

Needless Casualties Of War

Needless Casualties of War: A Deep Dive into Preventable Deaths in Conflict

The roar of cannons, the screams of the wounded, the silent grief of survivors – these are the hallmarks of war. But amidst the chaos and brutality, a chilling truth emerges: a significant portion of the suffering, the death, is entirely preventable. This post delves into the tragic reality of needless casualties of war, examining the factors contributing to these avoidable deaths and exploring potential avenues for mitigation. We will explore the multifaceted nature of this devastating problem, moving beyond simplistic narratives to uncover the complex web of political, social, and technological factors at play.

Understanding the Scope of Needless Casualties

The term "needless casualties" encompasses deaths and injuries that could have been avoided through better planning, improved medical care, adherence to international humanitarian law, and the implementation of conflict-prevention strategies. These aren't solely the result of battlefield injuries; they encompass a broader spectrum:

Civilian Casualties: The Highest Price

Civilian casualties represent a tragically significant portion of needless deaths in war. Bombing of civilian areas, indiscriminate attacks, and the use of weapons with wide-ranging effects all contribute to this horrific toll. The lack of adequate protection for civilians, coupled with a disregard for international humanitarian law, fuels this unacceptable loss of innocent life. Effective targeting protocols, robust civilian protection measures, and the stringent enforcement of international law are crucial to reducing this devastating impact.

Preventable Deaths from Illness and Injury

Beyond direct combat, many deaths are due to preventable diseases and injuries. Access to clean water, sanitation, and medical supplies is often severely lacking in conflict zones, leading to outbreaks of disease and a high mortality rate from treatable conditions. The inadequate training and equipment of medical personnel exacerbate this problem. Investing in robust healthcare infrastructure and training before, during, and after conflicts is vital to saving lives.

The Impact of Weapon Technology

The development and use of certain weapons systems contribute directly to needless casualties. Cluster munitions, landmines, and improvised explosive devices (IEDs) cause widespread harm to civilians long after the conflict ends. These weapons often have indiscriminate effects, resulting in significant civilian casualties and long-term suffering. International treaties banning or restricting the use of these weapons are crucial steps towards minimizing the human cost of war.

Political Failures and the Roots of Conflict

Ultimately, many needless casualties stem from political failures and the underlying causes of conflict. A lack of political will to resolve disputes peacefully, ethnic tensions, resource scarcity, and oppressive regimes all contribute to the escalation of violence and the subsequent loss of life. Addressing these root causes through diplomacy, conflict resolution mechanisms, and promoting good governance is vital in preventing wars and saving lives.

Mitigating Needless Casualties: A Multi-pronged Approach

Reducing needless casualties requires a comprehensive and multifaceted approach. This includes:

Strengthening International Humanitarian Law (IHL):

Robust international legal frameworks and their effective enforcement are crucial. Holding perpetrators of war crimes accountable, improving monitoring mechanisms, and strengthening the capacity of international organizations to intervene are essential steps.

Investing in Conflict Prevention and Resolution:

Early warning systems, mediation efforts, and robust diplomatic initiatives are vital in preventing conflicts from escalating. Addressing the root causes of conflict, such as poverty, inequality, and political instability, is equally important.

Improving Access to Healthcare:

Investing in healthcare infrastructure in conflict-prone regions, providing training and resources to medical personnel, and ensuring the safe passage of humanitarian aid are vital to saving lives.

Promoting Responsible Weaponry:

International agreements limiting or banning the production and use of particularly harmful weapons are crucial steps towards minimizing civilian casualties. Greater transparency in arms sales and stricter export controls can also contribute.

Utilizing Technology for Good:

Technological advancements can be harnessed for good. Improved surveillance technologies can enhance civilian protection, while advancements in medical technology can improve treatment and rehabilitation of the wounded.

Conclusion

Needless casualties of war are a stark reminder of the human cost of conflict. They are not inevitable consequences of armed struggle; they are a direct result of choices made – or not made – by governments, armed forces, and the international community. By addressing the underlying causes of conflict, strengthening international law, investing in conflict prevention, and improving access to healthcare, we can significantly reduce the needless suffering and death associated with war. The pursuit of peace and the protection of human life must be at the heart of all conflict-related policies and actions.

