

Story Of The Eye

The Story of the Eye: A Dive into Georges Bataille's Controversial Masterpiece

The "Story of the Eye" isn't your typical bedtime read. This novella by Georges Bataille, published in 1928, is a visceral, unflinching exploration of transgression, sexuality, and the abject. It's a work that continues to shock and provoke readers, earning its place in literary history not for its narrative coherence, but for its relentless assault on conventional morality and its unsettling depiction of human desire. This post will delve into the narrative, explore its key themes, analyze its lasting impact, and consider its controversial legacy. We'll examine why it continues to fascinate and repulse in equal measure, providing a critical analysis that goes beyond simple shock value.

H2: A Summary of the Narrative: Sacrifice and the Sacred

The "Story of the Eye" follows a group of young people engaged in increasingly extreme acts of

sexual exploration. The central characters, Simone and her lover, indulge in a series of encounters that blur the lines between pleasure, violence, and ritualistic sacrifice. The narrative is fragmented, dreamlike, and often purposefully obscure. The story's centerpiece involves a shocking act of violence – the blinding and subsequent consumption of an eye – an event that underscores the novel's central theme of transgression and the blurring of boundaries between the sacred and the profane. It's not a plot-driven narrative; rather, it's a visceral experience meant to unsettle and confront the reader's sensibilities.

H2: Unpacking the Themes: Transgression, the Sacred, and the Abject

Several key themes underpin Bataille's work. Transgression is paramount: the characters actively seek to violate social norms and religious taboos. Their actions are not driven by simple hedonism, but by a profound desire to experience the forbidden, to push the limits of human experience beyond the confines of acceptable behavior. This leads to the exploration of the sacred. The seemingly grotesque acts are portrayed not as simply perverse, but as possessing a strange, ritualistic quality, suggesting a connection to a primordial, non-rational sacredness. Bataille's concept of the abject is crucial here; he depicts the body and its functions – particularly excrement and bodily fluids – not as shameful, but as inherently connected to life's raw power and intensity. The eye, in this context, becomes a potent symbol of both vision and vulnerability, its destruction a symbolic act of transgression.

H2: The Style and Language: A Deliberate Assault on the Senses

Bataille's writing style mirrors the novel's content. It's deliberately jarring and fragmented, reflecting the chaotic and transgressive nature of the narrative. The prose is often stark and violent, punctuated by moments of lyrical beauty that only serve to highlight the ugliness of the described acts. This stylistic choice is not accidental; it's a crucial element in Bataille's attempt to shock the reader into confronting the darker aspects of human desire and experience. The repetitive use of specific imagery and descriptions further reinforces the sense of ritualistic obsession driving the characters' actions.

H2: The Lasting Impact and Controversies: A Legacy of Debate

"The Story of the Eye" has remained controversial since its publication. Its explicit depictions of sexuality and violence have led to censorship and condemnation throughout its history. However, its influence on subsequent literature and art is undeniable. The novel's exploration of transgression, the sacred, and the abject has resonated with writers, artists, and filmmakers, influencing various movements and styles. It's a text that continues to provoke intense reactions, forcing readers to confront uncomfortable truths about human nature and the limits of acceptable representation. The

debate surrounding its artistic merit versus its shocking content continues to this day.

H2: Beyond the Shock Value: Understanding Bataille's Vision

It's crucial to avoid reducing "The Story of the Eye" to mere pornography. While the explicit content is undeniable, the novel offers a complex and disturbing meditation on human experience, exploring the limits of reason, the power of transgression, and the allure of the forbidden. Bataille's work challenges conventional morality and invites the reader to confront their own preconceptions about sexuality, the body, and the nature of the sacred. By engaging with the novel's disturbing imagery and unsettling themes, readers are forced to grapple with uncomfortable aspects of human existence often suppressed by societal norms.

Conclusion

"The Story of the Eye" is not a comfortable read. It's a challenging, unsettling, and deeply provocative work that demands careful consideration. Its enduring power lies not in its shock value alone, but in its unflinching exploration of human desire, transgression, and the complex relationship between the sacred and the profane. It remains a significant contribution to literature, pushing boundaries and sparking debate long after its publication.

