Islamic Society of North America Ramadan 2023: A Guide to Observance and Community Events

Ramadan, the holy month of fasting, reflection, and spiritual growth, holds immense significance for Muslims worldwide. For those in North America, the Islamic Society of North America (ISNA) plays

a vital role in guiding and supporting the community during this sacred time. This comprehensive guide dives deep into ISNA's Ramadan 2023 initiatives, providing valuable information for individuals and families looking to enhance their spiritual journey and connect with their community. We'll cover everything from ISNA's official announcements and nationwide events to practical tips for observing Ramadan effectively.

ISNA's Role in Ramadan 2023

The Islamic Society of North America, a prominent Muslim organization in the United States and Canada, serves as a central hub for many during Ramadan. Their role extends beyond simply marking the start and end of the month. ISNA facilitates community engagement through:

Organizing National Events:

ISNA typically hosts or partners with local chapters to organize a range of programs throughout Ramadan. These events often include:

Taraweeh prayers: Special congregational prayers held nightly during Ramadan.

Lectures and seminars: Expert speakers offer insightful talks on Islamic teachings and the spirit of Ramadan.

Iftar gatherings: Community meals breaking the daily fast, fostering fellowship and strengthening bonds.

Educational workshops: These provide opportunities for learning about Islamic practices, particularly relevant to Ramadan observance.

Providing Resources and Guidance:

Beyond large-scale events, ISNA plays a significant role in providing resources to individuals and families:

Ramadan calendars: Accurate sighting of the crescent moon and daily prayer times are crucial, and ISNA typically provides these resources on their website and through affiliated mosques.

Online resources: Their website often contains articles, videos, and downloadable materials related to Ramadan, covering topics such as fasting guidelines, spiritual reflection, and charitable giving (Zakat).

Community support: ISNA's network facilitates connections between individuals and local mosques or community groups, helping people find support and resources in their area.

Promoting Interfaith Dialogue:

ISNA's commitment extends to fostering understanding and positive relationships with other faith communities. During Ramadan, they may participate in interfaith events, promoting tolerance and mutual respect. This reflects a broader commitment to engaging constructively with the wider community.

Finding Local ISNA Events Near You

To find specific Ramadan events organized or supported by ISNA in your area, you should:

Visit the ISNA website: Their official website is the primary source of information for national events and will often link to local chapters' websites and social media.

Check local mosque websites: Many mosques affiliated with ISNA will have detailed schedules of their Ramadan programs, including Taraweeh times, lectures, and Iftar gatherings.

Follow ISNA on social media: Staying updated on their social media platforms (Facebook, Twitter, Instagram) is a great way to find out about upcoming events and announcements.

Practical Tips for Observing Ramadan with ISNA's Guidance

Ramadan is a demanding yet rewarding month. ISNA's resources can help you navigate this period effectively:

Planning Your Day:

Use the Ramadan calendar provided by ISNA to plan your day, ensuring you allocate time for prayer, reflection, Quran recitation, and charitable acts.

Mindful Eating and Hydration:

Pay attention to your dietary needs during Iftar and Suhoor (pre-dawn meal). ISNA's resources may offer nutritional guidelines for maintaining energy levels throughout the day.

Spiritual Reflection:

Dedicate time for personal reflection and prayer. Use ISNA's provided materials or resources to enhance your spiritual journey.

Community Engagement:

Attend local events organized by ISNA or your local mosque to build community bonds and benefit from the collective spirit of Ramadan.

Charity and Giving (Zakat):

Remember the importance of Zakat during Ramadan. ISNA may provide guidance on how to fulfill your Zakat obligations effectively.