FAQs

1. What is the difference between a casualty and a fatality in the context of war? A casualty refers to anyone killed or injured in a war, while a fatality specifically refers to those who have died.
2. How can civilians protect themselves during wartime? Civilians should follow instructions from local authorities, seek refuge in designated safe zones, and avoid areas of active conflict. Understanding the rules of engagement and international humanitarian law can also aid in personal safety.
3. What role do NGOs play in reducing needless casualties? Non-Governmental Organizations (NGOs) play a crucial role by providing humanitarian aid, advocating for the protection of civilians, monitoring human rights violations, and promoting peacebuilding initiatives.
4. What are some examples of international treaties aimed at reducing civilian casualties? The Geneva Conventions, the Convention on Cluster Munitions, and the Ottawa Treaty banning landmines are prominent examples.
5. How can individuals contribute to reducing needless casualties? Individuals can support organizations working to prevent conflict and provide humanitarian aid, advocate for responsible government policies, and raise awareness about the human cost of war.

needless casualties of war: Needless Casualties of War John-Paul Jackson, 2000-04-08
Prayer is a powerful weapon, a two-edged sword not to be wielded carelessly. There are certain types of prayer Satan would like us to use. Although we have authority as the children of God, how we fight can determine the personal consequences of our spirit

needless casualties of war: Needless Casualties of War John Paul Jackson, 1999 Some previous printings also bear this ISBN, but with slightly differing bibliographical details.

needless casualties of war: *Unmasking the Jezebel Spirit* John Paul Jackson, 2002 How to recognize and cope with the Jezebel spirit in Christian groups.

needless casualties of war: *I Am Inheriting the Fullness of God's Names* John Paul Jackson, 2003-06-01 Are you reaping the benefits of your divine inheritance? As the richly, dowried children of God, we are heirs to God's abundant resources and wealth. Today as well as throughout eternity, we can reap the amazing blessings of greater influence, favor, and protection that comes with God's name.

needless casualties of war: *Transforming the Inner Man* John Loren Sandford, Paula Sandford, 2007 This foundational book will equip each believer with the basic steps to a life-transforming, deeper intimacy with the Father. Transforming the Inner Man introduces the keys that reach to the depth of the heart with the power of the cross and resurrection to effect lasting change through continual death and rebirth. John and Paula Sandford take a no-nonsense approach to Christian living. A few of their chapter titles are as follows: - Sanctification and Transformation - Performance Orientation - The Central Power and Necessity of Forgiveness - The Role of a Christian Counselor - Bitter-Root Judgment and Expectancy - Generational Sin In this thought-provoking and sensitive message, the Sandfords challenge every believer to focus on change from the inside out. A change that will last.

needless casualties of war: *Breaking Free of Rejection* John Paul Jackson, 2004 Have you experienced the heartache of rejection? In this compassionate and spiritually insightful book, John Paul Jackson explains what happens when rejection rules our lives. He helps to identify weaknesses

that reveal the many faces of rejection. In this book, you'll find insights that can dramatically improve your life and help you walk into the extraordinary quality of life God desires for you.

needless casualties of war: *Army of None: Autonomous Weapons and the Future of War* Paul Scharre, 2018-04-24 Winner of the 2019 William E. Colby Award The book I had been waiting for. I can't recommend it highly enough. —Bill Gates The era of autonomous weapons has arrived. Today around the globe, at least thirty nations have weapons that can search for and destroy enemy targets all on their own. Paul Scharre, a leading expert in next-generation warfare, describes these and other high tech weapons systems—from Israel's Harpy drone to the American submarine-hunting robot ship Sea Hunter—and examines the legal and ethical issues surrounding their use. "A smart primer to what's to come in warfare" (Bruce Schneier), *Army of None* engages military history, global policy, and cutting-edge science to explore the implications of giving weapons the freedom to make life and death decisions. A former soldier himself, Scharre argues that we must embrace technology where it can make war more precise and humane, but when the choice is life or death, there is no replacement for the human heart.

needless casualties of war: *Buying & Selling the Souls of Our Children* John Paul Jackson, 2000

needless casualties of war: Strength for His People Steven Waterhouse, 2002 This book explains mental illness from a Biblical worldview. It may serve as a guide for christian counselors working with schizophrenia and related problems such as depression, why God allows suffering, mental illness vs. demon possession,

