La Progressive Voter Guide: Your Roadmap to Informed Voting in Louisiana

Navigating the Louisiana political landscape can feel overwhelming, especially for progressive voters. This comprehensive guide cuts through the noise, providing you with the information you need to make informed choices during election season. We'll delve into key issues, highlight progressive candidates, and equip you with the resources to become an active and effective participant in Louisiana's political process. This isn't just a list; it's your roadmap to shaping a more progressive future for Louisiana.

Choosing Your Battles: Key Issues for Progressive Voters in LA

Louisiana's political climate presents unique challenges for progressives. Understanding the key issues and how they impact your community is crucial. We'll examine the most pressing concerns and help you identify candidates who align with your values.

H2: Healthcare Access & Affordability:

Healthcare is a fundamental human right, yet many Louisianans struggle to access affordable, quality care. This section will highlight the candidates' positions on expanding Medicaid, lowering prescription drug costs, and ensuring access to mental healthcare services. We'll also discuss the importance of supporting community clinics and addressing the healthcare disparities within the state.

H3: Medicaid Expansion: Which candidates actively support expanding Medicaid eligibility to cover more low-income residents?

H3: Prescription Drug Prices: Analyze the candidates' stance on measures to regulate and lower prescription drug costs.

H2: Environmental Protection & Climate Change:

Louisiana's unique coastal environment faces significant threats from rising sea levels, pollution, and the ongoing effects of climate change. This section will examine the candidates' environmental platforms, focusing on their plans for coastal restoration, renewable energy development, and responsible resource management.

H3: Coastal Restoration Initiatives: Discover which candidates champion robust investments in Louisiana's coastal restoration projects.

H3: Renewable Energy Transition: Explore the candidates' positions on transitioning Louisiana to cleaner and more sustainable energy sources.

H2: Economic Justice & Fair Wages:

Economic inequality continues to be a significant issue in Louisiana. This section will focus on candidates who support raising the minimum wage, strengthening labor unions, and promoting policies that foster economic opportunity for all Louisianans, regardless of background or socioeconomic status.

H3: Minimum Wage Increases: Identify candidates who advocate for raising the minimum wage to a living wage.

H3: Support for Labor Unions: Understand which candidates champion workers' rights and support the strengthening of labor unions.

H2: Criminal Justice Reform:

Louisiana has one of the highest incarceration rates in the nation. This section will highlight candidates who advocate for criminal justice reform, including reducing mass incarceration, addressing systemic racism within the justice system, and investing in community-based alternatives to incarceration.

H3: Sentencing Reform: Learn about candidates' positions on reforming sentencing laws to reduce disproportionate incarceration.

H3: Investment in Community Programs: Discover which candidates support investing in social

programs that address the root causes of crime.

Finding Your Voice: Resources for Progressive Voters in Louisiana

Beyond identifying candidates, becoming an informed and active voter involves engaging with your community and participating in the political process. This section will provide you with resources to help you get involved:

Local Progressive Organizations: We will list several local progressive organizations where you can volunteer, attend meetings, and connect with like-minded individuals.

Voter Registration Information: Information on how to register to vote, update your registration, and confirm your eligibility.

Election Information: Details on upcoming elections, polling locations, and deadlines for absentee voting.

Candidate Websites: Links to the websites of progressive candidates so you can research their platforms in more detail.

Conclusion:

By utilizing this La Progressive Voter Guide and actively engaging in the political process, you can significantly contribute to shaping a more just and equitable future for Louisiana. Remember, your voice matters. Make it heard.

FAQs:

1. Where can I find sample ballots? Your local parish registrar of voters' office is the best resource for accessing sample ballots. Their website will usually have this information available closer to election day.

2. How can I get involved in local politics beyond voting? Contact local progressive organizations (listed above) to find volunteer opportunities, attend meetings, and network with activists.

3. What if I don't see a candidate who fully aligns with my values? Prioritize the issues most important to you and choose the candidate who best represents your views on those key areas. Consider contacting candidates directly with your concerns.

4. Are there any resources for understanding specific legislation affecting progressive causes in Louisiana? The Louisiana Legislature's website is a good starting point for researching bills and laws. Organizations like the ACLU of Louisiana often provide analysis and commentary on legislation related to civil rights and social justice.

