

Lords Of Infinity Guide

Lords of Infinity Guide: Conquer the Realm with Our Expert Strategies

Are you ready to dominate the world of Lords of Infinity? This comprehensive guide is your key to unlocking victory, whether you're a seasoned veteran or a brand-new player. We'll cover everything from foundational strategy to advanced tactics, helping you climb the leaderboards and conquer your foes. This isn't just another generic guide; we've distilled hours of gameplay and expert knowledge into actionable advice you can use today to improve your game. Let's dive in!

H2: Understanding the Core Mechanics of Lords of Infinity

Before tackling complex strategies, let's establish a solid understanding of the game's core mechanics. This foundation will significantly impact your ability to succeed.

H3: Resource Management: The Life Blood of Your Empire

Resource management is paramount in Lords of Infinity. Efficiently gathering and allocating resources like gold, food, and materials determines your empire's growth and military strength. Prioritize resource buildings early, and consistently upgrade them. Don't spread yourself too thin; focus on a few key resources to maximize your yield. Consider the long-term implications of your choices. A temporary boost might hinder your progress later.

H3: Unit Composition and Synergies

Lords of Infinity offers a diverse roster of units, each with unique strengths and weaknesses. Mastering unit composition is critical. Experiment with different combinations to find synergistic effects. For instance, pairing ranged units with melee units can create a formidable defensive force. Consider counter-strategies; knowing your opponent's likely unit composition allows you to

preemptively adapt your own. Remember, a balanced army is often more effective than a heavily skewed one.

H2: Mastering Early Game Strategies for Lords of Infinity

The early game sets the stage for your later success. A strong start can snowball into a dominant victory.

H3: Secure Essential Resources

Initially, focus on securing a reliable supply of resources. Explore your starting area thoroughly. Prioritize resource nodes that offer the most significant immediate benefit. Don't be afraid to scout neighboring territories to identify potential threats or valuable resources.

H3: Strategic Building Placement

Place your buildings strategically. Consider proximity to resources, defensive positions, and access to trade routes. Efficient building placement minimizes travel time and maximizes resource collection. Think ahead about potential expansions and plan your city layout accordingly.

H2: Advanced Tactics and Strategies in Lords of Infinity

Once you've mastered the basics, you can delve into more advanced strategies to gain a competitive edge.

H3: Mastering Diplomacy and Alliances

Diplomacy isn't just about avoiding conflict; it's about forging strategic alliances that can dramatically improve your chances of winning. Carefully assess potential allies based on their strength, resources, and strategic location. Build relationships and negotiate mutually beneficial agreements.

H3: Exploiting Weaknesses and Counter Strategies

Observing your opponents' playstyles and identifying their weaknesses is crucial for crafting effective counter-strategies. Are they over-extending their resources? Do they favor a particular type of unit? Exploit these vulnerabilities to gain a decisive advantage. Remember, adaptability is key; be ready to adjust your strategy based on the actions of your rivals.

H2: End-Game Strategies: Securing Victory in Lords of Infinity

As you approach the endgame, focus on consolidating your power and securing a decisive victory.

H3: Maintaining a Strong Economy and Military

Continue to invest in your economy and maintain a powerful military. Don't neglect either aspect; a strong economy fuels a strong military, and vice-versa. This synergy is critical in the late game.

H3: Strategic Resource Allocation for Victory

Prioritize resource allocation towards critical areas such as upgrading key buildings, researching advanced technologies, and maintaining a large and well-equipped army.

Conclusion:

This Lords of Infinity guide provides a solid foundation for your journey to conquering the realm. Remember, consistent practice and strategic thinking are essential for success. Experiment with different strategies, learn from your mistakes, and adapt to the ever-changing landscape of the game. The path to victory is paved with strategic planning and a willingness to learn and improve. Good luck, and may your empire reign supreme!