needless casualties of war: What Your Dreams Are Telling You Cindy McGill, 2013-09-01 Why Waste One-Third of Your Life Only Sleeping? Have you ever wanted to receive wise advice about a business proposal, a relationship or a direction in life? Tonight you will have several dreams. Did you know they could contain the very advice you need? It's true. Join dream interpreter Cindy McGill as she shows you that sleep is so much more than just a time to rest your body. If you pay attention, you can uncover a secret weapon for success--and the keys to unlocking your full potential. Not only is it possible to remember your dreams, but when properly interpreted, they bring guidance, hope and strength to achieve what may seem impossible. Here Cindy gives you the tools for discovering and decoding these hidden messages, including § how to get the most out of your dreams § historical and present-day examples of life-changing dreams § common dream themes and what they mean § 3 steps to discover the genuine message from your dreams § a quick-reference guide to common dream symbols § how to reawaken your dream life Solutions to your problems can come on any given night. It's time to listen to what your dreams are telling you. If you read with an open heart, I trust this book will broaden your understanding of this amazing source of insight and provide answers for your life's journey. My ultimate goal is to deliver encouragement and hope so that you can live out your life with purpose and strength.--Cindy McGill

needless casualties of war: *The Steel Remains* Richard K. Morgan, 2009-01-20 A dark lord will rise. Such is the prophecy that dogs Ringil Eskiath—Gil, for short—a washed-up mercenary and onetime war hero whose cynicism is surpassed only by the speed of his sword. Gil is estranged from his aristocratic family, but when his mother enlists his help in freeing a cousin sold into slavery, Gil sets out to track her down. But it soon becomes apparent that more is at stake than the fate of one young woman. Grim sorceries are awakening in the land. Some speak in whispers of the return of the Aldrain, a race of widely feared, cruel yet beautiful demons. Now Gil and two old comrades are all that stand in the way of a prophecy whose fulfillment will drown an entire world in blood. But with heroes like these, the cure is likely to be worse than the disease.

needless casualties of war: *The Art of Praying the Scriptures* John Paul Jackson, John E. Thomas, 2014-05-15 The Art of Praying the Scripture is actually two books. The first half is a powerful teaching on how the divine reading and speaking out of Scripture can completely change your connection to God through his Word. And the second half includes 21 of John Paul's favorite Scripture passages along with meditation instructions and questions to ponder. The purpose of this book is to help connect you with the Living Spirit of God's Word in a fresh and exciting way. The Art

of Praying the Scriptures will help you: • Understand the history of Lectio Divina and how it has developed since early Christianity • Learn what it truly means to meditate on the Word of God • Rediscover the beauty of communion and all its benefits • Recognize the unique spiritual rhythm God has given you in prayer • Discover the Four Stages of Lectio Divina (the Divine Reading) • Prepare your heart through 9 important steps before prayer • Uncover the secret to reading Scripture through the ears of your heart If you've ever found yourself feeling disconnected from God or seem to be stuck in a "wilderness" season, it may be time to add a spark to your quiet time. The Art of Praying the Scriptures is truly a fresh look at this spiritual discipline practiced by saints and mystics for over 1900 years. Begin your journey into a deeper relationship today with this exciting new spiritual tool.

needless casualties of war: Jezebel: The Witch Is Back Landon Schott, 2013-08-07 The spirit of Jezebel has risen to power in our culture and infiltrated the Church. Her witchcraft has wreaked mass spiritual carnage through fear, manipulation, intimidation, and domination carried out by those who fall under her spell -- even those in leadership. Her wickedness has wounded and scarred countless believers, leaving them fearful, depressed, defeated, sick, and confused. Because of Jezebel, some have lost hope and aborted God's call on their lives. Her assault will continue until all of God's people are dead or defeated. Jezebel's bloodlust for death and destruction will only be stopped when met with spiritual violence. God's people must rise up in the power of the Holy Spirit to expose the spirit of Jezebel and her evil plans, gain authority, and war against her victoriously.--Page 4 of cover.

needless casualties of war: World War Z Max Brooks, 2013 An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

needless casualties of war: The Outpost Jake Tapper, 2012-11-13 The basis of the film starring Orlando Bloom and Scott Eastwood, *The Outpost* is the heartbreaking and inspiring story of one of America's deadliest battles during the war in Afghanistan, acclaimed by critics everywhere as a classic. At 5:58 AM on October 3rd, 2009, Combat Outpost Keating, located in frighteningly vulnerable terrain in Afghanistan just 14 miles from the Pakistani border, was viciously attacked. Though the 53 Americans there prevailed against nearly 400 Taliban fighters, their casualties made it the deadliest fight of the war for the U.S. that year. Four months after the battle, a Pentagon review revealed that there was no reason for the troops at Keating to have been there in the first place. In *The Outpost*, Jake Tapper gives us the powerful saga of COP Keating, from its establishment to eventual destruction, introducing us to an unforgettable cast of soldiers and their families, and to a place and war that has remained profoundly distant to most Americans. A runaway bestseller, it makes a savage war real, and American courage manifest. *The Outpost* is a mind-boggling, all-too-true story of heroism, hubris, failed strategy, and heartbreaking sacrifice. If you want to understand how the war in Afghanistan went off the rails, you need to read this book. -- Jon Krakauer

