Give Me Liberty Online Textbook: Your Guide to Accessing and Utilizing the Digital Edition

Are you a student staring down a mountain of textbooks, dreading the weight and expense? Or perhaps you're a teacher looking for a more accessible and engaging way to deliver course material? Then you've come to the right place! This comprehensive guide will delve into everything you need to know about accessing and effectively utilizing the "Give Me Liberty!" online textbook, exploring its features, benefits, and potential drawbacks. We'll cover everything from finding the right edition to maximizing your learning experience with the digital format.

Finding Your "Give Me Liberty!" Online Textbook: A Step-by-Step Guide

The first hurdle is locating the correct digital version of "Give Me Liberty! An American History." The market offers various editions, often bundled with different access codes and supplementary materials. To avoid confusion and unnecessary expenses, follow these steps:

1. Confirm the Required Edition:

Before searching, confirm the precise edition your instructor requires. The edition number (e.g., 6th edition, 7th edition) and ISBN are crucial. Mismatched editions can lead to significant discrepancies in reading assignments and quiz questions. Check your syllabus meticulously.

2. Explore Your Institution's Resources:

Many colleges and universities provide access to digital textbooks through their learning management systems (LMS) like Canvas, Blackboard, or Moodle. Check your LMS portal first; your access might already be included in your tuition fees.

3. Investigate Online Bookstores:

If your institution doesn't offer direct access, reputable online bookstores such as Amazon, Barnes & Noble, Chegg, and VitalSource are excellent options. Look for e-book versions explicitly stating compatibility with your preferred devices (computers, tablets, smartphones). Carefully examine the description to ensure you're purchasing the correct edition and that it includes any required access codes for online quizzes or assignments.

4. Consider Rental Options:

For a cost-effective alternative, explore textbook rental services. These services allow you to rent the digital edition for a specific period, significantly reducing the overall cost. Remember to return the digital access at the end of the rental period to avoid additional charges.

Maximizing Your Learning Experience with the Digital "Give Me Liberty!" Textbook

Owning the digital edition is only half the battle; effectively utilizing its features is just as important.

1. Leverage Digital Features:

Most digital textbooks offer features beyond simple text. Explore built-in tools like highlighting, note-taking, bookmarking, and search functionalities. These tools are specifically designed to enhance comprehension and retention. Use them!

2. Create a Personalized Study Schedule:

Break down your reading assignments into manageable chunks. Set realistic daily or weekly goals, and stick to your schedule to avoid feeling overwhelmed.

3. Utilize Active Reading Techniques:

Don't just passively read the text. Engage actively by summarizing chapters, asking yourself questions about the material, and connecting concepts to what you already know.

4. Take Advantage of Supplementary Materials:

Many digital versions of "Give Me Liberty!" include supplementary materials, such as interactive timelines, maps, primary source documents, and study guides. These resources can greatly enhance your understanding of the subject matter.

5. Engage with Online Communities:

If permitted by your instructor, connect with other students online to discuss the readings and share insights. Online forums or study groups can foster collaborative learning and deepen your comprehension.

Potential Drawbacks of the Digital "Give Me Liberty!" Textbook

While the digital format offers many benefits, it's important to acknowledge potential downsides:

Technological Dependence: You need a reliable internet connection and compatible devices to access the textbook.

Distractions: The digital environment can be rife with distractions, making it crucial to maintain focus.

Accessibility Issues: While improvements are ongoing, some individuals may find digital text less accessible than print.

Conclusion

Choosing the right version and effectively using the digital "Give Me Liberty!" textbook can significantly enhance your learning experience. By following the steps outlined above and leveraging the digital features, you can make the most of this valuable resource. Remember to always check your syllabus for specific requirements and utilize the various tools and resources available to maximize your understanding and success in your American History course.

FAQs

1. Can I download the "Give Me Liberty!" textbook to my device for offline reading? This depends on the platform and licensing agreement. Check the terms of service for your specific edition. Some platforms allow downloads for offline use, while others require a constant internet connection.
2. What if I lose access to my online textbook? Contact your institution's library or the textbook provider immediately. They can usually assist with regaining access or resolving any technical issues.
3. Are there any differences in content between the print and online versions? Typically, the content remains consistent. However, the online version may include added interactive features not available in the print edition.
4. Is the online textbook compatible with screen readers for visually impaired students? The compatibility depends on the specific platform and accessibility features built into the digital edition. Check the textbook provider's website for accessibility information.
5. Can I highlight and annotate the digital textbook like a physical book? Yes, most digital textbooks offer robust highlighting and annotation tools, allowing you to personalize your learning experience. These annotations are usually saved to your account, allowing you to review them later.