FAQs:

1. What's the best starting resource to focus on? The answer depends on the map and starting location, but generally, securing a reliable food source early helps support population growth and subsequent expansion.
2. How important is research in Lords of Infinity? Research is incredibly important. Technological advancements unlock new units, buildings, and capabilities, drastically impacting your strength and strategic options. Prioritize crucial research early.
3. What are some effective defensive strategies? Fortifying your city with walls, strategic placement of defensive units (towers, archers), and leveraging terrain to your advantage are all crucial defensive components.
4. How can I effectively manage multiple cities? Efficient resource management and carefully coordinated production and trade between cities are critical. Prioritize key cities and focus development in those hubs.
5. Is alliance crucial for success? While not strictly necessary, joining a powerful and active alliance significantly increases your chances of success, providing access to shared resources, combined military strength, and coordinated strategies.

lords of infinity guide: Doctor Who-Guide 1/3 compiled from Wikipedia pages and published by Dr Googelberg, 2012-08-07 Almost everything about the good doctor, his companions and travels, his enemies and friends. Additionally the actors etc. Part three contains all summaries of all TV episodes. Compiled from Wikipedia pages and published by Dr Googelberg.

lords of infinity guide: The Principia: The Authoritative Translation and Guide Sir Isaac Newton, 2016-02-05 In his monumental 1687 work, *Philosophiae Naturalis Principia Mathematica*, known familiarly as the *Principia*, Isaac Newton laid out in mathematical terms the principles of time, force, and motion that have guided the development of modern physical science. Even after more than three centuries and the revolutions of Einsteinian relativity and quantum mechanics, Newtonian physics continues to account for many of the phenomena of the observed world, and Newtonian celestial dynamics is used to determine the orbits of our space vehicles. This authoritative, modern translation by I. Bernard Cohen and Anne Whitman, the first in more than 285

years, is based on the 1726 edition, the final revised version approved by Newton; it includes extracts from the earlier editions, corrects errors found in earlier versions, and replaces archaic English with contemporary prose and up-to-date mathematical forms. Newton's principles describe acceleration, deceleration, and inertial movement; fluid dynamics; and the motions of the earth, moon, planets, and comets. A great work in itself, the *Principia* also revolutionized the methods of scientific investigation. It set forth the fundamental three laws of motion and the law of universal gravity, the physical principles that account for the Copernican system of the world as emended by Kepler, thus effectively ending controversy concerning the Copernican planetary system. The illuminating *Guide to Newton's Principia* by I. Bernard Cohen makes this preeminent work truly accessible for today's scientists, scholars, and students.

lords of infinity guide: *A Student's Guide Through the Great Physics Texts* Kerry Kuehn, 2014-09-15 This book provides a chronological introduction to the science of motion and rest based on the reading and analysis of significant portions of Galileo's *Dialogues Concerning Two New Sciences*, Pascal's *Treatise on the Equilibrium of Fluids and the Weight of the Mass of Air*, Newton's *Mathematical Principles of Natural Philosophy*, and Einstein's *Relativity*. Each chapter begins with a short introduction followed by a reading selection. Carefully crafted study questions draw out key points in the text and focus the reader's attention on the author's methods, analysis, and conclusions. Numerical and laboratory exercises at the end of each chapter test the reader's ability to understand and apply key concepts from the text. *Space, Time and Motion* is the second of four volumes in *A Student's Guide through the Great Physics Texts*. This book grew out of a four-semester undergraduate physics curriculum designed to encourage a critical and circumspect approach to natural science, while at the same time preparing students for advanced coursework in physics. This book is particularly suitable as a college-level textbook for students of the natural sciences, history or philosophy. It also serves as a textbook for advanced high-school students, or as a thematically-organized source-book for scholars and motivated lay-readers. In studying the classic scientific texts included herein, the reader will be drawn toward a lifetime of contemplation.

lords of infinity guide: *Book of Lies* Metzger, Richard, 2014-09-01 New package for a cult classic. First published in 2003, *The Book of Lies* was hailed as a 21st grimoire and instantly became a cult classic. Now reformatted for the next generation of magicians and all counterculture devotees, it gathers an unprecedented cabal of occultists, esoteric scholars, and forward thinkers, all curated by Disinformation's former wicked warlock Richard Metzger. This compendium of the occult includes entries on topics as diverse and dangerous as Aleister Crowley, Secret Societies, Psychedelics, and Magick in theory and practice. The result is an alchemical formula that may well rip a hole in the fabric of your reality: Terence McKenna asks if we contact aliens with the smokable drug DMT Daniel Pinchbeck recounts his psychedelic and magical experiences Techgnosis author Eric Davis writes about H.P. Lovecraft Robert Anton Wilson writes about the similarities between Aleister Crowley and Timothy Leary Donald Tyson's *The Enochian Apocalypse* Working ask if the seeds of the end of the world sown in the Elizabethan era. Other contributors or subjects written about include Brian Barritt, Vere Chappell, Ida Craddock, Joe Coleman, Nevill Drury, Stephen Edred Flowers, T. Allen Greenfield, Gary Lachman, Anton Lavey, Peter Levenda, Grant Morrison, Michael Moynihan, Rosaleen Norton, Jack Parsons, Austin Osman Spare, and Tracy Twyman. It's all here and more!