needless casualties of war: Acacia David Anthony Durham, 2008-08-26 "David Anthony Durham has serious chops. I can't wait to read whatever he writes next. —George R. R. Martin Welcome to Acacia . . . Born into generations of prosperity, the four royal children of the Akaran dynasty know little of the world outside their opulent island paradise. But when an assassin strikes at the heart of their power, their lives are changed forever. Forced to flee to distant corners and separated against their will, the children must navigate a web of hidden allegiances, ancient magic, foreign invaders, and illicit trade that will challenge their very notion of who they are. As they come to understand their true purpose in life, the fate of the world lies in their hands.

needless casualties of war: 7 Days Behind the Veil John Paul Jackson, Lauren Stinton, 2006-01-01

needless casualties of war: Brotherhood of Heroes Bill Sloan, 2005 This riveting read is the gut-wrenching but ultimately triumphant story of the Marines' most ferocious--yet largely

forgotten--Pacific battle of World War II. of photos. 3 maps.

needless casualties of war: Freedom's Forge Arthur Herman, 2013-07-02 NEW YORK TIMES BESTSELLER • SELECTED BY THE ECONOMIST AS ONE OF THE BEST BOOKS OF THE YEAR “A rambunctious book that is itself alive with the animal spirits of the marketplace.”—The Wall Street Journal Freedom’s Forge reveals how two extraordinary American businessmen—General Motors automobile magnate William “Big Bill” Knudsen and shipbuilder Henry J. Kaiser—helped corral, cajole, and inspire business leaders across the country to mobilize the “arsenal of democracy” that propelled the Allies to victory in World War II. Drafting top talent from companies like Chrysler, Republic Steel, Boeing, Lockheed, GE, and Frigidaire, Knudsen and Kaiser turned auto plants into aircraft factories and civilian assembly lines into fountains of munitions. In four short years they transformed America’s army from a hollow shell into a truly global force, laying the foundations for the country’s rise as an economic as well as military superpower. Freedom’s Forge vividly re-creates American industry’s finest hour, when the nation’s business elites put aside their pursuit of profits and set about saving the world. Praise for Freedom’s Forge “A rarely told industrial saga, rich with particulars of the growing pains and eventual triumphs of American industry . . . Arthur Herman has set out to right an injustice: the loss, down history’s memory hole, of the epic achievements of American business in helping the United States and its allies win World War II.”—The New York Times Book Review “Magnificent . . . It’s not often that a historian comes up with a fresh approach to an absolutely critical element of the Allied victory in World War II, but Pulitzer finalist Herman . . . has done just that.”—Kirkus Reviews (starred review) “A compulsively readable tribute to ‘the miracle of mass production.’ ”—Publishers Weekly “The production statistics cited by Mr. Herman . . . astound.”—The Economist “[A] fantastic book.”—Forbes “Freedom’s Forge is the story of how the ingenuity and energy of the American private sector was turned loose to equip the finest military force on the face of the earth. In an era of gathering threats and shrinking defense budgets, it is a timely lesson told by one of the great historians of our time.”—Donald Rumsfeld

needless casualties of war: Lucifer's War Linda Rios Brook, 2012-10-02 Lucifer’s War offers a detailed, historical examination of Satan, the demon gods who are aligned with him, and their ancient struggle with God over humanity.

needless casualties of war: Vietnam Michael Lind, 2013-07-30 Michael Lind casts new light on one of the most contentious episodes in American history in this controversial bestseller. In this groundbreaking reinterpretation of America's most disastrous and controversial war, Michael Lind demolishes enduring myths and put the Vietnam War in its proper context—as part of the global conflict between the Soviet Union and the United States. Lind reveals the deep cultural divisions within the United States that made the Cold War consensus so fragile and explains how and why American public support for the war in Indochina declined. Even more stunning is his provocative argument that the United States failed in Vietnam because the military establishment did not adapt to the demands of what before 1968 had been largely a guerrilla war. In an era when the United States so often finds itself embroiled in prolonged and difficult conflicts, Lind offers a sobering cautionary tale to Americans of all political viewpoints.