FAQs

1. Is "The Story of the Eye" suitable for all readers? No, the novel contains explicit depictions of sexuality and violence that may be disturbing to some readers. It's essential to approach it with caution and self-awareness.
2. What is the significance of the eye in the novel? The eye symbolizes both vision and vulnerability. Its destruction represents a transgression against both the physical body and the limitations of conventional perception.
3. How does Bataille's work relate to Surrealism? While not strictly Surrealist, Bataille's work shares some affinities with Surrealism, particularly in its exploration of the subconscious, dreamlike imagery, and rejection of conventional morality.
4. What is the lasting impact of "The Story of the Eye" on literature and art? The novel's influence can be seen in various works that explore transgression, the abject, and the complex relationship between sexuality and violence. It has influenced writers, artists, and filmmakers across numerous movements.
5. Where can I find a copy of "The Story of the Eye"? The novel is widely available in bookstores and online retailers, both in print and digital formats. Be aware that some editions may contain explicit

content.

story of the eye: Story of the Eye Georges Bataille, 2013-09-26 Bataille's first novel, published under the pseudonym 'Lord Auch', is still his most notorious work. In this explicit pornographic fantasy, the young male narrator and his lovers Simone and Marcelle embark on a sexual quest involving sadism, torture, orgies, madness and defilement, culminating in a final act of transgression. Shocking and sacrilegious, Story of the Eye is the fullest expression of Bataille's obsession with the closeness of sex, violence and death. Yet it is also hallucinogenic in its power, and is one of the erotic classics of the twentieth century.

story of the eye: The Eye Book Theo. LeSieg, 1999-09-28 Our eyes see flies. Our eyes see ants. Sometimes they see pink underpants. Oh, say can you see? Dr. Seuss's hilarious ode to eyes gives little ones a whole new appreciation for all the wonderful things to be seen!

story of the eye: What the Eyes Don't See Mona Hanna-Attisha, 2018-06-19 A NEW YORK TIMES NOTABLE BOOK • The dramatic story of the Flint water crisis, by a relentless physician who stood up to power. "Stirring . . . [a] blueprint for all those who believe . . . that 'the world . . . should be full of people raising their voices.'"—The New York Times "Revealing, with the gripping intrigue of a Grisham thriller." —O: The Oprah Magazine Here is the inspiring story of how Dr. Mona Hanna-Attisha, alongside a team of researchers, parents, friends, and community leaders, discovered that the children of Flint, Michigan, were being exposed to lead in their tap water—and then battled her own government and a brutal backlash to expose that truth to the world. Paced like a scientific thriller, What the Eyes Don't See reveals how misguided austerity policies, broken democracy, and callous bureaucratic indifference placed an entire city at risk. And at the center of the story is Dr. Mona herself—an immigrant, doctor, scientist, and mother whose family's activist roots inspired her pursuit of justice. What the Eyes Don't See is a riveting account of a shameful disaster that became a tale of hope, the story of a city on the ropes that came together to fight for justice, self-determination, and the right to build a better world for their—and all of our—children. Praise for What the Eyes Don't See "It is one thing to point out a problem. It is another thing altogether to step up and work to fix it. Mona Hanna-Attisha is a true American hero."—Erin Brockovich "A clarion call to live a life of purpose."—The Washington Post "Gripping . . . entertaining . . . Her book has power precisely because she takes the events she recounts so personally. . . . Moral outrage present on every page."—The New York Times Book Review "Personal and emotional. . . She vividly describes the effects of lead poisoning on her young patients. . . . She is at her best when recounting the detective work she undertook after a tip-off about lead levels from a friend. . . . 'Flint will not be defined by this crisis,' vows Ms. Hanna-Attisha."—The Economist "Flint is a public health disaster. But it was Dr. Mona, this caring, tough pediatrician turned detective, who cracked the case."—Rachel Maddow

story of the eye: The Doctor with an Eye for Eyes Julia Finley Mosca, 2017 As a girl coming of age during the era of civil rights, Patricia Bath made it her mission to become a doctor. When obstacles like racism, poverty, and sexism threatened this goal, she persevered--brightening the world with a game-changing treatment for blindness. Illustrations.x 10.