give me liberty online textbook: Give Me Liberty! Eric Foner, 2006 Give Me Liberty! An American History is a concise, clear, and inclusive narrative of American history written by distinguished historian Eric Foner.

give me liberty online textbook: Give Me Liberty! An American History Eric Foner, 2016-09-15 Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

give me liberty online textbook: Give Me Liberty!, 6th Edition (Volume 2) Eric Foner, 2019-10 The leading U.S. history textbook, with a new focus on Who is an American?

give me liberty online textbook: Give Me Liberty!: An American History Seagull 6E Combined Vol Foner, Eric, 2019-12-01 A powerful text by an acclaimed historian, Give Me Liberty! delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion—reinforced by new primary source features in the text and a new secondary source tutorial online—Give Me Liberty! strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price.

give me liberty online textbook: U.S. History P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 U.S. History is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

give me liberty online textbook: *Give Me Liberty!, 6th Brief Edition (Volume 2)* Eric Foner, 2020 The leading U.S. history textbook, with a new focus on Who is an American?

give me liberty online textbook: *Give Me Liberty* L. M. Elliott, 2009-04-14 An exciting novel for tweens that captures the dawn of the American Revolution. Life is tough for thirteen-year-old Nathaniel Dunn, an indentured servant in colonial Virginia. Then in a twist of luck, he meets Basil, a kind schoolmaster, and an arrangement is struck lending Nathaniel's labor to a Williamsburg carriage maker. Basil introduces Nathaniel to music, books, and philosophies that open his mind to new attitudes about equality. The year is 1775, and as colonists voice their rage over England's taxation, Patrick Henry's words give me liberty, or give me death become the sounding call for action. Should Nathaniel and Basil join the fight? What is the meaning of liberty in a country reliant on indentured servants and slaves? Nathaniel must face the puzzling choices a dawning nation lays before him. "Filled with action, well-drawn characters, and a sympathetic understanding of many points of view." —ALA Booklist

give me liberty online textbook: *Give Me Liberty!* Eric Foner, 2008 Concise, clear, compact, Eric Foner's brilliant synthesis of American history is the perfect teaching tool for the U.S. survey course.

give me liberty online textbook: *Liberty and Security* Conor Gearty, 2013-04-03 All aspire to liberty and security in their lives but few people truly enjoy them. This book explains why this is so. In what Conor Gearty calls our 'neo-democratic' world, the proclamation of universal liberty and security is mocked by facts on the ground: the vast inequalities in supposedly free societies, the authoritarian regimes with regular elections, and the terrible socio-economic deprivation camouflaged by cynically proclaimed commitments to human rights. Gearty's book offers an explanation of how this has come about, providing also a criticism of the present age which tolerates it. He then goes on to set out a manifesto for a better future, a place where liberty and security can be rich platforms for everyone's life. The book identifies neo-democracies as those places which play at democracy so as to disguise the injustice at their core. But it is not just the new 'democracies' that have turned 'neo', the so-called established democracies are also hurtling in the same direction, as is the United Nations. A new vision of universal freedom is urgently required. Drawing on scholarship in law, human rights and political science this book argues for just such a vision, one in which the great achievements of our democratic past are not jettisoned as easily as were the socialist ideals of the original democracy-makers.

give me liberty online textbook: *Work's Intimacy* Melissa Gregg, 2013-04-23 This book provides a long-overdue account of online technology and its impact on the work and lifestyles of professional employees. It moves between the offices and homes of workers in the new knowledge economy to provide intimate insight into the personal, family, and wider social tensions emerging in today's rapidly changing work environment. Drawing on her extensive research, Gregg shows that new media technologies encourage and exacerbate an older tendency among salaried professionals to put work at the heart of daily concerns, often at the expense of other sources of intimacy and fulfillment. New media technologies from mobile phones to laptops and tablet computers, have been marketed as devices that give us the freedom to work where we want, when we want, but little attention has been paid to the consequences of this shift, which has seen work move out of the office and into cafés, trains, living rooms, dining rooms, and bedrooms. This professional presence bleed leads to work concerns impinging on the personal lives of employees in new and unforeseen ways. This groundbreaking book explores how aspiring and established professionals each try to cope with the unprecedented intimacy of technologically-mediated work, and how its seductions seem poised to triumph over the few remaining relationships that may stand in its way.