needless casualties of war: Warfare Prayer C. Peter Wagner, 2009-10-28 Warfare Prayer provides a toolbox and an operator s manual for those who take seriously the Apostle Paul s statement that we wrestle not against flesh and blood but against principalities and powers. The demonic world around us is a reality, but all too few believers understand that realm of darkness to say nothing of having the skills to use effectively the weapons of warfare that God has given us. Based on a combination of sound biblical theology and real life experiences, this book is a user-friendly guide for those committed enough to join the army of God.

needless casualties of war: The 20 Categories of Dreams EBook Michael Wise, John Paul Jackson, 2015-12-01 What's the difference between a calling dream and a direction dream? In The 20 Categories of Dreams, you'll discover the diversity and spiritual significance of the various kinds of dreams God gives. You'll also learn to recognize the subtle differences between dark dreams, fear dreams and false dreams--all given by the enemy to stop God's plan for your life. In this book, you'll

gain greater understanding of the following categories and purposes of dreams: Dreams to Reach Your Destiny Prophetic and Revelatory Dreams Calling Dreams Courage Dreams Direction Dreams Inventions Dreams Word of Knowledge Dreams Dreams to Change Your Path Correction Dreams Warning Dreams Self-Condition Dreams Dreams for Healing and Transformation Healing Dreams Deliverance Dreams Flushing Dreams Dreams from the Enemy Dark Dreams False Dreams Fear Dreams Dreams We Cause to Be Dreamed Soul Dreams Dreams to Train You in Spiritual Obedience Spiritual Warfare Intercession Dreams Dreams Caused by Changes in Your Body Chemical Dreams Body Dreams In addition to providing you with actual examples from each of the above dream categories, you'll also receive answers to several intriguing questions like: Why God allow the enemy access to our dreams? Are there really such things as pizza dreams? What role does our soul play in dreams? How can we have more spiritual dreams?

needless casualties of war: A Desert Called Peace Tom Kratman, 2007-09-01 HE RAISED AN ARMY AGAINST THOSE WHO TOOK EVERYTHING FROM HIM They should have picked their enemies more carefully. Five centuries from now, on a remarkably Earthlike planet that is mankind's sole colony in space, religious fanatics called the Salafi Ikhwan have murdered the uncle of former colonel Patrick Hennessey. That was their first mistake, because uncle was rich and Hennessey was rather a good colonel. But they also murdered Hennessey's wife, Linda, and their three small children, and that was their worst mistake for she was the only restraint Hennessey had ever accepted. From the pile of rubble and the pillar of fire that mark the last resting place of Linda Hennessey and her children arises a new warrior^{3/4}Carrera, scourge of the Salafis. He will forge an army of ruthless fanatics from the decrepit remains of failed state's military. He will wage war across half a world. He will find those who killed his family. He will destroy them, and those who support them, utterly, completely, without restraint or remorse. Only when he is finished will there be peace: the peace of an empty wind as it blows across a desert strewn with the bones of Carrera's enemies. At the publisher's request, this title is sold without DRM (Digital Rights Management).

needless casualties of war: Joker One Donovan Campbell, 2009-03-10 After graduating from Princeton, Donovan Campbell wanted to give back to his country, engage in the world, and learn to lead. So he joined the service, becoming a commander of a forty-man infantry platoon called Joker One. Campbell had just months to train and transform a ragtag group of brand-new Marines into a first-rate cohesive fighting unit, men who would become his family. They were assigned to Ramadi, the capital of the Sunni-dominated Anbar province that was an explosion just waiting to happen. And when it did happen—with the chilling cries of Jihad, Jihad, Jihad! echoing from minaret to minaret—Campbell and company were there to protect the innocent, battle the insurgents, and pick up the pieces. Thrillingly told by the man who led the unit of hard-pressed Marines, Joker One is a gripping tale of a leadership and loyalty.

needless casualties of war: The British Army and the First World War Ian Beckett, Timothy Bowman, Mark Connelly, 2017-05-25 A comprehensive new history of the shaping and performance of the British army during the First World War.