lords of infinity guide: *The Infinity Doctors* Lance Parkin, 1998 Gallifrey. The Doctor's home planet. For twenty thousand centuries the Gallifreyans have been the most powerful race in the cosmos. They have circumnavigated infinity and eternity, harnessed science and conquered death. They are the Lords of Time, and have used their powers carefully. But now a new force has been unleashed, one that is literally capable of everything. It is enough to give even the Time Lords nightmares. More than that: it is enough to destroy them. It is one of their own. Waiting for them at the end of the universe.--Page 4 of cover.

lords of infinity guide: *The Best of Star Wars Insider Volume 9: The Original Trilogy* Jonathan Wilkins, 2019-05-21 *Star Wars: The Original Trilogy* celebrates Episodes IV-VI of the *Star Wars* saga:

A New Hope, The Empire Strikes Back, and Return of the Jedi. This collection includes classic interviews with Mark Hamill, Carrie Fisher, Anthony Daniels, Billy Dee Williams and profiles of actors Sir Alex Guinness and Harrison Ford. Also included are in-depth examinations of key scenes, essential trivia and rarely seen images from the creation of the epic space fantasy that changed cinema forever.

lords of infinity guide: **Odyssey of the Dragonlords Players Guide** Modiphius, 2020-03-03 Odyssey of the Dragonlords is an epic fantasy campaign for the fifth edition of the world's greatest roleplaying game. Drawing inspiration from the ancient Greek epics, including The Odyssey, The Iliad, and The Argonautica. The Player's Guide is a 28-page companion booklet that will provide you with everything you need to begin your career as a prospective hero in the forgotten land of Thylea. Inspired by ancient Greek mythology, Thylea is a brand new campaign setting--a lost continent that can be seamlessly added to any existing campaign setting. Made in the UK.

lords of infinity guide: *Ashlords* Scott Reintgen, 2021-02-16 A page-turning inferno of a book. -- Stephanie Garber Red Rising meets The Scorpio Races in this epic fantasy following three phoenix horse riders--skilled at alchemy--who must compete at The Races--the modern spectacle that has replaced warfare within their empire. Every year since the Ashlords were gifted phoenix horses by their gods, they've raced them. First into battle, then on great hunts, and finally for the pure sport of seeing who rode the fastest. Centuries of blood and fire carved their competition into a more modern spectacle: The Races. Over the course of a multi-day event, elite riders from clashing cultures vie to be crowned champion. But the modern version of the sport requires more than good riding. Competitors must be skilled at creating and controlling phoenix horses made of ash and alchemy, which are summoned back to life each sunrise with uniquely crafted powers to cover impossible distances and challenges before bursting into flames at sunset. But good alchemy only matters if a rider knows how to defend their phoenix horse at night. Murder is outlawed, but breaking bones and poisoning ashes? That's all legal and encouraged. In this year's Races, eleven riders will compete, but three of them have more to lose than the rest--a champion's daughter, a scholarship entrant, and a revolutionary's son. Who will attain their own dream of glory? Or will they all flame out in defeat?