5. How can I ensure my vote is counted? Double-check your voter registration status, understand absentee voting requirements if needed, and carefully follow instructions at your polling place. If you encounter any issues, contact your local election officials immediately.

la progressive voter guide: Give Us the Ballot Ari Berman, 2015-08-04 A National Book Critics Circle Award Finalist, Nonfiction A New York Times Notable Book of 2015 A Washington Post Notable Nonfiction Book of 2015 A Boston Globe Best Book of 2015 A Kirkus Reviews Best Nonfiction Book of 2015 An NPR Best Book of 2015 Countless books have been written about the civil rights movement, but far less attention has been paid to what happened after the dramatic passage of the Voting Rights Act (VRA) in 1965 and the turbulent forces it unleashed. Give Us the Ballot tells this story for the first time. In this groundbreaking narrative history, Ari Berman charts both the transformation of American democracy under the VRA and the counterrevolution that has sought to limit voting rights, from 1965 to the present day. The act enfranchised millions of Americans and is widely regarded as the crowning achievement of the civil rights movement. And yet, fifty years later, we are still fighting heated battles over race, representation, and political power, with lawmakers devising new strategies to keep minorities out of the voting booth and with the Supreme Court declaring a key part of the Voting Rights Act unconstitutional. Berman brings the struggle over voting rights to life through meticulous archival research, in-depth interviews with major figures in the debate, and incisive on-the-ground reporting. In vivid prose, he takes the reader from the demonstrations of the civil rights era to the halls of Congress to the chambers of the Supreme Court. At this important moment in history, Give Us the Ballot provides new insight into one of the most vital political and civil rights issues of our time.

la progressive voter guide: The Emerging Democratic Majority John B. Judis, Ruy Teixeira, 2004-02-10 ONE OF THE ECONOMIST'S BEST BOOKS OF THE YEAR AND A WINNER OF THE WASHINGTON MONTHLY'S ANNUAL POLITICAL BOOK AWARD Political experts John B. Judis and Ruy Teixeira convincingly use hard data -- demographic, geographic, economic, and political -- to forecast the dawn of a new progressive era. In the 1960s, Kevin Phillips, battling conventional wisdom, correctly foretold the dawn of a new conservative era. His book, The Emerging Republican Majority, became an indispensable guide for all those attempting to understand political change through the 1970s and 1980s. At the beginning of the twenty-first century, with the country in Republican hands, The Emerging Democratic Majority is the indispensable guide to this era. In five well-researched chapters and a new afterword covering the 2002 elections, Judis and Teixeira show how the most dynamic and fastest-growing areas of the country are cultivating a new wave of Democratic voters who embrace what the authors call progressive centrism and take umbrage at Republican demands to privatize social security, ban abortion, and cut back environmental regulations. As the GOP continues to be dominated by neoconservatives, the religious right, and corporate influence, this is an essential volume for all those discontented with their narrow agenda -- and a clarion call for a new political order.

la progressive voter guide: The Fall of Wisconsin Dan Kaufman, 2019-07-09 National bestseller Masterful. —Jane Mayer, best-selling author of Dark Money The Fall of Wisconsin is a deeply reported, searing account of how the state's progressive tradition was undone and Wisconsin itself turned into a laboratory for national conservatives bent on remaking the country. Neither sentimental nor despairing, the book tells the story of the systematic dismantling of laws protecting the environment, labor unions, voting rights, and public education through the remarkable battles of ordinary citizens fighting to reclaim Wisconsin's progressive legacy.

la progressive voter guide: Campaign Guide for Congressional Candidates and Committees , 1982

la progressive voter guide: Use the Power You Have Pramila Jayapal, 2020-07-14 Washington's progressive champion explains how we can achieve a truly inclusive America that works for all of us In November 2016, Pramila Jayapal (D-WA) was elected to the U.S. House of Representatives, the first Indian American woman to serve in that role. Two years later, the fast-rising Democratic star and determined critic of President Donald Trump, according to Politico's Playbook 2017 Power List, won reelection with more votes than any other member of the House. Jayapal, co-chair of the Congressional Progressive Caucus, proved her progressive bonafides when she introduced the most comprehensive Medicare-for-all bill to Congress in February. Behind the

story of Jayapal's rise to political prominence lie over two decades of devoted advocacy on behalf of immigrants and progressive causes—and years of learning how to turn activism into public policy that serves all Americans. *Use the Power You Have* is Jayapal's account of the path from sixteen-year-old Indian immigrant to grassroots activist, state senator, and now progressive powerhouse in Washington, DC. Written with passion and insight, *Use the Power You Have* offers a wealth of ideas and inspiration for a new generation of engaged citizens interested in fighting back and making change, whether in Washington or in their own communities.