needless casualties of war: Three Weeks in November Ralph Weaver, 2012-06-18 The political phenomenon known as the 'Springtime of the Nations' swept through Europe in 1848, toppling thrones, forcing old autocratic regimes to grant constitutions to the people and bringing street fighting and large scale campaigns to cities and states across the continent. What is not generally known is that a precursor to these events had already taken place in the center of Europe in the Alpine valleys of the collection of independent states known collectively as Switzerland. In November 1847, twelve of the Swiss cantons went to war with seven other cantons over the future of the country. The campaign lasted just three weeks, with only a few hundred casualties and ended with the establishment of the modern Swiss state we have today. If it had not ended so quickly it is likely that France, Austria and Prussia would have become involved, which would have led to a European-wide war. This book is unique in that it concentrates on the military aspects of this episode in history. As well as an outline of the campaign itself, it covers the strengths and organization of each canton; in 1847 each was a separate state with its own army. Included are

chapters on the uniforms of the canton's armies, their battle flags, weapons and distinguishing badges. The major battle of the war, at Gislikon (modern Gisikon), a small village with a strategic river crossing, just north of the city of Luzern, is treated in detail. As well as the general picture, individual soldiers' stories illustrate the combat techniques of the period. Biographies are given of some of the leading figures from both sides of the conflict, which demonstrate the European dimension. Many served in French, Dutch and Neapolitan armies before taking appointments in the Swiss canton armies. To compliment the text the book is well illustrated with a mixture of contemporary pictures, in color and black and white, and also specially produced color plates of Swiss canton uniforms and flags. So that the reader can follow the campaign, maps from official Swiss sources are included. Orders of battle for all the cantons and detailed orders of battle for the main action at Gislikon are also provided. This is the latest title in Helion's groundbreaking series of 19th Century studies, and will again appear in hardback as a strictly limited edition printing of 500 copies, each individually numbered and signed by the author on a decorative title page. Ralph Weaver has made a life-long study of military history, particularly of Europe in the 19th Century. He began his military career with the Sealed Knot before giving up the sword for the pen. He has been the editor of the journal of the Continental Wars Society for the past twenty-five years and has written and illustrated books and magazine articles on military history. He trained as a land surveyor in the Civil Service and has used his map-making skills in battlefield walking and table top wargaming. He has been collecting books, pictures, photographs and reference material on uniforms with a view to writing a definitive history on the subject. As well as conducting research on military topics, his latest interests include cooking and looking after grandchildren.

needless casualties of war: Keep The Pigs Out Don Dickerman, 2010-10-05 This book will show believers what they must know to remain free of demon oppression.

needless casualties of war: Stars in Their Courses Shelby Foote, 1994-06-28 A matchless account of the Battle of Gettysburg, drawn from Shelby Foote's landmark history of the Civil War Shelby Foote's monumental three-part chronicle, *The Civil War: A Narrative*, was hailed by Walker Percy as "an unparalleled achievement, an American Iliad, a unique work uniting the scholarship of the historian and the high readability of the first-class novelist." Here is the central chapter of the central volume, and therefore the capstone of the arch, in a single volume. Complete with detailed maps, *Stars in Their Courses* brilliantly recreates the three-day conflict: It is a masterly treatment of a key great battle and the events that preceded it—not as legend has it but as it really was, before it became distorted by controversy and overblown by remembered glory.

needless casualties of war: Crazy Like Us Ethan Watters, 2010-01-12 "A blistering and truly original work of reporting and analysis, uncovering America's role in homogenizing how the world defines wellness and healing" (Po Bronson). In *Crazy Like Us*, Ethan Watters reveals that the most devastating consequence of the spread of American culture has not been our golden arches or our bomb craters but our bulldozing of the human psyche itself: We are in the process of homogenizing the way the world goes mad. It is well known that American culture is a dominant force at home and abroad; our exportation of everything from movies to junk food is a well-documented phenomenon. But is it possible America's most troubling impact on the globalizing world has yet to be accounted for? American-style depression, post-traumatic stress disorder, and anorexia have begun to spread around the world like contagions, and the virus is us. Traveling from Hong Kong to Sri Lanka to Zanzibar to Japan, acclaimed journalist Ethan Watters witnesses firsthand how Western healers often steamroll indigenous expressions of mental health and madness and replace them with our own. In teaching the rest of the world to think like us, we have been homogenizing the way the world goes mad.

needless casualties of war: The Girl Is Murder Kathryn Miller Haines, 2011-07-19 15-year-old Iris Anderson is only too happy to lend a hand at her father's detective agency. The only problem is . . . he doesn't want her help. Iris quickly masters the art of deception in this YA novel for fans of Veronica Mars.