lords of infinity guide: *The Essential Guide to Warfare: Star Wars* Jason Fry, Paul R. Urquhart, 2012-10-02 THE DEFINITIVE GUIDE TO THE ULTIMATE INTERGALACTIC BATTLEFIELD Like many a great epic, Star Wars is rooted in a rich history of armed conflict. Now, for the first time, the facts, figures, and fascinating backstories of major clashes and combatants in the vast Star Wars universe have been documented in one fully illustrated volume. Extensively researched and inventively written, Star Wars: The Essential Guide to Warfare combines action-filled narrative with encyclopedic knowledge that: • explores notable military units and groups • traces the development of significant armaments and technologies • profiles key warship classes, ground units, and manufacturers • provides capsule biographies of great military leaders • presents eyewitness troopers' accounts of combat • plus—enough additional profiles, intel, history, and lore to span the cosmos! Encompassing all of the Star Wars media, including the legendary films, the hit TV series Star Wars: The Clone Wars, the bestselling books, comics, and videogames, and packed with original artwork, Star Wars: The Essential Guide to Warfare is a conquering achievement.

lords of infinity guide: *Creative Form Drawing* Angela Lord, 2017 Creative form drawing helps children develop hand to eye co-ordination, spatial orientation, observation skills, attention, confident movement, drawing skills and the foundation skills for handwriting. Originally developed by Rudolf Steiner, creative form drawing is used widely in Steiner and Waldorf Schools to enable healthy child development and learning. Form drawing can also be used for helping transform learning difficulties. This books covers the why, what and how of creative form drawing, providing a comprehensive, practical resource for teachers of children aged 6 to 12 years.

lords of infinity guide: The Best of Star Wars Insider Volume 8: The Saga Begins Jonathan

Wilkins, 2019-02-26 "Should I take one last shot at Star Wars and tell the backstory? I thought I would regret it if I didn't do it." – George Lucas Star Wars: The Saga Begins celebrates Episodes I-III of the Star Wars saga: The Phantom Menace, Attack of the Clones, and Revenge of the Sith. This collection includes classic interviews with Ewan McGregor, Hayden Christensen, Natalie Portman, Liam Neeson, and George Lucas, as they discuss telling the story of Anakin Skywalker's rise and subsequent fall against the backdrop of a burgeoning galactic war. Also featured are interviews with key members of the visual effects team charged with bringing George Lucas' singular vision to life. "This is the perfect gift for any Star Wars fan in your life." – Seattle Book Review

lords of infinity guide: *Poetry of Divine Infinity* Cindy H Clark, Nosa David Ugege, 2018-03-15 Poetry of Divine Infinity offers spiritual awakening. Many are based on spiritual enlightenment and spiritual encounters, gifts, and teachings. Poetry of Divine Infinity holds life testimonies as well as encouragements, prayers, and love.

lords of infinity guide: *Live to Tell the Tale* Keith Ammann, 2020-07-07 From the author of The Monsters Know What They're Doing comes an introduction to combat tactics for Dungeons & Dragons players. In his first book, The Monsters Know What They're Doing (based on his popular blog), Keith Ammann unleashed upon the D&D world a wave of clever, highly evolved monster tactics. Now it's only fair that he gives players the tools they need to fight back...and prevail! An introduction to combat tactics for fifth-edition Dungeons & Dragons players, Live to Tell the Tale evens the score. It examines the fundamentals of D&D battles: combat roles, party composition, attacking combos, advantage and disadvantage, Stealth and Perception, and more...including the ever-important consideration of how to run away! Don't worry about creating a mathematically perfect character from square one. Survival isn't about stats—it's about behavior! With four turn-by-turn, roll-by-roll, blow-by-blow sample battles, Live to Tell the Tale breaks down how to make the best choices for your cherished characters so that they can survive their adventures, retire upon their accumulated riches, and tell stories about the old days that nobody will ever believe.

lords of infinity guide: *The Sinner's Guide* Luis (de Granada), 1890

lords of infinity guide: *Judaism and Christianity* Alan Jeffery Avery-Peck, Jacob Neusner, 2009 This volume treats the interrelationship between Judaism and Christianity from the first centuries and into modern times, paying particular attention to these faiths' (TM) social, cultural, and theological interactions. The issues covered range from the formation of Jewish and Christian ideology in the context of Roman paganism to the ways in which Christian culture and theology of the medieval and modern periods form a backdrop to the creation of Jewish identity. While the historical periods and issues discussed are diverse, the result is to suggest the importance of our recognizing the close development of Judaism and Christianity. Written by top scholars in Judaic and Christian studies, these essays reflect on how the two faiths related to and were shaped by each other as they evolved in shared historical and cultural contexts, even as each maintained its own distinctive ideologies and beliefs.