la progressive voter guide: *The More Beautiful World Our Hearts Know Is Possible*

Charles Eisenstein, 2013-11-05 As seen on Oprah's Super Soul Sunday A beacon of hope in the face of our current world crises, this uplifting book demonstrates how embracing our interconnectedness is key to world transformation In a time of social and ecological crisis, what can we as individuals do to make the world a better place? This inspirational and thought-provoking book serves as an empowering antidote to the cynicism, frustration, paralysis, and overwhelm so many of us are feeling, replacing it with a grounding reminder of what's true: we are all connected, and our small, personal choices bear unsuspected transformational power. By fully embracing and practicing this principle of interconnectedness—called interbeing—we become more effective agents of change and have a stronger positive influence on the world. Throughout the book, Eisenstein relates real-life stories showing how small, individual acts of courage, kindness, and self-trust can change our culture's guiding narrative of separation, which, he shows, has generated the present planetary crisis. He brings to conscious awareness a deep wisdom we all innately know: until we get ourselves in order, any action we take—no matter how good our intentions—will ultimately be wrong-headed and wrong-hearted. Above all, Eisenstein invites us to embrace a radically different understanding of cause and effect, sounding a clarion call to surrender our old worldview of separation, so that we can finally create the more beautiful world our hearts know is possible. With chapters covering separation, interbeing, despair, hope, pain, pleasure, consciousness, and many more, the book invites us to let the old Story of Separation fall away so that we can stand firmly in a Story of Interbeing.

la progressive voter guide: *Strengthening Forensic Science in the United States*

National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

la progressive voter guide: *10 Steps to Repair American Democracy*

Steven Hill, 2015-12-03 In *10 Steps to Repair American Democracy* Steven Hill addresses the problems plaguing the US political system, outlining his ten-step program to improve American democracy. He proposes specific reforms to give voters more choices at the ballot box, boost voter turnout, reduce Senate

'filibustering' and end excessive corporate dominance. In the face of mounting cynicism about the US political system, *10 Steps to Repair American Democracy* is a refreshing blueprint for how to resurrect the Founders' democratic vision. It will change the way you think about US politics.

la progressive voter guide: *It's Even Worse Than It Looks* Thomas E. Mann, Norman J. Ornstein, 2016-04-05 Acrimony and hyperpartisanship have seeped into every part of the political process. Congress is deadlocked and its approval ratings are at record lows. America's two main political parties have given up their traditions of compromise, endangering our very system of constitutional democracy. And one of these parties has taken on the role of insurgent outlier; the Republicans have become ideologically extreme, scornful of compromise, and ardently opposed to the established social and economic policy regime. In *It's Even Worse Than It Looks*, congressional scholars Thomas Mann and Norman Ornstein identify two overriding problems that have led Congress -- and the United States -- to the brink of institutional collapse. The first is the serious mismatch between our political parties, which have become as vehemently adversarial as parliamentary parties, and a governing system that, unlike a parliamentary democracy, makes it extremely difficult for majorities to act. Second, while both parties participate in tribal warfare, both sides are not equally culpable. The political system faces what the authors call &asymmetric polarization, with the Republican Party implacably refusing to allow anything that might help the Democrats politically, no matter the cost. With dysfunction rooted in long-term political trends, a coarsened political culture and a new partisan media, the authors conclude that there is no &silver bullet; reform that can solve everything. But they offer a panoply of useful ideas and reforms, endorsing some solutions, like greater public participation and institutional restructuring of the House and Senate, while debunking others, like independent or third-party candidates. Above all, they call on the media as well as the public at large to focus on the true causes of dysfunction rather than just throwing the bums out every election cycle. Until voters learn to act strategically to reward problem solving and punish obstruction, American democracy will remain in serious danger.