story of the eye: What the Eye Hears Brian Seibert, 2015-11-17 The first authoritative history of tap dancing, one of the great art forms—along with jazz and musical comedy—created in America. Finalist for the National Book Critics Circle Award in Nonfiction Winner of Anisfield-Wolf Book Award An Economist Best Book of 2015 What the Eye Hears offers an authoritative account of the great American art of tap dancing. Brian Seibert, a dance critic for The New York Times, begins by exploring tap's origins as a hybrid of the jig and clog dancing and dances brought from Africa by slaves. He tracks tap's transfer to the stage through blackface minstrelsy and charts its growth as a cousin to jazz in the vaudeville circuits. Seibert chronicles tap's spread to ubiquity on Broadway and in Hollywood, analyzes its decline after World War II, and celebrates its rediscovery and reinvention by new generations of American and international performers. In the process, we discover how the

history of tap dancing is central to any meaningful account of American popular culture. This is a story with a huge cast of characters, from Master Juba through Bill Robinson and Shirley Temple, Fred Astaire and Ginger Rogers, and Gene Kelly and Paul Draper to Gregory Hines and Savion Glover. Seibert traces the stylistic development of tap through individual practitioners and illuminates the cultural exchange between blacks and whites, the interplay of imitation and theft, as well as the moving story of African Americans in show business, wielding enormous influence as they grapple with the pain and pride of a complicated legacy. What the Eye Hears teaches us to see and hear the entire history of tap in its every step. "Tap is America's great contribution to dance, and Brian Seibert's book gives us—at last!—a full-scale (and lively) history of its roots, its development, and its glorious achievements. An essential book!" —Robert Gottlieb, dance critic for The New York Observer and editor of Reading Dance "What the Eye Hears not only tells you all you wanted to know about tap dancing; it tells you what you never realized you needed to know. . . . And he recounts all this in an easygoing style, providing vibrant descriptions of the dancing itself and illuminating commentary by those masters who could make a floor sing." —Deborah Jowitt, author of Jerome Robbins: His Life, His Theater, His Dance and Time and the Dancing Image

story of the eye: Literature and Evil Georges Bataille, 1973

story of the eye: People of the Eye Rachel Locker McKee, 2001 Deaf people in New Zealand are often little known outside their own culture. People of the Eye brings their world to life in personal histories translated into English with a series of photographs of the deaf community. The storytellers are both old and young, and they reflect both the diversity and commonality of deaf experience; the painful lives of a generation brought up forbidden to use sign language contrasted with the confidence of young people using New Zealand Sign Language as they attend school and assert deaf pride. The differences between children growing up in deaf families and those who struggle with identity as deaf children in hearing families are illuminating. These are stories of joy and sadness, confusion and resolution, and regret and optimism.

story of the eye: A History of Seeing in Eleven Inventions Susan Denham Wade, 2019-09-16 Eyes were one of the very first body parts to evolve more than 500 million years ago, and their structure has remained virtually unchanged through most of evolutionary history. But eyes alone were never enough for Homo sapiens. From the mastery of fire a million years ago to the smartphone today, humans have repeatedly invented new ways to see their surroundings, each other and themselves. Artificial light, art, mirrors, writing, lenses, printing, photography, film, television, smartphones - these tools didn't just add to our visual repertoire, they shaped cultures around the world and made us who we are. Drawing on sources from anthropology to zoology, neuroscience to Netflix, As Far As the Eye Can See traces the history of seeing from the first evolutionary stirrings of sight and discovers that each time we changed how or what we see, we changed ourselves and the world around us. Along the way, it finds, sight slowly eclipsed our other senses. Are we now at 'peak seeing', the author asks. Can our eyes keep up with technology? Have we gone as far as the eye can see?

story of the eye: More Than Meets the Eye Joan Brock, Derek L. Gill, 2020-04-25 Joan Brock seems to have the perfect life: a deep faith in God, a happy marriage, a beautiful young daughter, and a satisfying career teaching blind students how to adapt to a seeing world. Then Joan's own eyesight begins to fail due to a rare and an incurable condition. Her world becomes shrouded in shadows, where familiar objects, such as an out-of-place chair or a door left ajar, prove perilous. As Joan struggles to adapt to her new reality, she receives another harsh blow: her husband is diagnosed with terminal cancer. How can I do this alone? She wonders. What will happen to my daughter? More Than Meets the Eye is the powerful story of meeting hardships head-on with resilience and a resolute faith that turns sorrow into joy and tragedy into triumph. It is also a story of unexpected romance. In 2003 Joan's remarkable story was the basis of a television movie, More Than Meets the Eye: The Joan Brock Story, which premiered on the Lifetime network and was distributed internationally by Hallmark.