Conclusion

Ramadan 2023 presents a unique opportunity for spiritual growth and community building. The Islamic Society of North America plays a crucial role in guiding and supporting the Muslim community across North America, providing valuable resources and facilitating meaningful connections. islamic society of north america ramadan 2023: *Making Muslim Space in North America and Europe* Barbara Daly Metcalf, 2023-04-28 Focusing on the private and public use of space, this volume explores the religious life of the new Muslim communities in North America and Europe. Unlike most studies of immigrant groups, these essays concentrate on cultural practices and expressions of everyday life rather than on the political issues that dominate today's headlines. The authors emphasize the cultural strength and creativity of communities that draw upon Islamic symbols and practices to define Muslim space against the background of a non-Muslim environment. The range of perspectives is broad, encompassing middle-class professionals, mosque congregations, factory workers in France and the north of England, itinerant African traders, and prison inmates in New York. The truism that Islam is a religion of the word takes on concrete meaning as these disparate communities find ways to elaborate word-centered ritual and to have the visual and aural presence of sacred words in the spaces they inhabit. The volume includes 46 black-and-white photographs that illustrate Muslim populations in Edmonton, Philadelphia, the Green Haven Correction Facility, Manhattan, Marseilles, Berlin, and London, among other places. The focus on space directs attention to the new kinds of boundaries and consciousness that exist not only for these Muslim populations, but for people from all backgrounds in today's ever more integrated world. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1997. Focusing on the private and public use of space, this volume explores the religious life of the new Muslim communities in North America and Europe. Unlike most studies of immigrant groups, these essays concentrate on cultural practices and expressions of

islamic society of north america ramadan 2023: *Muslims of the Heartland* Edward E. Curtis IV, 2023-11-07 Uncovers the surprising history of Muslim life in the early American Midwest The American Midwest is often thought of as uniformly white, and shaped exclusively by Christian values. However, this view of the region as an unvarying landscape fails to consider a significant community at its very heart. *Muslims of the Heartland* uncovers the long history of Muslims in a part of the country where many readers would not expect to find them. Edward E. Curtis IV, a descendant of Syrian Midwesterners, vividly portrays the intrepid men and women who busted sod on the short-grass prairies of the Dakotas, peddled needles and lace on the streets of Cedar Rapids, and worked in the railroad car factories of Michigan City. This intimate portrait follows the stories of individuals such as farmer Mary Juma, pacifist Kassem Rameden, poet Aliya Hassen, and bookmaker Kamel Osman from the early 1900s through World War I, the Roaring 20s, the Great Depression, and World War II. Its story-driven approach places Syrian Americans at the center of key American

institutions like the assembly line, the family farm, the dance hall, and the public school, showing how the first two generations of Midwestern Syrians created a life that was Arab, Muslim, and American, all at the same time. Muslims of the Heartland recreates what the Syrian Muslim Midwest looked, sounded, felt, and smelled like—from the allspice-seasoned lamb and rice shared in mosque basements to the sound of the trains on the Rock Island Line rolling past the dry goods store. It recovers a multicultural history of the American Midwest that cannot be ignored.

islamic society of north america ramadan 2023: Immigration Policy and the Terrorist Threat in Canada and the United States A. Alexander Moens, Martin Collacott, 2008 In June 2007, the Fraser Institute held a conference in Toronto, Ontario, titled, Immigration Policy, Border Controls, and the Terrorist Threat In Canada and the United States. The chapters in this volume, which arose from this conference, raise fundamental questions about weaknesses in Canada's current immigration policies and procedures. The contributors to this volume identify serious threats and weaknesses in the immigration, asylum, and border regimes from both Canadian and American perspectives. The authors are not opposed to effectively managed immigration or allowing genuine refugees who pose no security threat to enter the country through a well-vetted system. All believe that the vast majority of immigrants pose no danger, but are simply seeking to improve their freedom and prosperity. Nevertheless given the stakes raised by terrorist attacks, the entry of even a small number of potentially dangerous individuals should warrant major attention and policy review.--BOOK JACKET.