give me liberty online textbook: *Why America Needs a Left* Eli Zaretsky, 2013-04-26 The United States today cries out for a robust, self-respecting, intellectually sophisticated left, yet the very idea of a left appears to have been discredited. In this brilliant new book, Eli Zaretsky rethinks the idea by examining three key moments in American history: the Civil War, the New Deal and the range of New Left movements in the 1960s and after including the civil rights movement, the

women's movement and gay liberation. In each period, he argues, the active involvement of the left - especially its critical interaction with mainstream liberalism - proved indispensable. American liberalism, as represented by the Democratic Party, is necessarily spineless and ineffective without a left. Correspondingly, without a strong liberal center, the left becomes sectarian, authoritarian, and worse. Written in an accessible way for the general reader and the undergraduate student, this book provides a fresh perspective on American politics and political history. It has often been said that the idea of a left originated in the French Revolution and is distinctively European; Zaretsky argues, by contrast, that America has always had a vibrant and powerful left. And he shows that in those critical moments when the country returns to itself, it is on its left/liberal bases that it comes to feel most at home.

give me liberty online textbook: *Land of Hope* Wilfred M. McClay, 2020-09-22 For too long we've lacked a compact, inexpensive, authoritative, and compulsively readable book that offers American readers a clear, informative, and inspiring narrative account of their country. Such a fresh retelling of the American story is especially needed today, to shape and deepen young Americans' sense of the land they inhabit, help them to understand its roots and share in its memories, all the while equipping them for the privileges and responsibilities of citizenship in American society. The existing texts simply fail to tell that story with energy and conviction. Too often they reflect a fragmented outlook that fails to convey to American readers the grand trajectory of their own history. This state of affairs cannot continue for long without producing serious consequences. A great nation needs and deserves a great and coherent narrative, as an expression of its own self-understanding and its aspirations; and it needs to be able to convey that narrative to its young effectively. Of course, it goes without saying that such a narrative cannot be a fairy tale of the past. It will not be convincing if it is not truthful. But as *Land of Hope* brilliantly shows, there is no contradiction between a truthful account of the American past and an inspiring one. Readers of *Land of Hope* will find both in its pages.

give me liberty online textbook: *Liberty and Union* Edgar J. McManus, Tara Helfman, 2014-01-21 This, the concise edition of *Liberty and Union*, is an abridged constitutional history of the United States, designed for short single-semester courses, comprising the key topics from Volumes 1 and 2. Written in a clear and engaging narrative style, it successfully unites thorough chronological coverage with a thematic approach, offering critical analysis of core constitutional history topics, set in the political, social, and economic context that made them constitutional issues in the first place. Combining a thoughtful and balanced narrative with an authoritative stance on key issues, the authors deliberately explain the past in the light of the past, without imposing upon it the standards of later generations. Authored by two experienced professors in the field, this concise edition presents seminal topics while retaining the narrative flow of the two full original volumes. An accessible alternative to dense scholarly works, this textbook avoids unnecessary technical jargon, defines legal terms and historical personalities where appropriate, and makes explicit connections between constitutional themes and historical events. For students in a short undergraduate or postgraduate constitutional history course, or anyone with a general interest in constitutional developments, this book will be essential reading. Useful features include: Full glossary of legal terminology Recommended reading A table of cases Extracts from primary documents Companion website Useful documents provided: Declaration of Independence Articles of Confederation Constitution of the United States of America Chronological list of Supreme Court justices

give me liberty online textbook: Political Philosophy Adam Swift, 2014 Bringing political philosophy out of the ivory tower and within the reach of all, this book provides us with the tools to cut through the complexity of modern politics.

give me liberty online textbook: Market Theory and the Price System Israel Mayer Kirzner, 2007 Israel Kirzner's outstanding book on price theory is back in print. It has been very difficult to obtain it for decades, even though it is surely the best textbook on Austrian price theory ever written. The prose is crystal clear and the organization exceptional. He takes the reader through the foundations of individual action, exchange, utility, demand and supply, production, and

the market process itself. Had it been in print, it would have schooled generations in Austrian price theory, and it is surely useful in the classroom today, or for general reading. Not a collection of essays, it is an integrated presentation from top to bottom, written early in Kirzner's post-doctoral career.