story of the eye: In the Eye of the Wild Nastassja Martin, 2021-11-16 After enduring a vicious

bear attack in the Russian Far East's Kamchatka Peninsula, a French anthropologist undergoes a physical and spiritual transformation that forces her to confront the tenuous distinction between animal and human. In *The Eye of the Wild* begins with an account of the French anthropologist Nastassja Martin's near fatal run-in with a Kamchatka bear in the mountains of Siberia. Martin's professional interest is animism; she addresses philosophical questions about the relation of humankind to nature, and in her work she seeks to partake as fully as she can in the lives of the indigenous peoples she studies. Her violent encounter with the bear, however, brings her face-to-face with something entirely beyond her ken—the untamed, the nonhuman, the animal, the wild. In the course of that encounter something in the balance of her world shifts. A change takes place that she must somehow reckon with. Left severely mutilated, dazed with pain, Martin undergoes multiple operations in a provincial Russian hospital, while also being grilled by the secret police. Back in France, she finds herself back on the operating table, a source of new trauma. She realizes that the only thing for her to do is to return to Kamchatka. She must discover what it means to have become, as the Even people call it, medka, a person who is half human, half bear. In *The Eye of the Wild* is a fascinating, mind-altering book about terror, pain, endurance, and self-transformation, comparable in its intensity of perception and originality of style to J. A. Baker's classic *The Peregrine*. Here Nastassja Martin takes us to the farthest limits of human being.

story of the eye: *Look Me in the Eye* John Elder Robison, 2008-09-09 NEW YORK TIMES BESTSELLER “As sweet and funny and sad and true and heartfelt a memoir as one could find.” —from the foreword by Augusten Burroughs Ever since he was young, John Robison longed to connect with other people, but by the time he was a teenager, his odd habits—an inclination to blurt out non sequiturs, avoid eye contact, dismantle radios, and dig five-foot holes (and stick his younger brother, Augusten Burroughs, in them)—had earned him the label “social deviant.” It was not until he was forty that he was diagnosed with a form of autism called Asperger's syndrome. That understanding transformed the way he saw himself—and the world. A born storyteller, Robison has written a moving, darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own. It's a strange, sly, indelible account—sometimes alien yet always deeply human.

story of the eye: *The Eye of the World* Robert Jordan, 1990-01-15 The Wheel of Times turns and Ages come and go, leaving memories that become legend. Legend fades to myth, and even myth is long forgotten when the Age that gave it birth returns again. In the Third Age, and Age of Prophecy, the World and Time themselves hang in the balance. What was, what will be, and what is, may yet fall under the Shadow.

story of the eye: The Eye of the Whale: a Rescue Story (Tilbury House Nature Book) Jennifer O'Connell, 2016-03-15 On a cool December morning near San Francisco, a distress call was radioed to shore by a local fisherman. He had discovered a humpback whale tangled in hundreds of yards of crab-trap lines, struggling to stay afloat. A team of volunteers answered the call, and four divers risked their lives to rescue the enormous animal. It was the first successful whale disentanglement performed off the West Coast of the United States and prompted a rare and remarkable demonstration of animal behavior. This celebrated story, beautifully depicted in Jennifer O'Connell's mesmerizing paintings, will make you wonder about animal emotions and the unique connections we can have with other animals, seven whales. To research *The Eye of the Whale*, Jennifer traveled to San Francisco where she met Captain Mick Menigoz and rode his rescue boat, Superfish, out into the Pacific Ocean to the area where the events in the book took place. This experience fueled her inspiration as she created the images and words of this extraordinary story.

story of the eye: An Eye for Color Natasha Wing, 2009-09 Presents a discussion of German-born American artist Josef Albers' perspective on color and use of contrasting combinations of colors to revolutionize the way people look at art.