la progressive voter guide: *Grand Old Party* Lewis L. Gould, 2012 This highly readable narrative history of the Republican Party profiles the G.O.P. from its emergence as an antislavery party during the 1850s to its current place as champion of political conservatism.

la progressive voter guide: *Nonviolent Response to Terrorism* Tom H. Hastings, 2003-12-31 Terrorism, which by definition targets civilians, is unacceptable, but a violent response to violence usually causes more violence. This book outlines some of the best thinking about nonviolent methods of resisting terrorism in the growing fields of international aid and nonviolent interposition. The first section covers immediate nonviolent response to terrorism: international negotiations, mediations, and adjudication, UN and citizen sanctions, cross-cultural communication, citizen initiatives, international treaties and the World Court, the International Criminal Court, and nonviolent resistance through raising consciousness to mobilization and resisting state-sponsored terror. The second section, on long-term non-violent response to terrorism, discusses halting arms trade and militarism, stopping arms flow to terrorists, defunding the military, building sustainable just economies, aid to the poor, reducing privileged overconsumption, peace and conflict education, understanding and using the media, refugee repatriation, and helping indigenous liberation struggles. Instructors considering this book for use in a course may request an examination copy [here](#).

la progressive voter guide: *The Cause is Mankind* Hubert Horatio Humphrey, 1964 The author discusses his liberal political philosophy, with guidelines and proposals for specific solutions to national problems in the areas of human rights, education, culture, health, foreign policy, and national security.

la progressive voter guide: *The Best Democracy Money Can Buy* Greg Palast, 2003-02-25 Palast is astonishing, he gets the real evidence no one else has the guts to dig up. Vincent Bugliosi, author of *None Dare Call it Treason* and *Helter Skelter* Award-winning investigative journalist Greg Palast digs deep to unearth the ugly facts that few reporters working anywhere in the world today have the courage or ability to cover. From East Timor to Waco, he has exposed some of the most

egregious cases of political corruption, corporate fraud, and financial manipulation in the US and abroad. His uncanny investigative skills as well as his no-holds-barred style have made him an anathema among magnates on four continents and a living legend among his colleagues and his devoted readership. This exciting collection, now revised and updated, brings together some of Palast's most powerful writing of the past decade. Included here are his celebrated Washington Post exposé on Jeb Bush and Katherine Harris's stealing of the presidential election in Florida, and recent stories on George W. Bush's payoffs to corporate cronies, the payola behind Hillary Clinton, and the faux energy crisis. Also included in this volume are new and previously unpublished material, television transcripts, photographs, and letters.

la progressive voter guide: *Congressional Record* United States. Congress, 1968

la progressive voter guide: Counting Women's Ballots J. Kevin Corder, Christina Wolbrecht, 2016-05-25 How did the first female voters cast their ballots? For almost 100 years, answers to this question have eluded scholars. *Counting Women's Ballots* employs new data and novel methods to provide insights into whether, how, and with what consequences women voted in the elections after suffrage. The analysis covers a larger and more diverse set of places, over a longer period of time, than has previously been possible. J. Kevin Corder and Christina Wolbrecht find that the extent to which women voted and which parties they supported varied considerably across time and place, challenging attempts to describe female voters in terms of simple generalizations. Many women adapted quickly to their new right; others did not. In some cases, women reinforced existing partisan advantages; in others, they contributed to dramatic political realignment. *Counting Women's Ballots* improves our understanding of the largest expansion of the American electorate during a transformative period of American history.

la progressive voter guide: *One Person, No Vote* Carol Anderson, 2018-09-11 As featured in the documentary *All In: The Fight for Democracy* Finalist for the PEN/John Kenneth Galbraith Award for Nonfiction Longlisted for the National Book Award in Nonfiction Named one of the Best Books of the Year by: Washington Post * Boston Globe * NPR* Bustle * BookRiot * New York Public Library From the award-winning, New York Times bestselling author of *White Rage*, the startling--and timely--history of voter suppression in America, with a foreword by Senator Dick Durbin. In her New York Times bestseller *White Rage*, Carol Anderson laid bare an insidious history of policies that have systematically impeded black progress in America, from 1865 to our combustible present. With *One Person, No Vote*, she chronicles a related history: the rollbacks to African American participation in the vote since the 2013 Supreme Court decision that eviscerated the Voting Rights Act of 1965. Known as the Shelby ruling, this decision effectively allowed districts with a demonstrated history of racial discrimination to change voting requirements without approval from the Department of Justice. Focusing on the aftermath of Shelby, Anderson follows the astonishing story of government-dictated racial discrimination unfolding before our very eyes as more and more states adopt voter suppression laws. In gripping, enlightening detail she explains how voter suppression works, from photo ID requirements to gerrymandering to poll closures. And with vivid characters, she explores the resistance: the organizing, activism, and court battles to restore the basic right to vote to all Americans.