lords of infinity guide: *Star Wars: Smuggler's Guide* Daniel Wallace, 2019-09-17 Part of the bestselling Jedi Path series by Daniel Wallace, Star Wars®: Smuggler's Guide reveals previously untold stories of the galaxy's underworld. Recovered from a strongbox on the Millennium Falcon, this guide started as a simple logbook with a piece of valuable information. But it was soon stolen, traded, and smuggled around the outer rim and shady ports, until it ultimately ended up in the hands of the outlaw Han Solo. • The infamous logbook passed through the hands of such notorious

characters as Maz Kanata, Hondo Ohnaka, Dryden Vos, and Lando Calrissian • With each pirate, thief, gambler, and criminal who took possession of the book, new insights and details were added • The result is a coveted collection of hidden treasure locations, advice, and hard-earned data A must-have handbook to the galaxy's underworld, *Star Wars®: Smuggler's Guide* is a crucial and hugely entertaining read for fans seeking a deeper understanding of the saga. Readers explore the checkered pasts of the galaxy's smugglers, thieves and pirates, with numerous tie-ins to the films. • Reveals secrets and other juicy morsels of new information in the *Star Wars®* lore • Perfect gift for *Star Wars®* fans of all ages who are eager to learn more about the *Star Wars®* universe • Great for those who loved *Star Wars: The Visual Encyclopedia* by Adam Bray, *Star Wars Encyclopedia of Starfighters and Other Vehicles* by Landry Q. Walker, and *Star Wars: 5-Minute Star Wars Stories* by Disney Lucasfilm Press © & TM LUCASFILM LTD. Used Under Authorization.

lords of infinity guide: *The Art of Strategy: A Game Theorist's Guide to Success in Business and Life* Avinash K. Dixit, Barry J. Nalebuff, 2010-01-04 "I am hard pressed to think of another book that can match the combination of practical insights and reading enjoyment."—Steven Levitt Game theory means rigorous strategic thinking. It's the art of anticipating your opponent's next moves, knowing full well that your rival is trying to do the same thing to you. Though parts of game theory involve simple common sense, much is counterintuitive, and it can only be mastered by developing a new way of seeing the world. Using a diverse array of rich case studies—from pop culture, TV, movies, sports, politics, and history—the authors show how nearly every business and personal interaction has a game-theory component to it. Mastering game theory will make you more successful in business and life, and this lively book is the key to that mastery.

lords of infinity guide: *Infinity Fish* Ussif Rashid Sumaila, 2021-10-19 *Infinity Fish: Economics and the Future of Fish and Fisheries* is a practical and science-based reference that demonstrates how to value the benefits from restored marine ecosystems to sustain ocean and fishery resources for years to come. It discusses ecological and economical aspects to support the preservation of marine resources by understanding cost-benefits of fishery management systems. The book explains the economic benefits of restoring ecosystems that have been overexploited and how to maintain fisheries in a sustainable level. *Infinity Fish: Economics and the Future of Fish and Fisheries* is a useful reference to a wide range of audiences. It is for those who wish to make systematic efforts to develop their fisheries sector, scientists and researchers, anyone in fisheries

management, marine resource management, economists, fish farmers, policy makers, leaders and regulators, operations researchers, as well as faculty and students. - Includes case studies for each topic and provides detailed summaries to further understand them - Presents examples and practical applications of cost-benefit concepts - Provides models of statistical analysis to optimize decision making

lords of infinity guide: *Doctor Who: A History of Humankind: The Doctor's Official Guide* , 2016-11-03 Over billions of years of time travel, the Doctor has run into his fair share of important people - and he's formed opinions on most of them too. Now the Twelfth Doctor has got hold of a history textbook from Coal Hill School, and he's decided to improve it with notes of his own! From Nefertiti to Robin Hood, this essential Doctor's guide gives us his unique take on Earth's most famous historical figures. Through annotations, scribblings and his trademark snarky humour, the Doctor has plenty to say about the pudding-brained humans he's met on his travels. It's history . . . but perhaps not quite as you know it!