story of the eye: From the Corner of His Eye Dean Koontz, 2012-05-29 #1 NEW YORK TIMES BESTSELLER • A thrilling and emotionally powerful novel from the author of the Jane Hawk series “A literary miracle . . . a tapestry of intrigue and suspense.”—The Boston Globe His birth was

marked by wonder and tragedy. He sees beauty and terror beyond our deepest dreams. His story will change the way you see the world. Bartholomew Lampion is born on a day of tragedy and terror that will mark his family forever. All agree that his unusual eyes are the most beautiful they have ever seen. On this same day, a thousand miles away, a ruthless man learns that he has a mortal enemy named Bartholomew. He embarks on a relentless search to find this enemy, a search that will consume his life. And a girl is born from a brutal rape, her destiny mysteriously linked to Barty and the man who stalks him. At the age of three, Barty Lampion is blinded when surgeons remove his eyes to save him from a fast-spreading cancer. As he copes with his blindness and proves to be a prodigy, his mother counsels him that all things happen for a reason and that every person's life has an effect on every other person's, in often unknowable ways. At thirteen, Bartholomew regains his sight. How he regains it, why he regains it, and what happens as his amazing life unfolds and entwines with others results in a breathtaking journey of courage, heart-stopping suspense, and high adventure.

story of the eye: Under the Eye of the Clock Christopher Nolan, 2000 Oxygen-deprived for two hours at birth, Christopher Nolan lived to write, at age twenty-one, the autobiography of his childhood, told as the story of Joseph Meehan. He wrote the book, using a unicorn stick attached to his head, letter by painful letter. The result is astonishingly lyrical, filled with powerful description, touching moments of triumph and humiliation, and, above all, disarming wit. It is, in the words of London's Daily Express, a book of sheer wonder.

story of the eye: Far as the Eye Can See Robert Bausch, 2014-11-04 Bobby Hale is a Union veteran several times over. After the war, he sets his sights on California, but only makes it to Montana. As he stumbles around the West, from the Wyoming Territory to the Black Hills of the Dakotas, he finds meaning in the people he meets-settlers and native people-and the violent history he both participates in and witnesses. Far as the Eye Can See is the story of life in a place where every minute is an engagement in a kind of war of survival, and how two people-a white man and a mixed-race woman-in the midst of such majesty and violence can manage to find a pathway to their own humanity. Robert Bausch is the distinguished author of a body of work that is lively and varied, but linked by a thoughtfully complicated masculinity and an uncommon empathy. The unique voice of Bobby Hale manages to evoke both Cormac McCarthy and Mark Twain, guiding readers into Indian country and the Plains Wars in a manner both historically true and contemporarily relevant, as thoughts of race and war occupy the national psyche.

story of the eye: Eye of the Beast Terry Adams, Mary Brooks-Mueller, Scott Shaw, 1999-02-15 In the summer of 1993, James Wood brought terror to the unassuming town of Pocatello, Idaho. Wood, the stranger in town, looked quite ordinary. The truth came to light only after the abduction and murder of Jeralee Underwood, the 11-year-old daughter of a devout Mormon family. Author Terry Adams teams up with lead investigator Scott Shaw and forensic psychologist Mary Brooks-Mueller to take readers behind the headlines into the heart of the Idaho investigation. Photo insert.

story of the eye: The Eyes of Darkness Dean Koontz, 2011-04-05 A mother's greatest wish—or worst nightmare—comes true in this chilling novel by #1 New York Times bestselling author Dean Koontz. Tina Evans has spent a year suffering from incredible heartache since her son Danny's tragic death. But now, with her Vegas show about to premiere, Tina can think of no better time for a fresh start. Maybe she can finally move on and put her grief behind her. Only there is a message for Tina, scrawled on the chalkboard in Danny's room: NOT DEAD. Two words that send her on a terrifying journey from the bright lights of Las Vegas to the cold shadows of the High Sierras, where she uncovers a terrible secret...

