julia Celeste Rosenfeld, Kay Winzenried, Michelle Golden, 2008-03 Reflecting the opinions of thousands of local diners, this guide covers over 1,200 restaurants in five major Texas cities: Austin, Dallas, Ft. Worth, Houston and San Antonio. Use the indexes arranged by cuisine, neighborhood and special features like InPlaces, Winning Wine Lists, or Romantic Places to find the perfect restaurant for any occasion. Also includes stick-on bookmarks.

austin chronicle voters guide: *Lines in the Sand* Steve Bickerstaff, 2010-01-01 The events of 2003 in Texas were important to the political history of this country. Congressman Tom DeLay led a Republican effort to gerrymander the state's thirty-two congressional districts to defeat all ten of the Anglo Democratic incumbents and to elect more Republicans; Democratic state lawmakers fled the state in an effort to defeat the plan. The Lone Star State uproar attracted attention worldwide. The Republicans won this showdown, gaining six additional seats from Texas and protecting the one endangered Republican incumbent. Some of the methods used by DeLay to achieve this result, however, led to his criminal indictment and ultimately to his downfall. With its eye-opening research, readable style, and insightful commentary, *Lines in the Sand* provides a front-line account of what happened in 2003, often through the personal stories of members of both parties and of the minority activist groups caught in a political vortex. Law professor Steve Bickerstaff provides much-needed historical perspective and also probes the aftermath of the 2003 redistricting, including the criminal prosecutions of DeLay and his associates and the events that led to DeLay's eventual resignation from the U.S. House of Representatives. As a result, Bickerstaff graphically shows a dark underside of American politics—the ruthless use of public institutional power for partisan gain.

austin chronicle voters guide: *The Keep* Jennifer Egan, 2007-07-10 NATIONAL BESTSELLER • Part horror tale, part mystery, part romance ... utterly fantastic."—O, The Oprah Magazine • The bestselling, award-winning author of *A Visit from the Goon Squad* brilliantly conjures a world from which escape is impossible and where the keep—the tower, the last stand—is both everything worth protecting and the very thing that must be surrendered in order to survive. Two cousins, irreversibly damaged by a childhood prank, reunite twenty years later to renovate a medieval castle in Eastern Europe. In an environment of extreme paranoia, cut off from the outside world, the men reenact the signal event of their youth, with even more catastrophic results. And as the full horror of their predicament unfolds, a prisoner, in jail for an unnamed crime, recounts an unforgettable story that seamlessly brings the crimes of the past and present into piercing relation.

austin chronicle voters guide: *China's Influence and American Interests* Larry Diamond, Orville Schell, 2019-08-01 While Americans are generally aware of China's ambitions as a global economic and military superpower, few understand just how deeply and assertively that country has

already sought to influence American society. As the authors of this volume write, it is time for a wake-up call. In documenting the extent of Beijing's expanding influence operations inside the United States, they aim to raise awareness of China's efforts to penetrate and sway a range of American institutions: state and local governments, academic institutions, think tanks, media, and businesses. And they highlight other aspects of the propagandistic "discourse war" waged by the Chinese government and Communist Party leaders that are less expected and more alarming, such as their view of Chinese Americans as members of a worldwide Chinese diaspora that owes undefined allegiance to the so-called Motherland. Featuring ideas and policy proposals from leading China specialists, *China's Influence and American Interests* argues that a successful future relationship requires a rebalancing toward greater transparency, reciprocity, and fairness. Throughout, the authors also strongly state the importance of avoiding casting aspersions on Chinese and on Chinese Americans, who constitute a vital portion of American society. But if the United States is to fare well in this increasingly adversarial relationship with China, Americans must have a far better sense of that country's ambitions and methods than they do now.

austin chronicle voters guide: *Living History* Hillary Rodham Clinton, 2004-04-19 Hillary Rodham Clinton tells her life story, describing her dedication to social causes, her relationship with her husband, and her accomplishments and difficult periods as First Lady.

austin chronicle voters guide: *Zagat Survey Texas Restaurants* Zagat Survey (Firm), 2006-03 The Texas dining scene is booming. Based on the opinions of thousands of Texans, this BRAND-NEW guide covers over 1,100 restaurants in five major cities-Austin, Dallas, Ft. Worth, Houston and San Antonio. Use the indexes arranged by cuisine, location and special feature to find the perfect meal every time.