la progressive voter guide: *VOX* José Rama, Lisa Zanotti, Stuart J. Turnbull-Dugarte, Andrés Santana, 2021-06-15 This book examines VOX, the first major and electorally successful populist radical right-wing party to emerge in Spain since the death of General Franco, and the restoration of parliamentary democracy in the late 1970s. In December 2018, VOX, a new party on the populist radical right, entered the Andalusian regional parliament, and played the role of kingmaker in the ensuing government formation discussions. Since then, under the leadership of Santiago Abascal, VOX has earned political representation in numerous local, regional and national elections. The party attracted more than 3.6 million votes in the November 2019 general election, making VOX the third largest party in the Spanish Congress. In two years, the party has become a key political challenger and an important player in Spanish politics. This book explains the origins of the party, its ideology and relationship with democracy, its appeal with voters, and its similarities with (and

differences from) other populist radical right parties in Europe. It draws upon a rich source of domestic as well as cross-national survey data and a systematic analysis of party manifestos which provide a detailed account of the rise of VOX and what its emergence means for Spanish politics. This volume will be of interest to scholars of comparative politics, political parties, voters and elections, Spanish politics, the populist radical right and populism in general.

la progressive voter guide: Electoral System Design Andrew Reynolds, Ben Reilly, Andrew Ellis, 2005 Publisher Description

la progressive voter guide: Guide to U.S. Elections Deborah Kalb, 2015-12-24 The CQ Press Guide to U.S. Elections is a comprehensive, two-volume reference providing information on the U.S. electoral process, in-depth analysis on specific political eras and issues, and everything in between. Thoroughly revised and infused with new data, analysis, and discussion of issues relating to elections through 2014, the Guide will include chapters on: Analysis of the campaigns for presidency, from the primaries through the general election Data on the candidates, winners/losers, and election returns Details on congressional and gubernatorial contests supplemented with vast historical data. Key Features include: Tables, boxes and figures interspersed throughout each chapter Data on campaigns, election methods, and results Complete lists of House and Senate leaders Links to election-related websites A guide to party abbreviations

la progressive voter guide: V Is for Voting Kate Farrell, 2020-07-21 This playful, though powerful book engages little readers in the tenets of democracy and activism through rhyming text and colorful works of art. —PBS Kids for Parents An ideal starting point in helping kids to understand elections and voting. —Today.com V Is for Voting is an ABC book that introduces progressive families to concepts like social justice and civil rights and reminds readers that every vote counts! A is for active participation. B is for building a more equal nation. C is for citizens' rights and our duty. D is for difference, our strength and our beauty. An engaging introduction to the tenets of democracy, V Is for Voting is a playful, poetic, and powerful primer about the importance of voting and activism. Featuring Kate Farrell's rhyming text and Caitlin Kuhwald's bold art, plus thoughtful back matter, the book is a gorgeous, and crucial, addition to every young reader's library. It makes the perfect gift for fans of A Is for Activist, Woke Baby, and Feminist Baby. This ABC-style children's book reinforces every element from A to Z of just how powerful one vote can be. —Romper

la progressive voter guide: Learn about the United States U.S. Citizenship and Immigration Services, 2009 Learn About the United States is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

la progressive voter guide: Political Awakenings Harry Kreisler, 2011-03 As a kid, Noam Chomsky handed out the Daily Mirror at his uncle's newsstand on 72nd Street, inadvertently finding himself in a buzzing intellectual and political hub for European immigrants in New York. Iranian human rights Nobel laureate Shirin Ebadi and her husband signed their own legal contract, attempting to restore equality to their marriage after the Iranian Revolution effectively erased the legal rights of women. Elizabeth Warren set out to expose those frauds declaring bankruptcy and taking advantage of the system-only to discover, in her research, a very different story of hard-working middle-class families facing economic collapse in the absence of a social safety net. While studying at Oxford, a young Tariq Ali made a bet with a friend that he could work the Vietnam War into every single answer on his final exams. In this rousing, thoughtful, often funny, and always inspiring volume, a diverse and impressive group of thinkers reflect on those formative experiences that shaped their own political commitments. A fascinating new window into the revealing links between the personal and the political, Political Awakenings will engage readers across generations.