lords of infinity guide: **Drawing Basics and Video Game Art** Chris Solarski, 2012-09-18 This book supports my own 30-year crusade to demonstrate that games are an art form that undeniably rivals traditional arts. It gives detailed explanations of game art techniques and their importance, while also highlighting their dependence on artistic aspects of game design and programming." — John Romero, co-founder of id Software and CEO of Loot Drop, Inc. Solarski's methodology here is to show us the artistic techniques that every artist should know, and then he transposes them to the realm of video games to show how they should be used to create a far more artful gaming experience ... if I were an artist planning to do video game work, I'd have a copy of this on my shelf. — Marc Mason, Comics Waiting Room Video games are not a revolution in art history, but an evolution. Whether the medium is paper or canvas—or a computer screen—the artist's challenge is to make something without depth seem like a window into a living, breathing world. Video game art is no different. Drawing Basics and Video Game Art is first to examine the connections between classical art and video games, enabling developers to create more expressive and varied emotional experiences in games. Artist game designer Chris Solarski gives readers a comprehensive introduction to basic and advanced drawing and design skills—light, value, color, anatomy, concept development—as well as detailed instruction for using these methods to design complex characters, worlds, and gameplay experiences. Artwork by the likes of Michelangelo, Titian, and Rubens are studied alongside AAA games like BioShock, Journey, the Mario series, and Portal 2, to demonstrate perpetual theories of depth, composition, movement, artistic anatomy, and expression. Although Drawing Basics and Video Game Art is primarily a practical reference for artists and designers

working in the video games industry, it's equally accessible for those interested to learn about gaming's future, and potential as an artistic medium. Also available as an eBook

lords of infinity guide: What Editors Do Peter Ginna, 2017-10-06 Essays from twenty-seven leading book editors: "Honest and unflinching accounts from publishing insiders . . . a valuable primer on the field." —Publishers Weekly Editing is an invisible art in which the very best work goes undetected. Editors strive to create books that are enlightening, seamless, and pleasurable to read, all while giving credit to the author. This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication. What Editors Do gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to approach the work of editing. Serving as a compendium of professional advice and a portrait of what goes on behind the scenes, this book sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing—and shows why, in the face of a rapidly changing publishing landscape, editors are more important than ever. "Authoritative, entertaining, and informative." —Copyediting

lords of infinity guide: The Law Times Reports , 1924

lords of infinity guide: The Second Coming of Jesus Christ Stanley Lotegeluaki, 2014-01-07 The Second Coming of Jesus Christ is close at hand. The last 2000 years has been the Tribulation. Soon in our generation, especially in my lifetime Jesus is coming back. I met Jesus on August 10th 2012. And I have a drawing that looks like Jesus that the Lord helped me to draw. It is a copy of Adolfo Simeione's work, an artist from Italy who was born in 1880 , he drew a real picture of Jesus without knowing it. Since I met Jesus, I drew a picture of Him using Adolfo Simeiones work. THE PICTURE ON THE COVER OF THIS BOOK PROVES TO THE WORLD THAT I MET JESUS AND ALL 50 OF MY BOOKS ARE ABOUT HIM- JESUS CHRIST, THE INTERGALACTIC SUPERSTAR- THE STARCHILD. When Jesus comes back, and if He looks like the picture on the cover of this book, that would prove that I met Him personally. There is no Rapture or war before the Second Coming. Isaiah chpt 22 put a curse on the visions of the Second Coming. Read this book to see the error that Theologians have made with the help of Satan in the last 500 years. Satan has been telling people when Jesus appears, that He will be the enemy. That's Satan entire defense. He does not want people to worship Jesus when He appears. Insane Theologians have been feeding the public with the wrong gospel of a preTribulation, Midtribulation, Post tribulation web of lies. Also Satan other defense against the Church is the pedophile scandal, that Jesus warned us about in Mathew chpt 18. Also the birth of Israel in 1948 proves that this is the last generation before the end where 1/3 of the human race is Taken to hell (psalm 110:6, Revelation chpt 9). Jesus will appear with all of His Angels and the Saints. He will at first live in The King David Hotel in Jerusalem. The Dome on the Rock will be removed and the Angels of Jesus Christ will rebuild the new Temple .. Mother Church and Jesus Christ will rule all the nations. The Star of David on the Israeli flag is really a Crown of Thorns.