needless casualties of war: The Battle for Pakistan Shuja Nawaz, 2020-04-10 The Battle for

Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of the US-Pakistani relationship and identifies a clear path forward, showing how the United States can build better partnerships in troubled corners of the world.

needless casualties of war: Far Eastern Tour Brent Byron Watson, 2002-08-14 Using rigorous archival research and oral accounts, *Far Eastern Tour* follows the experiences of Canadian soldiers from the time they responded to the government's call to arms to the indifferent reaction to their homecoming a year later. Dealing with the fiasco surrounding recruitment, an inappropriate training regime, and the stark living and combat conditions, Brent Watson examines the human consequences of an army that was totally unprepared for service in the Far East.

needless casualties of war: Needless Deaths in the Gulf War, 1991 Based on interviews conducted during the war with those who fled bombing as well as subsequent research and analysis, this challenges the report of allied commanders that they took every feasible step to avoid civilian death and injury. It also examines Iraqi attacks on Israel and Saudi Arabia.

needless casualties of war: Mystical Prayer Charlie Shamp, 2018-10-16 If Christ is both the Way and the Door into Heaven, how can we find this path of mystery; this door into the unseen? Jesus Christ; the mystic staircase and vehicle of supernatural power, the very throne of Grace and Mercy resting over the Ark of the Covenant, hidden from ages, is waiting to be discovered. When we turn our full attention upon the beauty of Christ we will discover the ancient path that leads us to everlasting life. Leonard Ravenhill has often been quoted as saying, No man is greater than his prayer life. And while we recognize that prayer is a vital part of every Christian's walk with God, what kind of prayer is necessary to see into the unseen? There seems to be those throughout history who encountered heaven in a much deeper way. Those who were like what Isaiah spoke of; who fly like clouds, like doves to their windows. Charlie takes you on this journey into the unseen realms of mystical prayer and reveals hidden secrets from the Holy Spirit. Learn how to walk with God in a much deeper and intimate way than you ever knew was possible. You will discover a prayer life that erases all barriers between you and God. A realm where deep calls out to the deep and revelation flows freely from the throne of Grace. Get ready to discover Mystical Prayer.

needless casualties of war: To End All Wars Adam Hochschild, 2011-04-11 In this riveting and suspenseful New York Times best-selling book, Adam Hochschild brings WWI to life as never before... World War I was supposed to be the "war to end all wars." Over four long years, nations around the globe were sucked into the tempest, and millions of men died on the battlefields. To this day, the war stands as one of history's most senseless spasms of carnage, defying rational explanation. *To End All Wars* focuses on the long-ignored moral drama of the war's critics, alongside its generals and heroes. Many of these dissenters were thrown in jail for their opposition to the war, from a future Nobel Prize winner to an editor behind bars who distributed a clandestine newspaper on toilet paper. These critics were sometimes intimately connected to their enemy hawks: one of Britain's most prominent women pacifist campaigners had a brother who was commander in chief on the Western Front. Two well-known sisters split so bitterly over the war that they ended up publishing newspapers that attacked each other. Hochschild forces us to confront the big questions: Why did so many nations get so swept up in the violence? Why couldn't cooler heads prevail? And can we ever avoid repeating history?

needless casualties of war: Wildland Evan Osnos, 2021-09-14 INSTANT NEW YORK TIMES BESTSELLER After a decade abroad, the National Book Award- and Pulitzer Prize-winning writer Evan Osnos returns to three places he has lived in the United States—Greenwich, CT; Clarksburg, WV; and Chicago, IL—to illuminate the origins of America’s political fury. Evan Osnos moved to Washington, D.C., in 2013 after a decade away from the United States, first reporting from the Middle East before becoming the Beijing bureau chief at the Chicago Tribune and then the China correspondent for The New Yorker. While abroad, he often found himself making a case for America, urging the citizens of Egypt, Iraq, or China to trust that even though America had made grave mistakes throughout its history, it aspired to some foundational moral commitments: the rule of law, the power of truth, the right of equal opportunity for all. But when he returned to the United States, he found each of these principles under assault. In search of an explanation for the crisis that reached an unsettling crescendo in 2020—a year of pandemic, civil unrest, and political turmoil—he focused on three places he knew firsthand: Greenwich, Connecticut; Clarksburg, West Virginia; and Chicago, Illinois. Reported over the course of six years, Wildland follows ordinary individuals as they navigate the varied landscapes of twenty-first-century America. Through their powerful, often poignant stories, Osnos traces the sources of America’s political dissolution. He finds answers in the rightward shift of the financial elite in Greenwich, in the collapse of social infrastructure and possibility in Clarksburg, and in the compounded effects of segregation and violence in Chicago. The truth about the state of the nation may be found not in the slogans of political leaders but in the intricate details of individual lives, and in the hidden connections between them. As Wildland weaves in and out of these personal stories, events in Washington occasionally intrude, like flames licking up on the horizon. A dramatic, prescient examination of seismic changes in American politics and culture, Wildland is the story of a crucible, a period bounded by two shocks to America’s psyche, two assaults on the country’s sense of itself: the attacks of September 11 in 2001 and the storming of the U.S. Capitol on January 6, 2021. Following the lives of everyday Americans in three cities and across two decades, Osnos illuminates the country in a startling light, revealing how we lost the moral confidence to see ourselves as larger than the sum of our parts.