give me liberty online textbook: The Law of Nations Emer de Vattel, 1856

give me liberty online textbook: Give Me Liberty! and Voices of Freedom Eric Foner, 2013-11-12 It s the leading text in the field because it works in the classroom.

give me liberty online textbook: The American Yawp Joseph L. Locke, Ben Wright, 2019-01-22 I too am not a bit tamed--I too am untranslatable / I sound my barbaric yawp over the roofs of the world.--Walt Whitman, Song of Myself, Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students--an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

give me liberty online textbook: Born for Liberty Sara Evans, 1997-08-22 A history of American women from the Indian woman of the 16th century to the dual-role career woman and mother of the 1980s.

give me liberty online textbook: Textbook on International Human Rights Rhona K. M. Smith, 2016 Global in coverage, 'Textbook on International Human Rights' provides a wide-ranging introduction for law students new to the study of the subject. It considers historical factors, the work of the UN, regional systems, and a variety of substantive rights.

give me liberty online textbook: *The World Book Encyclopedia*, 2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

give me liberty online textbook: The Illustrated Battle Cry of Freedom James M. McPherson, 2003-12-11 Filled with fresh interpretations and information, puncturing old myths and challenging new ones, Battle Cry of Freedom will unquestionably become the standard one-volume history of the Civil War. James McPherson's fast-paced narrative fully integrates the political, social, and military events that crowded the two decades from the outbreak of one war in Mexico to the ending of another at Appomattox. Packed with drama and analytical insight, the book vividly recounts the momentous episodes that preceded the Civil War--the Dred Scott decision, the Lincoln-Douglas debates, John Brown's raid on Harper's Ferry--and then moves into a masterful chronicle of the war itself--the battles, the strategic maneuvering on both sides, the politics, and the personalities. Particularly notable are McPherson's new views on such matters as the slavery expansion issue in the 1850s, the origins of the Republican Party, the causes of secession, internal dissent and anti-war opposition in the North and the South, and the reasons for the Union's victory. The book's title refers to the sentiments that informed both the Northern and Southern views of the conflict: the South

seceded in the name of that freedom of self-determination and self-government for which their fathers had fought in 1776, while the North stood fast in defense of the Union founded by those fathers as the bulwark of American liberty. Eventually, the North had to grapple with the underlying cause of the war--slavery--and adopt a policy of emancipation as a second war aim. This new birth of freedom, as Lincoln called it, constitutes the proudest legacy of America's bloodiest conflict. This authoritative volume makes sense of that vast and confusing second American Revolution we call the Civil War, a war that transformed a nation and expanded our heritage of liberty.

give me liberty online textbook: *Give Me Liberty! An American History* Eric Foner, 2017-05-01 *Give Me Liberty!* is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

give me liberty online textbook: *A Concise History of Modern Europe* David S. Mason, 2011-01-16 Highlighting the most important events, ideas, and individuals that shaped modern Europe, *A Concise History of Modern Europe* provides a readable, succinct history of the continent from the Enlightenment and the French Revolution to the present day. Avoiding a detailed, lengthy chronology, the book focuses on key events and ideas to explore the causes and consequences of revolutions—be they political, economic, or scientific; the origins and development of human rights and democracy; and issues of European identity. Any reader needing a broad overview of the sweep of European history since 1789 will find this book, published in a first edition under the title *Revolutionary Europe*, an engaging and cohesive narrative.

give me liberty online textbook: *Global Health and International Relations* Colin McInnes, Kelley Lee, 2013-05-02 The long separation of health and International Relations, as distinct academic fields and policy arenas, has now dramatically changed. Health, concerned with the body, mind and spirit, has traditionally focused on disease and infirmity, whilst International Relations has been dominated by concerns of war, peace and security. Since the 1990s, however, the two fields have increasingly overlapped. How can we explain this shift and what are the implications for the future development of both fields? Colin McInnes and Kelley Lee examine four key intersections between health and International Relations today - foreign policy and health diplomacy, health and the global political economy, global health governance and global health security. The explosion of interest in these subjects has, in large part, been due to real world concerns - disease outbreaks, antibiotic resistance, counterfeit drugs and other risks to human health amid the spread of globalisation. Yet the authors contend that it is also important to understand how global health has been socially constructed, shaped in theory and practice by particular interests and normative frameworks. This groundbreaking book encourages readers to step back from problem-solving to ask how global health is being problematized in the first place, why certain agendas and issue areas are prioritised, and what determines the potential solutions put forth to address them? The palpable struggle to better understand the health risks facing a globalized world, and to strengthen collective action to deal with them effectively, begins - they argue - with a more reflexive and critical approach to this rapidly emerging subject.