la progressive voter guide: Where We Go from Here Bernie Sanders, 2018-11-27 The

inspiring national bestseller from the U. S. Senator and leading Democratic candidate for president—about the fierce fight for democracy and social justice, and what we need to do next. In *Where We Go from Here*, New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day-by-day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all, not just wealthy campaign contributors. At home, Sanders has helped lead the fight for Medicare for all, fought for workers desperate for higher wages, and supported immigrants in the DACA program and children affected by gun violence. He has stood with the people of Puerto Rico devastated by Hurricane Maria, as well as veterans, teachers, the incarcerated, the persecuted, and all those who are too often ignored by Washington. Abroad, his voice has been clear that we need a foreign policy that strives for peace—not war—and international cooperation to address the crisis of climate change. The good news is we're making progress. People all across America are standing up to the most dishonest and reactionary president in our history. They're taking on establishment politicians who've turned a blind eye to the concerns of everyday citizens. They're fighting back against the oligarchs of Wall Street, who would happily see our children do worse than their parents so long as the Dow does better. And the general public continually demonstrates that we are more united than the media would allow us to believe, and what we agree on are largely progressive ideals. Maintaining a vibrant democracy has never been easy, and in these dangerous and unprecedented times, it has been more difficult than ever. Bernie Sanders shows, however, that we can repair the damage Trump has done—and create a nation based on the principles of economic, social, racial, and environmental justice.

la progressive voter guide: *The Price of Democracy* Julia Cagé, 2020-03-31 Why and how systems of political financing and representation in Europe and North America give outsized influence to the wealthy and undermine democracy, and what we can do about it. One person, one vote. In theory, everyone in a democracy has equal power to decide elections. But it's hardly news that, in reality, political outcomes are heavily determined by the logic of one dollar, one vote. We take the political power of money for granted. But does it have to be this way? In *The Price of Democracy*, Julia Cagé combines economic and historical analysis with political theory to show how profoundly our systems in North America and Europe, from think tanks and the media to election campaigns, are shaped by money. She proposes fundamental reforms to bring democracy back into line with its egalitarian promise. Cagé shows how different countries have tried to develop legislation to curb the power of private money and to develop public systems to fund campaigns and parties. But these attempts have been incoherent and unsystematic. She demonstrates that it is possible to learn from these experiments in the United States, Europe, and elsewhere to design a better system that would increase political participation and trust. This would involve setting a strict cap on private donations and creating a public voucher system to give each voter an equal amount to spend in support of political parties. More radically, Cagé argues that a significant fraction of seats in parliamentary assemblies should be set aside for representatives from disadvantaged socioeconomic groups. At a time of widespread political disenchantment, *The Price of Democracy* is a bracing reminder of the problems we face and an inspirational guide to the potential for reform.

la progressive voter guide: *Songlands* John Feffer, 2021-06-01 2052. The world is a mess. The climate change meltdown has triggered an endless cycle of natural disasters. Nationalist paramilitaries battle against religious extremists. Multinational corporations, with their own security forces, have replaced global institutions as the only real power-brokers. Waves of pandemics have closed borders with such regularity that travel has become mostly virtual. Aurora, a middle-aged sociologist, tries not to think about how the world has turned so chaotic and dangerous. At university, she focuses on her students. At home, it's her children. She devotes her spare time to writing poetry. She's relatively comfortable, but not particularly happy. And she's angry at how small her life has become. Then one day a strange woman walks into Aurora's life and, in an instant, the world's chaos gets personal. Suddenly the obscure professor has a target on her back and the fate of the world in her hands. Her salvation, and that of the planet as well, lies in the mysteries

locked inside the head of this enigmatic woman who has appeared on her doorstep. Unlocking those mysteries will take Aurora on a virtual journey around the fragmented globe and up against the world 's most powerful corporation. Songlands, the stand-alone finale to the Splinterlands trilogy, describes humanity 's last shot at solving the world 's problems. Can Aurora assemble a team to reverse the splintering of the international community and avert an even more dystopian future?

