**brain pop quiz answers:** *White Privilege Pop Quiz* Molly Secours, 2020-10-17 It takes a very brave fish to point out that the water is not what it's made out to be. Molly Secours is that fish. With the simplicity of a pop quiz, quiet privilege becomes a loud declaration that it's time for real change - not a slogan, but a complete overhaul of our color-coded world. --Peter Buffett, American musician, composer, author, producer, and second son of investor Warren Buffett. For over 20 years, Secours has been urging audiences to look in the mirror. *White Privilege Pop Quiz* consists of questions and revelations that help set a context for discussing the term White Privilege and serves to help people understand what it means to possess it. The quiz is meant to dispel any mystery or skepticism about the existence of privilege for those who have never given it much, if any, thought. After all, the number one privilege of Whiteness is to not have to think about it, therein denying its existence. Each chapter of the book begins with a multiple-choice question meant to reveal, inform and inspire more questions about Whiteness and the system invented to promote Whiteness than you have ever entertained before. The hope is that perhaps the quiz will point readers in a new direction --to think more deeply and behave more consciously. If you feel strongly that there is no such thing as White privilege then this book may be especially helpful. I don't care if you voted for Obama in '08, everyone, especially White people, need to study *The White Privilege Pop Quiz*. It is virtually

impossible to read this book and wrestle with the questions without thinking deeply about how racism--hidden in plain sight--continues to produce inequality, weaken our democracy, and warp our spirit. And if you believe the issue of racial privilege is obsolete because we now live in a color-blind society, Molly Secours's wry and brilliant insights will demolish all such illusions. --Robin D. G. Kelley, Author Author of *Thelonious Monk: The Life and Times of an American Original* and *Freedom Dreams: The Black Radical Imagination*

But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. **brain pop quiz answers:** *The Slaves* Frederick Douglass, 2016-12-16 The Slaves is nothing but Frederick Douglass's groundbreaking autobiography and his first book *Narrative of the Life of Frederick Douglass, An American Slave, written by Himself*. We have renamed the title here as *The Slaves* to keep the title short as well as to establish that Frederick Douglass is no longer a name of a particular slave born in nineteenth-century America, but a name that represents slaves of the entire world and of all time. Even though, we do not wish anyone to be born into slavery anymore like Frederick was, we have taken him as a symbol of all the slaves as a wish that all who are still in slavery may have the spirit of Frederick Douglass and fight their ways to the freedom and work to free other slaves to make the slavery history. The life of Frederick, in one way or another, is the lives of all other slaves. Hence, we have named this version of his book *The Slaves*.