give me liberty online textbook: *First Things First* Ronald K.L. Collins, Will Creeley, David L. Hudson, Jr., 2019-09-09 *First Things First* is a college coursebook like no other. Written by three First Amendment experts and professors, the book provides students with the fundamentals of modern American free speech law in a clear, concise, and accessible manner. *First Things First* also introduces readers to First Amendment issues related to topics such as student speech, freedom of the press, civil rights, LGBTQ rights, advertising, music censorship, and artificial intelligence. The text includes scores of audio and video links, photographs, and helpful study-aid summaries and questions. *First Things First*'s vibrant and engaging tone ensures readers will leave this book with a dynamic understanding of their rights and the value of free speech. "First Things First sets the

standard for teaching free speech law.... It combines clearly-written case narratives with frequent excursions to a rich trove of other online material—including video and audio files—that provide additional legal and historical context.” —Stephen D. Solomon (founding editor, First Amendment Watch) “With admirable clarity and brevity, *First Things First* covers the field of First Amendment law and theory in a readable and accessible way.... This innovative book explains not just the fundamentals of First Amendment law, but how we got to where we are, and why.” —Robert Corn-Revere (First Amendment lawyer) *First Things First* is a welcome addition to the course materials for students studying law, journalism, history, political science, government and a host of other disciplines. —Lucy A. Dalglish, dean and professor, Philip Merrill College of Journalism, University of Maryland *First Things First* is an incredibly insightful and inviting introduction to U.S. speech and press law. Its approach makes its content completely accessible to beginner and expert alike. But even better, its scores of online links to additional layers of material—including streaming audio and video—make this narrative and case-oriented resource like no other. In addition to teaching the law, the various elements help to reveal what it means to live in a free speech society. *First Things First* is made for the 21st century student—and professor. —Joseph Russomanno, Associate Professor, Arizona State University

give me liberty online textbook: *Voices of Freedom* Eric Foner, 2005 Edited by Eric Foner and coordinated with each chapter of the text, this companion to *Give Me Liberty!* includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

give me liberty online textbook: *The State* Anthony De Jasay, 1998 *The State* is a brilliant analysis of some of the fundamental issues of modern political thought from the perspective, not of individuals or subjects, but of the state itself. The author poses the query, What would you do if you were the state? The state usually is understood as an instrument, not a personality, and it is presumed to exist so that people can achieve their common ends. However, Jasay asks, what if we suppose the state to have a will and ends of its own? To answer these questions, the author traces the logical and historical progression of the state from a modest-sized protector of life and property through its development into an agile seducer of democratic majorities, to the welfare-dispensing drudge that it is in many countries today ... Is the rational next step a totalitarian enhancement of its power? *The State* presents what has been termed a disturbingly logical 'agenda' for the state in pursuit of its 'self-fulfillment.' --Inside jacket flap.

give me liberty online textbook: *George Washington* George Washington, 1988 Based almost entirely on materials reproduced from: The writings of George Washington from the original manuscript sources, 1745-1799 / John C. Fitzpatrick, editor. Includes indexes.

give me liberty online textbook: *The Liberty Bell* Kirsten Chang, 2019 Developed by literacy experts for students in kindergarten through grade three, this book introduces the Liberty Bell to young readers through leveled text and related photos--

give me liberty online textbook: *Discourse on the Sciences and Arts* Jean-Jacques Rousseau, 1992 Rousseau attacks the social and political effects of the dominant forms of scientific knowledge. Contains the entire First Discourse, contemporary attacks on it, Rousseau's replies to his critics, and his summary of the debate in his preface to *Narcissus*. A number of these texts have never before been available in English. The First Discourse and Polemics demonstrate the continued relevance of Rousseau's thought. Whereas his critics argue for correction of the excesses and corruptions of knowledge and the sciences as sufficient, Rousseau attacks the social and political effects of the dominant forms of scientific knowledge.

give me liberty online textbook: *Liberty Bible Commentary* Jerry Falwell, 1983-11-01

give me liberty online textbook: *Give Me Liberty!, 6th Brief Edition (Volume 1)* Eric Foner, 2020-02-03 The leading U.S. history textbook, with a new focus on Who is an American?