la progressive voter guide: American Government 3e Glen Krutz, Sylvie Waskiewicz, 2023-05-12 Black & white print. American Government 3e aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. In order to help students understand the ways that government, society, and individuals interconnect, the revision includes more examples and details regarding the lived experiences of diverse groups and communities within the United States. The authors and reviewers sought to strike a balance between confronting the negative and harmful elements of American government, history, and current events, while demonstrating progress in overcoming them. In doing so, the approach seeks to provide instructors with ample opportunities to open discussions, extend and update concepts, and drive deeper engagement.

la progressive voter guide: Global Trends 2040 National Intelligence Council, 2021-03 The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come. -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

la progressive voter guide: Freedom in the World 2011 Freedom House, 2011-11 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 194 countries and 14 territories are used by policymakers, the media, international corporations, civic activists, and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries

and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

la progressive voter guide: Homintern Gregory Woods, 2016-05-03 In a hugely ambitious study which crosses continents, languages, and almost a century, Gregory Woods identifies the ways in which homosexuality has helped shape Western culture. Extending from the trials of Oscar Wilde to the gay liberation era, this book examines a period in which increased visibility made acceptance of homosexuality one of the measures of modernity. Woods shines a revealing light on the diverse, informal networks of gay people in the arts and other creative fields. Uneasily called "the Homintern" (an echo of Lenin's "Comintern") by those suspicious of an international homosexual conspiracy, such networks connected gay writers, actors, artists, musicians, dancers, filmmakers, politicians, and spies. While providing some defense against dominant heterosexual exclusion, the grouping brought solidarity, celebrated talent, and, in doing so, invigorated the majority culture. Woods introduces an enormous cast of gifted and extraordinary characters, most of them operating with surprising openness; but also explores such issues as artistic influence, the coping strategies of minorities, the hypocrisies of conservatism, and the effects of positive and negative discrimination. Traveling from Harlem in the 1910s to 1920s Paris, 1930s Berlin, 1950s New York and beyond, this sharply observed, warm-spirited book presents a surpassing portrait of twentieth-century gay culture and the men and women who both redefined themselves and changed history.

la progressive voter guide: Electoral Engineering Pippa Norris, 2004-02-09 From Kosovo to Kabul, the last decade witnessed growing interest in 'electoral engineering'. Reformers have sought to achieve either greater government accountability through majoritarian arrangements or wider parliamentary diversity through proportional formula. Underlying the normative debates are important claims about the impact and consequences of electoral reform for political representation and voting behavior. The study compares and evaluates two broad schools of thought, each offering contracting expectations. One popular approach claims that formal rules define electoral incentives facing parties, politicians and citizens. By changing these rules, rational choice institutionalism claims that we have the capacity to shape political behavior. Alternative cultural modernization theories differ in their emphasis on the primary motors driving human behavior, their expectations about the pace of change, and also their assumptions about the ability of formal institutional rules to alter, rather than adapt to, deeply embedded and habitual social norms and patterns of human behavior.

la progressive voter guide: The Wandering Who Gilad Atzmon, 2011-09-30 An investigation of Jewish identity politics and Jewish contemporary ideology using both popular culture and scholarly texts. Jewish identity is tied up with some of the most difficult and contentious issues of today. The purpose in this book is to open many of these issues up for discussion. Since Israel defines itself openly as the 'Jewish State', we should ask what the notions of 'Judaism', 'Jewishness', 'Jewish culture' and 'Jewish ideology' stand for. Gilad examines the tribal aspects embedded in Jewish secular discourse, both Zionist and anti Zionist; the 'holocaust religion'; the meaning of 'history' and 'time' within the Jewish political discourse; the anti-Gentile ideologies entangled within different forms of secular Jewish political discourse and even within the Jewish left. He questions what it is that leads Diaspora Jews to identify themselves with Israel and affiliate with its politics. The devastating state of our world affairs raises an immediate demand for a conceptual shift in our intellectual and philosophical attitude towards politics, identity politics and history.