islamic society of north america ramadan 2023: The Islamic Threat John L. Esposito, 1999-10-07 Are Islam and the West on a collision course? From the Ayatollah Khomeini to Saddam Hussein, the image of Islam as a militant, expansionist, and rabidly anti-American religion has gripped the minds of Western governments and media. But these perceptions, John L. Esposito writes, stem from a long history of mutual distrust, criticism, and condemnation, and are far too simplistic to help us understand one of the most important political issues of our time. In this new edition of *The Islamic Threat: Myth or Reality?*, Esposito places the challenge of Islam in critical perspective. Exploring the vitality of this religion as a global force and the history of its relations with the West, Esposito demonstrates the diversity of the Islamic resurgence--and the mistakes our analysts make in assuming a hostile, monolithic Islam. This third edition has been expanded to include new material on current affairs in Turkey, Afghanistan, Palestine, and Southeast Asia, as well as a discussion of international terrorism.

islamic society of north america ramadan 2023: The New Muslim Brotherhood in the West Lorenzo Vidino, 2010-08-25 In Europe and North America, networks tracing their origins back to the Muslim Brotherhood and other Islamist movements have rapidly evolved into multifunctional and richly funded organizations competing to become the major representatives of Western Muslim communities and government interlocutors. Some analysts and policy makers see these organizations as positive forces encouraging integration. Others cast them as modern-day Trojan horses, feigning moderation while radicalizing Western Muslims. Lorenzo Vidino brokers a third, more informed view. Drawing on more than a decade of research on political Islam in the West, he keenly analyzes a controversial movement that still remains relatively unknown. Conducting in-depth interviews on four continents and sourcing documents in ten languages, Vidino shares the history, methods, attitudes, and goals of the Western Brothers, as well as their phenomenal growth. He then flips the perspective, examining the response to these groups by Western governments, specifically those of Great Britain, Germany, and the United States. Highly informed and thoughtfully presented, Vidino's research sheds light on a critical juncture in Muslim-Western relations.

islamic society of north america ramadan 2023: Islam, Muslims, and COVID-19 Aminah

Al-Deen, Aasim I. Padela, 2023-10-20 This volume brings together diverse disciplinary perspectives to provide a multidisciplinary and multidimensional account of Muslim ethics operating in the COVID-19 era, where scriptural values, lived experiences, societal structures, and cultural contexts combine in fresh and diverse ways. Indeed, Islamic ethical evaluation often ignores contributions from the social sciences, and contextual factors are not fully understood when issuing Islamic edicts. This volume thus aims at a more connected account of how religious concerns generated challenges and how Muslims lived out their religious values during the pandemic. Alongside descriptive accounts are normative evaluations, and insights from interviews are connected with survey analyses; in this way, the chapters render a more complete account of the intersectional engagement of Muslim healthcare professionals and community members living in minority contexts with the early stages of the COVID-19 pandemic.

Mawlana Hakim Muhammad Akhtar, 2014-07-15

islamic society of north america ramadan 2023: *A Mosque in Munich* Ian Johnson,

2010-05-04 In the wake of the news that the 9/11 hijackers had lived in Europe, journalist Ian Johnson wondered how such a radical group could sink roots into Western soil. Most accounts reached back twenty years, to U.S. support of Islamist fighters in Afghanistan. But Johnson dug deeper, to the start of the Cold War, uncovering the untold story of a group of ex-Soviet Muslims who had defected to Germany during World War II. There, they had been fashioned into a well-oiled anti-Soviet propaganda machine. As that war ended and the Cold War began, West German and U.S. intelligence agents vied for control of this influential group, and at the center of the covert tug of war was a quiet mosque in Munich—radical Islam's first beachhead in the West. Culled from an array of sources, including newly declassified documents, *A Mosque in Munich* interweaves the stories of several key players: a Nazi scholar turned postwar spymaster; key Muslim leaders across the globe, including members of the Muslim Brotherhood; and naïve CIA men eager to fight communism with a new weapon, Islam. A rare ground-level look at Cold War spying and a revelatory account of the West's first, disastrous encounter with radical Islam, *A Mosque in Munich* is as captivating as it is crucial to our understanding the mistakes we are still making in our relationship with Islamists today

islamic society of north america ramadan 2023: Religion in America: The Basics Michael