story of the eye: Georges Bataille Michel Surya, 2020-05-05 Georges Bataille was a philosopher, writer, librarian, pornographer and a founder of the influential journals Critique and Acphale. He has had an enormous impact on contemporary thought, influencing such writers as Barthes, Baudrillard, Derrida, Foucault and Sontag. Many of his books, including the notorious Story of the Eye and the fascinating The Accursed Share, are modern classics. In this acclaimed

intellectual biography, Michel Surya gives a detailed and insightful account of Bataille's work against the backdrop of his life - his troubled childhood, his difficult relationship with Andr Breton and the surrealists and his curious position as a thinker of excess, 'potlatch', sexual extremes and religious sacrifice, one who nonetheless remains at the heart of twentieth century French thought-all of it drawn here in rich and allusive prose. While exploring the source of the violent eroticism that laces Bataille's novels, the book is also an acute guide to the development of Bataille's philosophical thought. Enriched by testimonies from Bataille's closest acquaintances and revealing the context in which he worked, Surya sheds light on a figure Foucault described as 'one of the most important writers of the century'.

story of the eye: *The Eye of Midnight* Andrew Brumbach, 2016 In May 1929 Maxine Campbell and her cousin William Battersea arrive at their grandfather's house in New Jersey to find that the house is empty--and soon they're caught up in the contest for an ancient Arabian relic called the Eye of Midnight, which several secret societies are willing to do anything to possess.

story of the eye: *The Eye of the Sheep* Sofie Laguna, 2017-01-01 Winner of the 2015 Miles Franklin Literary Award Shortlisted for the 2015 Voss Literary Prize and the 2015 Stella Prize Longlisted for the 2016 International IMPAC Dublin Literary Award Meet Jimmy Flick. He's not like other kids - he's both too fast and too slow. He sees too much, and too little. Jimmy's mother Paula is the only one who can manage him. She teaches him how to count sheep so that he can fall asleep. She holds him tight enough to stop his cells spinning. It is only Paula who can keep Jimmy out of his father's way. But when Jimmy's world falls apart, he has to navigate the unfathomable world on his own, and make things right.

story of the eye: *The NSFW Files* Karl Wolff, 2015-01-19 The runaway success of *Fifty Shades of Grey* made erotica mainstream, but can erotica really be written off as derivative fiction read by suburban moms for titillation? As Karl Wolff investigates in his new collection of essays, erotica belongs in a vast literary landscape, a genre that hides hidden treasures and rare delights. He covers erotica from *The Song of Songs* to Nic Kelman's *girls: A Paean*; from *Gynecocracy* to *Matriarchy: Freedom in Bondage*; from *City of Night* to *Naked Lunch*; *Story of the Eye* to *Story of O*; and a bawdy bouquet of graphic novels. *The NSFW Files* includes essays on erotica written by a Nobel laureate, an outsider artist, a surrealist, and a French prisoner, among many more. Most important, the essay collection offers an answer to the question, What dirty book should I read next?

story of the eye: *The Eyes Have It* Philip K. Dick,

story of the eye: *To Look a Nazi in the Eye* Kathy Kacer, 2017-09-12 The true story of nineteen-year-old Jordana Lebowitz's time at the trial of Oskar Groening, known as the bookkeeper of Auschwitz, a man charged with being complicit in the deaths of more than 300,000 Jews. A granddaughter of Holocaust survivors, Jordana was still not prepared for what she would see and hear. Listening to Groening's testimony and to the Holocaust survivors who came to testify against him, Jordana felt the weight of being witness to history - a history that we need to remember now more than ever.

story of the eye: *The Eyes of a King* Catherine Banner, 2008-09-04 Five-year-old Cassius escaped the brutal assassination of his parents, the king and queen of Malonia, and was exiled to modern-day England. Now fifteen, Cassius continues to be hidden in England under the protection of his tutor, the great Alderbaran, who's ancient prophecy says that Cassius will, one day, return and claim his rightful place on the throne. At the same time, fifteen-year-old Leo remains in Malonia where a repressive dictatorial regime under the new king, Lucien, followed the assassination. One day Leo discovers a wonderful book in which parts of an epic story appear each day - a remarkable story that reveals the secrets of the prophecy, the assassination and how they are connected to Leo's own family history.