austin chronicle voters guide: *Houston*, 1957

austin chronicle voters guide: *Caste* Isabel Wilkerson, 2023-02-14 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions—now with a new Afterword by the author. #1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *The New York Times*, *Los Angeles Times*, *The Boston Globe*, *O: The Oprah Magazine*, NPR, Bloomberg, *The Christian Science Monitor*, *New York Post*, *The New York Public Library*, *Fortune*, *Smithsonian Magazine*, *Marie Claire*, *Slate*, *Library Journal*, *Kirkus Reviews* Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist "As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising

health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

austin chronicle voters guide: *The First New Chronicle and Good Government* Felipe Guaman Poma de Ayala, 2010-01-01 One of the most fascinating books on pre-Columbian and early colonial Peru was written by a Peruvian Indian named Felipe Guaman Poma de Ayala. This book, *The First New Chronicle and Good Government*, covers pre-Inca times, various aspects of Inca culture, the Spanish conquest, and colonial times up to around 1615 when the manuscript was finished. Now housed in the Royal Library, Copenhagen, Denmark, and viewable online at www.kb.dk/permalink/2006/poma/info/en/frontpage.htm, the original manuscript has 1,189 pages accompanied by 398 full-page drawings that constitute the most accurate graphic depiction of Inca and colonial Peruvian material culture ever done. Working from the original manuscript and consulting with fellow Quechua- and Spanish-language experts, Roland Hamilton here provides the most complete and authoritative English translation of approximately the first third of *The First New Chronicle and Good Government*. The sections included in this volume (pages 1-369 of the manuscript) cover the history of Peru from the earliest times and the lives of each of the Inca rulers and their wives, as well as a wealth of information about ordinances, age grades, the calendar, idols, sorcerers, burials, punishments, jails, songs, palaces, roads, storage houses, and government officials. One hundred forty-six of Guaman Poma's detailed illustrations amplify the text.

austin chronicle voters guide: *The Railway Chronicle*, 1844

austin chronicle voters guide: *Louis Austin and the Carolina Times* Jerry Gershenhorn, 2018-02-06 Louis Austin (1898-1971) came of age at the nadir of the Jim Crow era and became a transformative leader of the long black freedom struggle in North Carolina. From 1927 to 1971, he published and edited the *Carolina Times*, the preeminent black newspaper in the state. He used the power of the press to voice the anger of black Carolinians, and to turn that anger into action in a forty-year crusade for freedom. In this biography, Jerry Gershenhorn chronicles Austin's career as a journalist and activist, highlighting his work during the Great Depression, World War II, and the postwar civil rights movement. Austin helped pioneer radical tactics during the Depression, including antisegregation lawsuits, boycotts of segregated movie theaters and white-owned stores that refused to hire black workers, and African American voting rights campaigns based on political participation in the Democratic Party. In examining Austin's life, Gershenhorn narrates the story of the long black freedom struggle in North Carolina from a new vantage point, shedding new light on the vitality of black protest and the black press in the twentieth century.

austin chronicle voters guide: *Reforming Legislatures* Peverill Squire, 2024-06-06 Legislatures are ubiquitous in the American political experience. First created in Virginia in 1619, they have existed continuously ever since. Indeed, they were established in even the most unlikely of places, notably in sparsely populated frontier settlements, and functioned as the focal point of every governing system devised. Despite the ubiquity of state legislatures, we know remarkably little about how Americans have viewed them as organizations, in terms of their structures, rules, and procedures. But with the rise of modern public opinion surveys in the twentieth century, we now have extensive data on how Americans have gauged legislative performance throughout the many years. That said, the responses to the questions pollsters typically pose reflect partisanship, policy, and personality. Generally, respondents respond favorably to legislatures controlled by their own political party and those in power during good economic times. Incumbent lawmakers get ratings boosts from having personalities, "home styles" that mesh with those of their constituents. These relationships are important indicators of people's thoughts regarding the current performance of their legislatures and legislators, but they tell us nothing about attitudes toward the institution and its organizational characteristics. This study offers a unique perspective on what American voters have historically thought about legislatures as organizations and legislators as representatives.