Pasquier, 2023-03-29 Religion in America: The Basics is a concise introduction to the historical development of religions in the United States. It is an invitation to explore the complex tapestry of religious beliefs and practices that shaped life in North America from the colonial encounters of the

fifteenth century to the culture wars of the twenty-first century. Far from a people unified around a common understanding of Christianity, *Religion in America: The Basics* tracks the steady diversification of the American religious landscape and the many religious conflicts that have changed American society. At the same time, it explores how Americans from a variety of religious backgrounds worked together to face the challenges of racism, poverty, war, and other social concerns. This thoroughly revised second edition now covers the Obama and Trump administrations, Black Lives Matter, Christian nationalism, pluralism, and the development of the nones and the unaffiliated. With each chapter featuring concise summaries and suggested further readings, this book is an invaluable resource for students approaching the history of religion in America for the first time.

islamic society of north america ramadan 2023: Counseling Muslims Sameera Ahmed, Mona M. Amer, 2013-06-17 A young female client presents with anorexia nervosa and believes that her problem has its roots in magic; parents are helpless in the face of their son's substance abuse issues; an interracial couple cannot agree on how to discipline their children. How would you effectively help these clients while balancing appropriate interventions that are sensitive to religious, cultural, social, and gender differences? This handbook answers these difficult questions and helps behavioral health practitioners provide religio-culturally-competent care to Muslim clients living in territories such as North America, Australia, and Europe. The issues and interventions discussed in this book, by authoritative contributors, are diverse and multifaceted. Topics that have been ignored in previous literature are introduced, such as sex therapy, substance abuse counseling, university counseling, and community-based prevention. Chapters integrate tables, lists, and suggested phrasing for practitioners, along with case studies that are used by the authors to help illustrate concepts and potential interventions. *Counseling Muslims* is also unique in its broad scope, which reflects interventions ranging from the individual to community levels, and includes chapters that discuss persons born in the West, converts to Islam, and those from smaller ethnic minorities. It is the only guide practitioners need for information on effective service delivery for Muslims, who already bypass significant cultural stigma and shame to access mental health services.

islamic society of north america ramadan 2023: Woke Army Asra Q. Nomani, 2023-02-27 From California to the West Bank, former Wall Street Journal reporter Asra Q. Nomani spans the globe, investigating a hidden network of keyboard warriors who hide behind fake identities and pseudonymous Twitter and Facebook accounts. These digital trolls launch virulent attacks against Muslim reformers and others who challenge their divisive attempts to destroy American freedoms. In *Woke Army*, the author moves from being hunted by this network to being the hunter. The book uncovers the real identities of the network's members, chronicles their secret operations, and reveals their impact on American public debate, from policing to education in our K-12 schools. In doing so, Nomani uncovers an unholy alliance between radical Muslims, who preach jihad against Western freedoms, and far left activists whose divisive ideology turns all of society's issues into a race war. The shock troops of this dangerous "red-green alliance" work in tandem, using harassment, threats, and bullying to silence critics, and labeling those who speak out as "Islamophobic" or "racist." A must-read for anyone who fears for America's freedoms, *Woke Army* reveals what can happen when activism, radicalism, and the dark web collide.