la progressive voter guide: The Political Economy of Democracy and Tyranny Norman Schofield, 2009 One theme that has emerged from the recent literature on political economy concerns the transition to democracy: why would dominant elites give up oligarchic power? This book addresses the fundamental question of democratic stability and the collapse of tyranny by considering a formal model of democracy and tyranny. The formal model is used to study elections in developed polities such as the United States, the United Kingdom, the Netherlands, Canada, and Israel, as well as complex developing polities such as Turkey. The key idea is that activist groups may offer resources to political candidates if they in turn adjust their polities in favor of the interest

group. In politics that use a first past the post electoral system, such as the US, the bargaining between interest groups and candidates creates a tendency for activist groups to coalesce; in politics such as Israel and the Netherlands, where the electoral system is very proportional, there may be little tendency for activist coalescence. A further feature of the model is that candidates, or political leaders, like Barack Obama, with high intrinsic charisma, or valence, will be attracted to the electoral center, while less charismatic leaders will move to the electoral periphery. This aspect of the model is used to compare the position taking and exercise of power of authoritarian leaders in Portugal, Argentina and the Soviet Union. The final chapter of the book suggests that the chaos that may be induced by climate change and rapid population growth can only be addressed by concerted action directed by a charismatic leader of the Atlantic democracies.

la progressive voter guide: Our Revolution Bernie Sanders, 2016-11-15 'Bernie Sanders has changed US politics forever' Owen Jones The Sunday Times bestseller Bernie Sanders is one of the most influential voices in a global movement fighting injustice. He has dominated two Democratic primary races, and changed the political conversation around the world. But he began as an unknown underdog. So how did he get here? In this remarkable memoir, Sanders shows how a young man from Brooklyn, via Civil Rights demonstrations and a lifetime of independent politics, became one of the most radical voices in America. He provides a unique insight into the campaign that galvanized a movement, and shares experiences from the campaign trail as well as the ideas and strategies that shaped it. And, drawing on decades of experience as an activist and public servant, he outlines his vision for continuing this revolution.

la progressive voter guide: Freedom in the World 2005 Freedom House, 2005 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 192 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development. Freedom House is a nonprofit, nonpartisan organization that supports democratic change, monitors freedom, and advocates for democracy and human rights.

la progressive voter guide: The War on Christmas John Gibson, 2006-10 Updated with new material, this book delineates a Fox News Channel host's claim that the push to secularize Christmas is a liberal plot.

la progressive voter guide: Chomsky for Activists Noam Chomsky, Charles Derber, Suren Moodliar, Paul Shannon, 2020-12-30 Those who regard him as a "doom and gloom" critic will find an unexpected Chomsky in these pages. Here the world-renowned author speaks for the first time in depth about his career in activism, and his views and tactics. Chomsky offers new and intimate details about his life-long experience as an activist, revealing him as a critic with deep convictions and many surprising insights about movement strategies. The book points to new directions for activists today, including how the crises of the Coronavirus and the economic meltdown are exploding in the critical 2020 US presidential election year. Readers will find hope and new pathways toward a sustainable, democratic world.

la progressive voter guide: Stories for Nighttime and Some for the Day Ben Loory, 2011-07-26 "This guy can write!" —Ray Bradbury Loory's collection of wry and witty, dark and perilous

contemporary fables is populated by people-and monsters and trees and jocular octopi-who are united by twin motivations: fear and desire. In his singular universe, televisions talk (and sometimes sing), animals live in small apartments where their nephews visit from the sea, and men and women and boys and girls fall down wells and fly through space and find love on Ferris wheels. In a voice full of fable, myth, and dream, *Stories for Nighttime and Some for the Day* draws us into a world of delightfully wicked recognitions, and introduces us to a writer of uncommon talent and imagination. Contains 40 stories, including “The Duck,” “The Man and the Moose,” and “Death and the Fruits of the Tree,” as heard on NPR’s *This American Life*, “The Book,” as heard on *Selected Shorts*, and “The TV,” as published in *The New Yorker*.

la progressive voter guide: *Freedom in the World 2012* Freedom House, 2012 A survey of the state of human freedom around the world investigates such crucial indicators as the status of civil and political liberties and provides individual country reports.