Rather than focusing on responses to surveys that ask respondents how they rate the current performance of lawmakers and legislatures, this study leverages the most significant difference between national and state politics: the existence of ballot propositions in the latter. At the national level Americans have never had any say over Congress's structure, rules, or procedures. In contrast, at the state level they have had ample opportunities over the course of more than two centuries to shape their state legislatures. The data examined here look at how people have voted on more than 1,500 state ballot propositions targeting a wide array of legislative organizational and parliamentary features. By linking the votes on these measures with the public debates preceding them, this study documents not only how Americans viewed various aspects of their legislatures, but also whether their opinions held constant or shifted over time. The findings reported paint a more nuanced picture of Americans' attitudes toward legislatures than the prevailing one derived from survey research. When presented with legislative reform measures on which concrete choices were offered and decisions on them had to be made, the analyses presented here reveal that, counter to the conventional wisdom that people loved their representatives but hated the legislature, voters usually took charitable positions toward the institution while harboring skeptical attitudes about lawmakers' motives and behaviors.

austin chronicle voters guide: Unrepentant, Self-Affirming, Practicing Gary David Comstock, 2002-06-14 Praise for Unrepentant ... : For open-minded religious leaders, there are nuggets of enlightenment in this ecumenical array.--Publishers Weekly Surprisingly readable as well as informative. - San Francisco Chronicle A significant body of knowledge. - Theology Today Publishers' catalogues are full of books on the church's view of homosexuality; Comstock here offers gay views of the church. Given the often hostile environment, he asks why gay people stay in religious institutions. Using social scientific methods, he summarizes thirty-six surveys of gay attitudes toward religious communities, including Jewish, Buddhist, Muslim, and Native American traditions. He adds data from his survey of gay people in two mainline Protestant denominations. --Religious Studies Review Explores how each religions accepts, half-accepts, or rejects gays and lesbians and how they themselves feel about their religion. The book is also filled with personal stories of how spiritual people who discovered they are homosexual came out within their community and their congregation, and how they feel about the central figures and tenets of their belief. --Gatherings With its succinct, accessible language and rich collection of empirical research findings on lesbian and gay peoples, Unrepentant, Self-Affirming Practicing, would be an excellent addition to academic libraries and could be appropriately used as well in an undergraduate religion or sociology classroom. --Journal for Scientific Study of Religion>

austin chronicle voters guide: My Song (Enhanced Edition) Harry Belafonte, Michael Shnayerson, 2011-10-11 This deluxe eBook edition of Harry Belafonte's remarkable memoir includes nearly eighteen minutes of original video—Mr. Belafonte talking about his first meeting with Martin Luther King, Jr. . . . his friendship with Sidney Poitier . . . the making of “We Are the World” . . . and much more—the bonus song “Jump in the Line” from the companion album Harry Belafonte—Sing Your Song: The Music; and the book's photographs compiled as a slide show. Harry Belafonte is not just one of the greatest entertainers of our time; he has led one of the great American lives of the twentieth and twenty-first centuries. Now, at last, this extraordinary icon tells us about it all—his poverty-ridden childhood in Harlem and Jamaica; his meteoric rise to become one of the world's most popular singers, breaking down racial barriers that no one had broken before, achieving equal popularity with white and black audiences; his lifelong, passionate involvement at the heart of the civil rights movement and countless other political and social causes. Along the way he's befriended many beloved and important figures in both entertainment and politics—Paul Robeson; Eleanor Roosevelt; Sidney Poitier; John F. Kennedy; Marlon Brando; Martin Luther King, Jr.; Robert Kennedy; Nelson Mandela; Fidel Castro—and writes about them with the same exceptional candor and insight with which he reveals himself on every page. As both an artist and an activist, Belafonte has touched the lives of countless men and women. With My Song, he has found yet another way to entertain and inspire us. It is an electrifying memoir from a remarkable man.

austin chronicle voters guide: Texas Politics Cal Jillson, 2015-07-30 The fifth edition of this popular text is now expanded and updated to better fit the needs of a stand-alone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day practice and the alternatives possible through change and reform. This text helps instructors prepare their students to master the origin and development of the Texas Constitution, the structure and powers of state and local government in Texas, how Texas fits into the U.S. federal system, as well as political participation, the electoral process, and public policy in Texas. Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary, a list of key terms, review questions, suggested readings, and web resources. Key terms are bolded in the text, listed at the end of the chapter, and included in a glossary at the end of the book. Each chapter includes Let's Compare boxes to help students see how Texas sits alongside other states, and Pro & Con boxes to bring conflicting political views into sharper focus. Tables, figures, and photos throughout highlight the major ideas, issues, individuals, and institutions discussed.

austin chronicle voters guide: Gale Guide to Internet Databases Gale Group, 1999-11 This directory tells how to access and retrieve more than 5,000 Interact databases -- approximately 1,000 new databases have been added for this 5th edition. Five comprehensive indexes -- master, subject, host/provider, white pages and alternate format -- provide quick access to the desired database.