islamic society of north america ramadan 2023: Muslims on the Margins Katrina Daly Thompson, 2023-04-11 Offers vivid stories of nonconformist Muslim communities The turn of the twenty-first century ushered in a wave of progressive Muslims, whose modern interpretations and practices transformed the public's perception of who could follow the teachings of Islam. *Muslims on the Margins* tells the story of their even more radical descendants: nonconformists who have reinterpreted their religion and created space for queer, trans, and nonbinary identities within Islam. Katrina Daly Thompson draws extensively from conversations and interviews conducted both

in person in North America and online in several international communities. Writing in a compelling narrative style that centers the real experiences and diverse perspectives of nonconformist Muslims, Thompson illustrates how these radical Muslims are forming a community dedicated to creative reinterpretations of their religion, critical questioning of established norms, expansive inclusion of those who are queer in various ways, and the creation of different religious futures. *Muslims on the Margins* is a powerful account of how Muslims are forging new traditions and setting precedents for a more inclusive community—one that is engaged with tradition, but not beholden to it.

islamic society of north america ramadan 2023: Who Speaks For Islam? John L. Esposito, Dalia Mogahed, 2007 Draws on in-depth research to offer insights into what Muslims actually believe about key global issues such as democracy, radicalism, and women's rights, in an account that seeks to differentiate extremists from everyday Muslims.

islamic society of north america ramadan 2023: *The Routledge Handbook of Global Islam and Consumer Culture* Birgit Krawietz, François Gauthier, 2024-09-16 The Routledge Handbook of Global Islam and Consumer Culture is an outstanding inter- and transdisciplinary reference source to key topics, problems, and debates in this challenging research field. The study of Islam is enriched by investigating religion and, notably, Islamic normativity (fiqh) as a resource for product design, attitudes toward commodification, and appropriated patterns of behavior. Comprising 35 chapters (including an extended Introduction) by a team of international contributors from chairholders to advanced graduate students, the handbook is divided into seven parts: Guiding Frameworks of Understanding Historical Probes Urbanism and Consumption Body Manipulation, Vestimentary Regimes, and Gender Mediated Religion and Culture Consumer Culture, Lifestyle, and Senses of the Self through Consumption Markets These sections examine vibrant debates around consumption, frugality, Islamic jurisprudence and fatwas in the world economy, capitalism, neoliberalism, trade relations, halalization, (labor) tourism and travel infrastructure, body modification, fashion, self-fashioning, lifestylezation, Islamic kitsch, urban regeneration, heritage, Islamic finance, the internet, and Quran recitation versus music. Contributions present selected case studies from countries across the world, including China, Indonesia, Malaysia, Morocco, Nigeria, Qatar, Pakistan, and Turkey. The handbook is essential reading for students and researchers in Islamic studies, Near and Middle Eastern studies, religious studies, and cultural studies. The handbook will also be very useful for those in related fields, such as politics, area studies, sociology, anthropology, and history.

islamic society of north america ramadan 2023: *Transplanting Religious Traditions* John Y. Fenton, 1988-10-06 There are over 1.5 million Asian Indians in the Americas, most of whom have transplanted the religious customs of their homeland. *Transplanting Religious Traditions* is a study of how individuals, families, and small groups transport and sustain their religious practices and how they eventually construct stable religious institutions suited to the American context. The book centers on the Indian community in Atlanta, Georgia from 1979 to 1988 but relates the study to America's East Indian population as a whole. Social scientists, religion scholars and students, as well as all members of the East Indian-American community, will find this a valuable study.

islamic society of north america ramadan 2023: *Women of the Nation* Dawn-Marie Gibson, Jamillah Ashira Karim, 2014 With vocal public figures such as Malcolm X, Elijah Muhammad, and Louis Farrakhan, the Nation of Islam often appears to be a male-centric religious movement, and over 60 years of scholarship have perpetuated that notion. Yet, women have been pivotal in the

NOI's development, playing a major role in creating the public image that made it appealing and captivating. *Women of the Nation* draws on oral histories and interviews with approximately 100 women across several cities to provide an overview of women's historical contributions and their varied experiences of the NOI, including both its continuing community under Farrakhan and its offshoot into Sunni Islam under Imam W.D. Mohammed. The authors examine how women have interpreted and navigated the NOI's gender ideologies and practices, illuminating the experiences of African-American, Latina, and Native American women within the NOI and their changing roles within this patriarchal movement. The book argues that the Nation of Islam experience for women has been characterized by an expression of Islam sensitive to American cultural messages about race and gender, but also by gender and race ideals in the Islamic tradition. It offers the first exhaustive study of women's experiences in both the NOI and the W.D. Mohammed community.