needless casualties of war: Whirlwind Barrett Tillman, 2010-03-02 WHIRLWIND is the first book to tell the complete, awe-inspiring story of the Allied air war against Japan—the most important strategic bombing campaign in history. From the audacious Doolittle raid in 1942 to the atomic bombing of Hiroshima and Nagasaki in 1945, award-winning historian Barrett Tillman recounts the saga from the perspectives of American and British aircrews who flew unprecedented missions over thousands of miles of ocean, as well as of the generals and admirals who commanded them. Whether describing the experiences of bomber crews based in China or the Marianas, fighter pilot on Iwo Jima, or carrier aviators at sea, Tillman provides vivid details of the lives of the fliers and their support personnel. Whirlwind takes readers into the cockpits and gun turrets of the mighty B-29 Superfortress, the largest bomber built up to that time. Tillman dramatically re-creates the sweep of wartime emotions that crews endured on fifteen-hour missions, grappling with the extreme tedium of cramped spaces and with adrenaline spikes in flak-studded skies, knowing that a bailout would put them at the mercy of a merciless enemy or an unforgiving sea. A major character is the controversial and brilliant General Curtis LeMay, who rewrote strategic bombing tactics. His command’s fire-bombing missions incinerated fully half of Tokyo and many other cities, crippling Japan’s industry while still failing to force surrender. Whirlwind examines the immense logistics and construction efforts necessary to support Superfortresses in Asia and the Mariana Islands, as well as the tireless efforts of engineers to build huge air bases from scratch. It also describes the unheralded missions that American bomber crews flew from the Aleutian Islands to Japan’s northernmost Kuril Islands. Never has the Japanese side of the story been so thoroughly examined. If Washington, D.C., represented a “second front” in Army-Navy rivalry, the situation in Tokyo approached a full-contact sport. Tillman’s description of Japan’s willfully inadequate approach to civil defense is eye-opening. Similarly, he examines the mind-set in Tokyo’s war cabinet, which ignored the atomic destruction of Hiroshima and Nagasaki, requiring the emperor’s personal intervention to avert a ghastly Allied

invasion. Tillman shows how, despite the Allies' ultimate success, mistakes and shortsighted policies made victory more costly in lives and effort. He faults the lack of a unified command for allowing the Army Air Forces and the Navy to pursue parochial goals at the expense of the larger mission, and he questions the premature commitment of the enormously sophisticated B-29 to the most primitive theater in India and China. Whirlwind is one of the last histories of World War II written with the contribution of men who fought in it. With unexcelled macro- and microperspectives, Whirlwind is destined to become a standard reference on the war, on multiservice operations, and on the human capacity for individual heroism and national folly.

needless casualties of war: Embers of War Fredrik Logevall, 2012 A history of the four decades leading up to the Vietnam War offers insights into how the U.S. became involved, identifying commonalities between the campaigns of French and American forces while discussing relevant political factors.

needless casualties of war: Destined for the Cross Randy Clark, 2020-08-04 Understanding the Truth Behind Jesus' Death Changes Everything In Destined for the Cross, Randy Clark explores the most central aspect of Christianity: Jesus Christ and His death on the cross. While the full magnitude is beyond human comprehension, Dr. Clark helps to clear the fog and offers a clear glimpse into the life and death of the Son of God, providing answers to questions such as: Who was Jesus? Where did He come from? Why did He come? How do we benefit from His life and death? Truly understanding what happened on the cross provides a new way of living in a hurting world, and Dr. Clark's insight profoundly and poetically leads the way.