give me liberty online textbook: *An Indispensable Liberty* Mary M. Cronin, 2016-03-09 This collection of eleven essays examines nineteenth-century legal and extralegal attempts to restrict

freedom of speech and the press as well as the efforts of others to push back against those restrictions--

give me liberty online textbook: *Teaching White Supremacy* Donald Yacovone, 2022-09-27 A powerful exploration of the past and present arc of America's white supremacy—from the country's inception and Revolutionary years to its 19th century flashpoint of civil war; to the Civil Rights movement of the 1960s and today's Black Lives Matter. "The most profoundly original cultural history in recent memory." —Henry Louis Gates, Jr., Harvard University "Stunning, timely . . . an achievement in writing public history . . . Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms. —David W. Blight, Sterling Professor of American History, Yale University; author of the Pulitzer Prize-winning *Frederick Douglass: Prophet of Freedom* Donald Yacovone shows us the clear and damning evidence of white supremacy's deep-seated roots in our nation's educational system through a fascinating, in-depth examination of America's wide assortment of texts, from primary readers to college textbooks, from popular histories to the most influential academic scholarship. Sifting through a wealth of materials from the colonial era to today, Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity. Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth-century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter. In a stunning reappraisal, the author argues that it is the North, not the South, that bears the greater responsibility for creating the dominant strain of race theory, which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities, even as Northerners blamed the South for its legacy of slavery, segregation, and racial injustice. A major assessment of how we got to where we are today, of how white supremacy has suffused every area of American learning, from literature and science to religion, medicine, and law, and why this kind of thinking has so insidiously endured for more than three centuries.

give me liberty online textbook: *Comparative Perspectives on School Textbooks* Dobrochna Hildebrandt-Wypych, Alexander W. Wiseman, 2021-04-22 This book examines the discourses on nation-building, civic identity, minorities, and the formation of religious identities in school textbooks worldwide. It offers up-to-date, practical, and scholarly information on qualitative and mixed-method textbook analysis, as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries. The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social, political, and economic groups affect textbook production and the curricular aims in different educational systems worldwide. Chapters address the role of school textbooks in developing nationhood, the creation of citizenship through school textbooks, the complexity of gender in normative discourses, and the intersection of religion and culture in school textbooks.

give me liberty online textbook: *Give Me Liberty!* Eric Foner, Kathleen Duval, Lisa McGirr, 2022-10-05 The #1 U.S. history text with inclusive new coverage and improved support for student readers

give me liberty online textbook: *Learning in the Cloud* Mark Warschauer, 2015-04-17 This comprehensive and cutting-edge book portrays a vision of how digital media can help transform schools, and what kinds of curriculum pedagogy, assessment, infrastructure, and learning environments are necessary for the transformation to take place. The author and his research team spent thousands of hours observing classes and interviewing teachers and students in both successful and unsuccessful technology-rich schools throughout the United States and other countries. Featuring lessons learned as well as analysis of the most up-to-date research, they offer a welcome response to simplistic approaches that either deny the potential of technology or exaggerate its ability to reform education simply by its presence in schools. Challenging conventional wisdom about technology and education, *Learning in the Cloud*: critically examines concepts such as the digital divide, 21st-century skills, and guide on the side for assessing and

guiding efforts to improve schools; combines a compelling vision of technology's potential to transform learning with an insightful analysis of the curricular challenges required for meaningful change; and discusses the most recent trends in media and learning, such as the potential of tablets and e-reading.

give me liberty online textbook: The Oxford Textbook on Criminology Steve Case, David Manlow, Kate Williams, Philip Johnson, Roger Smith, 2021 First published in 2017, as: Criminology.

give me liberty online textbook: Trumping Democracy Chip Berlet, 2019-11-22 Since 2014, over 80 people have been killed in the United States of America by Right-wing terrorists. In 2016 Donald Trump was elected President of the United States and received substantial support from White nationalists. This book explains the increase in violent White nationalism and Trump's ascendancy in the context of the backlash against the presidency of Barack Obama. It demonstrates how there is a dynamic relationship between the Republican Party, various Right-wing populist movements, and the Right. Far Right social movements, political campaigns and the online presence of the so-called 'alt-Right' are all discussed. The book argues that unfair hierarchies of race, gender, and class are not aberrational tremors in America, but the fracturing bedrock of a nation in which being White, male, Christian, or straight no longer ensures a stable floor for power, status, or privilege. This is vital reading for students, researchers, and activists interested in American politics and the dangers of Right-wing movements and political parties.