islamic society of north america ramadan 2023: *Rethinking Political Islam* Shadi Hamid, William Faizi McCants, 2017 *Rethinking Political Islam* offers a fine-grained and definitive overview of the changing world of political Islam in the post-Arab Uprising era.

islamic society of north america ramadan 2023: *Debating Muslims* Michael M. J. Fischer, Mehdi Abedi, 1990 In a world of multinational commerce, satellite broadcasting, migration, terrorism, and global arms dealing, what is said and how it is said in one society can no longer be isolated from what is said and how it is said in another. *Debating Muslims* focuses on Iranian culture, Shi'ite Islam, and Iranians in the United States, offering an experiment in postmodern ethnography and an invitation to think in a multifaceted way about Islam in the contemporary world.

islamic society of north america ramadan 2023: *A Quiet Revolution* Leila Ahmed, 2011-04-29 A probing study of the veil's recent return—from one of the world's foremost authorities on Muslim women—that reaches surprising conclusions about contemporary Islam's place in the West today. In Cairo in the 1940s, Leila Ahmed was raised by a generation of women who never dressed in the veils and headscarves their mothers and grandmothers had worn. To them, these coverings seemed irrelevant to both modern life and Islamic piety. Today, however, the majority of Muslim women throughout the Islamic world again wear the veil. Why, Ahmed asks, did this change take root so swiftly, and what does this shift mean for women, Islam, and the West? When she began her study, Ahmed assumed that the veil's return indicated a backward step for Muslim women worldwide. What she discovered, however, in the stories of British colonial officials, young Muslim feminists, Arab nationalists, pious Islamic daughters, American Muslim immigrants, violent jihadists, and peaceful Islamic activists, confounded her expectations. Ahmed observed that Islamism, with its commitments to activism in the service of the poor and in pursuit of social justice, is the strain of Islam most easily and naturally merging with western democracies' own tradition of activism in the cause of justice and social change. It is often Islamists, even more than secular Muslims, who are at the forefront of such contemporary activist struggles as civil rights and women's rights. Ahmed's surprising conclusions represent a near reversal of her thinking on this topic. Richly insightful, intricately drawn, and passionately argued, this absorbing story of the veil's resurgence, from Egypt through Saudi Arabia and into the West, suggests a dramatically new portrait of contemporary Islam.

islamic society of north america ramadan 2023: *Islam and Democracy in the 21st Century* Tauseef Ahmad Parray, 2023-09-15 This book starts with the prevailing idea of a conflicting relationship between Islam and the Western concept of democracy, both in theory and in practice. With this backdrop, the author addresses the crucial question—Is Islam compatible with democracy? The book offers very useful discussions in framing the contemporary debates surrounding Islam and democracy, treads through diverse theoretical Islamic texts like the 'Quran' and 'Sunnah', discusses the historical evolution of the concept of Shura—the primary source of democratic ethics in Islam, provides an assessment of the views and visions of some selected Muslim scholars (from 19th to 21st centuries) on Islam–democracy compatibility, and examines the elements of compatibility between Islam and democracy without ignoring the basic differences that exist between the Western approach to democracy and Islamic political thought.