story of the eye: *Bonding* Maggie Siebert, 2022-02-08 Maggie understands that splatter for splatter's sake is boring. Psychopathy is boring. Coldness is boring. She's interested in feeling, and when her stories turn violent (as they frequently do), it's with a surreal emotional barbarity that

distorts the entire world. You can mop up blood with any fabric. Maggie's concern is with the wound left behind, because the wound never leaves—it haunts. As a result, each of these stories leaves a wound of its own. Some weep, watching as you try (and fail) to recover. Others laugh. But never without feeling. -B.R. Yeager, author of *Negative Space* And once finished, I felt like my tongue had been misplaced, gums heavy and expanded ... gums numb with a tongue that'd been put elsewhere, my mouth clean around a pipe weaving up through pitch and shadow ... and well past ready, primed for delight, waiting but knowing I had already been filled to skin; crying shit, hearing piss, fingernails seeping bile, pores dribbling blood, soles slopping off and out to meet a drain mid-floor ... -Christopher Norris, author of *Hunchback* '88

story of the eye: *The Eye of God* James Rollins, 2013-06-25 In *The Eye of God*, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.

story of the eye: *The Shape of the Eye* George Estreich, 2011 Writer George Estreich describes how raising a child with Down syndrome impacted everything else in his life, including his approach to writing and the way he now perceives other events in his own life and in the lives of his family members.

story of the eye: *The Eye of Argon* Jim Theis, Weinstein Lee, 2021-04-30 This is not a hoax. Jim Theis was a real person, who wrote *The Eye of Argon* in all seriousness as a teenager, and published it in a fanzine, *Osfan* in 1970. But the story did not pass into the oblivion that awaits most amateur fiction. Instead, a miracle happened, and transcribed and photocopied texts began to circulate in science fiction circles, gaining a wide and incredulous audience among both professionals and fans. It became the ultimate samizdat, an underground classic, and for more than thirty years it has been the subject of midnight readings at conventions, as thousands have come to appreciate the negative genius of this amazing Ed Wood of prose.

story of the eye: *The Eye of History* Georges Didi-Huberman, 2018-03-02 An exploration of the interaction of aesthetics and politics in Bertolt Brecht's "photoepigrams." From 1938 to 1955, Bertolt Brecht created montages of images and text, filling his working journal (*Arbeitsjournal*) and his idiosyncratic atlas of images, *War Primer*, with war photographs clipped from magazines and adding his own epigrammatic commentary. In this book, Georges Didi-Huberman explores the interaction of politics and aesthetics in these creations, explaining how they became the means for Brecht, a wandering poet in exile, to "take a position" about the Nazi war in Europe. Illustrated with pages from the *Arbeitsjournal* and *War Primer* and contextual images including Raoul Hausmann's poem-posters and Walter Benjamin's drawings, *The Eye of History* offers a new view of important but little-known works by Brecht. Didi-Huberman shows that Brecht took positions without taking sides; he used these montages to challenge the viewpoints of the press and propose other readings, to offer a stylistic and political response to the inescapable visibility of historical events enabled by the photographic medium. Brecht's montages disrupt and scrutinize this visibility by juxtaposing representations of war found in magazines with his own epigrams—a "documentary lyricism" that dismounts and remounts modern history. The montages created meaningful disorder, exposing the truth by disorganizing—a process Didi-Huberman calls a "dialectic of the monteur." These works are examples of "the eyes of history"—when seeing may simultaneously deepen and critique historical knowledge. The montages Didi-Huberman argues, are Brecht's most Benjaminian works.

story of the eye: *The Eye* Simon Ings, 2008 We spend about one-tenth of our waking hours completely blind - only one percent of what we see is in focus at any one time. You don't need eyes to

see - blind volunteers have been taught to see through their chests. Through a spellbinding mix of scientific research, mathematics, philosophy, history, myth, anecdote and language theory, Simon Ings brilliantly unravels the never-ending puzzle of how and why we see in the way that we do. With the help of a beguiling mix of illustrated visual conundrums and enigmas, Ings triumphs with a compelling dissection of the eye's age-old mysteries that is both seriously interesting and interestingly fun.

story of the eye: The Eye of Vishnu Vivek Sharma, 2016-02-01 A story set in the 18th Century about a diamond that is stolen from a Hindu temple in South India. The diamond is cursed and journeys across the globe. A temple priest is determined to bring back the diamond to the temple.