austin chronicle voters guide: The Life and Adventures of Joaquín Murieta John Rollin Ridge, 2021-06-01 The Life and Adventures of Joaquin Murieta (1854) is a novel by John Rollin Ridge. Published under his birth name Yellow Bird, from Cheesquatalawny in Cherokee, The Life and Adventures of Joaquin Murieta was the first novel from a Native American author. Despite its popular success worldwide—the novel was translated into French and Spanish—Ridge's work was a financial failure due to bootleg copies and widespread plagiarism. Recognized today as a groundbreaking work of nineteenth century fiction, The Life and Adventures of Joaquin Murieta is a powerful novel that investigates American racism, illustrates the struggle for financial independence among marginalized communities, and dramatizes the lives of outlaws seeking fame, fortune, and vigilante justice. Born in Mexico, Joaquin Murieta came to California in search of gold. Despite his belief in the American Dream, he soon faces violence and racism from white settlers who see his success as a miner as a personal affront. When his wife is raped by a mob of white men and after Joaquin is beaten by a group of horse thieves, he loses all hope of living alongside Americans and turns to a life of vigilantism. Joined by a posse of similarly enraged Mexican-American men, Joaquin becomes a fearsome bandit with a reputation for brutality and stealth. Based on the life of Joaquin Murrieta Carrillo, also known as The Robin Hood of the West, The Life and Adventures of Joaquin Murieta would serve as inspiration for Johnston McCulley's beloved pulp novel hero Zorro. With a beautifully designed cover and professionally typeset manuscript, this edition of John Rollin Ridge's The Life and Adventures of Joaquin Murieta is a classic work of Native American literature reimagined for modern readers.

austin chronicle voters guide: Why the Reagan and Bush Tax-cuts are Unfair Walter F. Picca, 2007 This book is a critical analysis of the Reagan and Bush tax cuts, which favored the richest Americans and are a major cause of the soaring federal deficits. It explains how Bush misrepresented the tax cuts. It explains why the federal budget deficits are bogus, how executive stock options are abused, and it defends the estate tax, which Bush wants to repeal and calls-the Dead Tax. It alleges the government has become a plutocracy during the Bush administration: the

rich have become super rich and the poor have become poorer-because of the lopsided and irresponsible tax cuts. The SECOND EDITION contains the 2007 UPDATE. It charges President Bush misrepresented the federal deficit reduction in his 2007 address to the nation. It includes letters to Warren Buffett, Lee Iacocca, and Al Gore. It compares statements from Lee Iacocca's book: Where Have All the Leaders Gone-that agree with this book: Why the Reagan and Bush Tax Cuts are Unfair. It comments on Al Gore's new book: The Assault on Reason, the Iraq war, Islamofascism, torture, Guantanamo Bay, and other things: plus-Tax Recommendations.

austin chronicle voters guide: Electoral Engineering Pippa Norris, 2004-02-09 From Kosovo to Kabul, the last decade witnessed growing interest in ?electoral engineering?. Reformers have sought to achieve either greater government accountability through majoritarian arrangements or wider parliamentary diversity through proportional formula. Underlying the normative debates are important claims about the impact and consequences of electoral reform for political representation and voting behavior. The study compares and evaluates two broad schools of thought, each offering contracting expectations. One popular approach claims that formal rules define electoral incentives facing parties, politicians and citizens. By changing these rules, rational choice institutionalism claims that we have the capacity to shape political behavior. Alternative cultural modernization theories differ in their emphasis on the primary motors driving human behavior, their expectations about the pace of change, and also their assumptions about the ability of formal institutional rules to alter, rather than adapt to, deeply embedded and habitual social norms and patterns of human behavior.

austin chronicle voters guide: Criminal Justice Policy Stacy L. Mallicoat, Christine L. Gardiner, 2013-10-15 Criminal Justice Policy provides a thematic overview of criminal justice policy and its relationship to the American criminal justice system. Scholars, practitioners, and politicians continually debate the value of these policies in their evaluations of the current system. As the nature of this subject involves a host of issues (including politics, public sentiment, research, and practice), the authors expertly highlight these concerns on criminal justice policy and address the implications for the overall system and society at large. This text is organized into three parts: Foundations of criminal justice policy focuses on the role of politics, best practices, and street level bureaucracy in criminal justice policy. Criminal justice policy in action provides an analysis of fifteen different policy issues in criminal justice, such as immigration, drugs, mental health and capital punishment. Each section begins with a basic summary of the policy, accompanied by a brief synopsis of the framing issues. This brief, but informative summary, draws students' attention to essential concepts and ideas, provides a roadmap for what they can expect to learn, and ensures continuity throughout the text. The text concludes with a discussion about the future directions of criminal justice policy.