islamic society of north america ramadan 2023: *Infiltration* Paul Sperry, 2008-12-07 The most sinister terrorists won't be sneaking through our borders from the Middle East. They're already here. This is the untold story about the silent, yet extremely dangerous threat from the Muslim establishment in America?an alarming exposé of how Muslims have for years been secretly infiltrating American society, government, and culture, pretending to be peace-loving and patriotic, while supporting violent jihad and working to turn America into an Islamic state. In this powder keg of a book, you'll learn: How radical Muslims have penetrated the U.S. military, the FBI, the Homeland Security Department, and even the White House?where subversive Muslims and Arabs have received top-secret clearance. How they've infiltrated the chaplains program in the federal and state prison systems?a top recruiting ground for al-Qaida. How they've successfully run influence operations against our political system with the help of both Democrats and Republicans, badgering corporate boards into Islamizing the workplace. How we've been utterly duped about what the Quran does and doesn't teach. Sadly, much of anti-Western terrorism is simply Islam in practice, the text of the Quran in action. In a time when religious and political leaders are scrambling to smooth over differences in faith and beliefs, this book gives the terrifying truth about the very real, very deadly agenda of Islam and how it has already infiltrated key American institutions with agents, spies, and subversives.

islamic society of north america ramadan 2023: *The Ministry of Louis Farrakhan in the Nation of Islam* Dawn-Marie Gibson, 2023-12-14 In the first scholarly biography of Minister Farrakhan, leader of the controversial religious movement, the Nation of Islam (NOI), Dawn-Marie Gibson challenges popular portrayals of Farrakhan in American media. Placing Farrakhan's life and leadership in historical context, she traces his evolution from a fiery Black Nationalist in 1960s Harlem to a respected leader in sections of the USA and abroad, and uncovers Farrakhan's work in rebuilding the NOI's reputation following Malcolm X's assassination. Archival material includes FBI's files on the NOI and its leaders, Farrakhan's writings in the Muhammad Speaks and The Final Call newspapers, and lectures and interviews from the late 1970s to the present day. Excerpts from first-hand interviews from NOI officials, pastors, imams, and community groups provide important insights into Farrakhan's religious life.

islamic society of north america ramadan 2023: *Away from Chaos* Gilles Kepel, 2020-05-05
The Middle East is one of the world's most volatile regions. In recent years, from the optimism and then crushing disappointment of the Arab uprisings through the rise and fall of the Islamic State, it has presented key international security challenges. With the resilient jihadi terror threat, large-scale migration due to warfare and climate change, and fierce competition for control over oil, it promises to continue to be a powder keg. What ignited this instability? *Away from Chaos* is a sweeping political history of four decades of Middle East conflict and its worldwide ramifications. Gilles Kepel, called "France's most famous scholar of Islam" by the New York Times, offers a clear and persuasive narrative of the long-term causes of tension while seamlessly incorporating on-the-ground observations and personal experiences from the people who lived through them. From the Yom Kippur/Ramadan war of 1973 to the aftermath of the Arab Spring, *Away from Chaos* weaves together the various threads that run through Middle East politics and ties them to their implications on the global stage. With keen insight stemming from decades of experience in the region, Kepel puts these chaotic decades in perspective and illuminates their underlying dynamics. He also considers the prospects of emerging from this long-lasting turmoil and for the people of the Middle East and the world to achieve a more stable future.

islamic society of north america ramadan 2023: *Muslim Communities in North America* Yvonne Yazbeck Haddad, Jane I. Smith, 1994-01-01
This book provides a look at Muslim life and institutions forming in North America. It considers the range of Islamic life in North America with its different racial-ethnic and cultural identities, customs, and religious orientations. Issues of acculturation, ethnicity, orthodoxy, and the changing roles of women are brought into focus. The authors provide insight into the lives of recent immigrants who are asking what is Islamically appropriate in a non-Muslim environment. Contrasts are drawn between Sunni and Shi'i groups, and attention is given to the activities of some Sufi organizations. The growing Islamic community among African-American Muslims is examined, including the followers of Warith Deen Muhammed and the sectarians identified with black power, such as the Nation of Islam, Darul Islam, and the Five Percenters. The authors document the challenges and issues that American Muslims face, such as prejudice and racism; pressure from overseas Muslims; dress and education; the influence of Islamic revivalism on the development of the community in this country; and the maintenance of Muslim identity amidst the pressure for assimilation.