story of the eye: The Man Who Shot Out My Eye Is Dead Chanelle Benz, 2017-01-17
LONGLISTED FOR THE 2018 PEN/ROBERT W. BINGHAM PRIZE FOR DEBUT FICTION
SHORTLISTED FOR THE 2018 WILLIAM SAROYAN INTERNATIONAL PRIZE FOR WRITING
Named a Best Book of 2017 by The San Francisco Chronicle Named one of Electric Literature's 15 Best Short Story Collections of 2017 A stunningly original debut collection about lives across history marked by violence and longing. A brother and sister turn outlaw in a wild and brutal landscape. The daughter of a diplomat disappears and resurfaces across the world as a deadly woman of many names. A young Philadelphia boy struggles with the contradictions of privilege, violence, and the sway of an incarcerated father. A monk in sixteenth century England suffers the dissolution of his monastery and the loss of all that he held sacred. The characters in *The Man Who Shot Out My Eye Is Dead*, Benz's wildly imaginative debut, are as varied as any in recent literature, but they share a thirst for adventure which sends them rushing full-tilt toward the moral crossroads, becoming victims and perpetrators along the way. Riveting, visceral, and heartbreaking, Benz's stories of identity, abandonment, and fierce love come together in a daring, arresting vision.

story of the eye: The She-Devils Pierre Louys, 2006-10 Classic French erotica by the extremely prolific Louys. Susan Sontag, so recently deceased, described this book as one of the handful of erotic works that achieve true literary status. *The She-Devils* is the story of a young man who one day finds himself in the company of a family of whores, mother and three daughters, each of the younger ones more decadent than the last. Oft-reprinted work first translated in 1958 by the Ophelia Press.

story of the eye: The Microscope and the Eye Jutta Schickore, 2007 Fully considering the epistemological, metaphysical, and methodological implications of a centuries-old relationship, *The Microscope and the Eye* is an important contribution to the history of the life sciences, vision studies, and scientific methodology.--BOOK JACKET.

story of the eye: Women and Men Joseph McElroy, 2023-01-17 Beginning in childbirth and entered like a multiple dwelling in motion, *Women and Men* embraces and anatomizes the 1970s in New York - from experiments in the chaotic relations between the sexes to the flux of the city itself. Yet through an intricate overlay of scenes, voices, fact, and myth, this expanding fiction finds its way also across continents and into earlier and future times and indeed the Earth, to reveal connections between the most disparate lives and systems of feeling and power. At its breathing heart, it plots the fuguelike and fieldlike densities of late-twentieth-century life. McElroy rests a global vision on two people, apartment-house neighbors who never quite meet. Except, that is, in the population of others whose histories cross theirs believers and skeptics; lovers, friends, and hermits; children, parents, grandparents, avatars, and, apparently, angels. For *Women and Men* shows how the families through which we pass let one person's experience belong to that of many, so that we throw light on each other as if these kinships were refracted lives so real as to be reincarnate. A mirror of manners, the book is also a meditation on the languages, rich, ludicrous, exact, and also American, in which we try to grasp the world we're in. Along the kindred axes of separation and intimacy *Women and Men* extends the great line of twentieth-century innovative fiction.

story of the eye: The Artist's Eyes Michael Marmor, James Ravin, 2009-10 This title presents a celebration of vision, of art and of the relationship between the two. Artists see the world in physical terms as we all do. However, they may be more perceptive than most in interpreting the

complexity of how and what they see. In this fascinating juxtaposition of science and art history, ophthalmologists Michael Marmor and James G. Ravin examine the role of vision and eye disease in art. They focus on the eye, where the process of vision originates and investigate how aspects of vision have inspired - and confounded - many of the world's most famous artists. Why do Georges Seurat's paintings appear to shimmer? How come the eyes in certain portraits seem to follow you around the room? Are the broad brushstrokes in Monet's Water Lilies due to cataracts? Could van Gogh's magnificent yellows be a result of drugs? How does eye disease affect the artistic process? Or does it at all? The Artist's Eyes considers these questions and more. It is a testament to the triumph of artistic talent over human vulnerability and a tribute to the paintings that define eras, the artists who made them and the eyes through which all of us experience art.

story of the eye: The Eye of the Needle , 2001 Sent out by his grandmother to find food, Amik consumes a series of animals of ever-increasing size and brings back more than he thinks.
