

Strange But True Stories In History

Strange But True Stories in History: Unexplained Events and Astonishing Facts

History is full of surprises. Beyond the well-trodden paths of kings and conquests lie countless tales so bizarre, so unbelievable, they seem plucked from the pages of fantasy novels. Yet, these are strange but true stories in history, meticulously documented events and accounts that defy easy explanation and challenge our understanding of the past. This post delves into a selection of these fascinating enigmas, exploring their origins, lingering mysteries, and the enduring questions they pose. Prepare to be amazed by the unexpected twists and turns of history's more curious chapters.

The Dancing Plague of 1518: An Uncontrollable Epidemic

One of the most unsettling strange but true stories in history centers on the Dancing Plague of 1518 in Strasbourg, France. For months, hundreds of people inexplicably danced uncontrollably in the streets, some reportedly to their deaths from exhaustion, heart attacks, or strokes. While various theories exist, from ergot poisoning (a fungal infection affecting rye) to mass psychogenic illness (a phenomenon where symptoms spread through a group due to shared psychological factors), the true cause remains a tantalizing mystery. The sheer scale and duration of this inexplicable event solidify its place among history's most bewildering occurrences.

Theories and Unanswered Questions:

Ergot Poisoning: This theory suggests contaminated rye bread led to the dancers' uncontrollable movements. While plausible, it doesn't entirely explain the sustained duration of the outbreak.

Mass Psychogenic Illness: This theory posits that a single individual's erratic behavior triggered a contagious wave of similar symptoms within the community. This addresses the contagious nature of the dancing but leaves many questions unanswered about the specific underlying psychological triggers.

The Disappearance of the Roanoke Colony: A Vanished Settlement

The fate of the Roanoke colony, established in 1587 on Roanoke Island (now part of North Carolina), remains one of the enduring strange but true stories in history. When a supply ship returned three years later, the entire settlement had vanished without a trace, leaving only the word "Croatoan" carved on a post. Theories abound, ranging from assimilation with Native American tribes to a massacre or even a natural disaster, but no definitive answer has ever emerged, leaving behind a chilling mystery that continues to fascinate and intrigue historians and researchers to this day.

Possible Explanations (and their shortcomings):

Assimilation with Native Americans: This theory suggests the colonists integrated into a local tribe, but evidence is scarce, and the sudden disappearance remains unexplained.

Attack by Native Americans: While conflict with indigenous populations was a possibility, the complete lack of evidence makes this a less convincing explanation.

Disease: The possibility of a devastating disease wiping out the colony is always present, but again, the lack of any skeletal remains complicates this theory.

The Mary Celeste: A Ghost Ship Sailing the Seas

The discovery of the Mary Celeste, a merchant brigantine found adrift in the Atlantic Ocean in 1872, is another captivating entry into our collection of strange but true stories in history. The ship was in good condition, with cargo intact, but the crew and passengers had vanished without a trace. No signs of struggle or violence were found, leaving behind an enduring puzzle for maritime historians. Theories range from mutiny to a sudden catastrophic event like a rogue wave, but the lack of definitive evidence keeps the mystery alive, sparking numerous books, movies, and countless speculations.

Unsolved Mysteries of the Mary Celeste:

The Missing Crew: The disappearance of the entire crew remains the central enigma. What caused them to abandon ship in such a seemingly orderly manner?

Lack of Evidence: The absence of clear signs of struggle, violence, or a major catastrophe adds to the mystery, suggesting an unexplained cause for the abandonment.

The Voynich Manuscript: An Undeciphered Codex

The Voynich Manuscript, a mysterious book dating back to the early 15th century, is filled with strange illustrations and an unknown script that has baffled cryptographers and linguists for centuries. This enigmatic text, a prime example of strange but true stories in history, contains botanical diagrams, astronomical charts, and bizarre anatomical drawings, but its meaning remains elusive. While some believe it might be an elaborate hoax, others maintain it contains a genuine, albeit yet-undeciphered, language or code. The ongoing efforts to decode this mysterious manuscript highlight the enduring allure of the unexplained.

The Enduring Enigma:

The Undeciphered Script: The unique alphabet and language defy all known forms of cryptography and linguistic analysis.

Intriguing Illustrations: The bizarre illustrations further add to the mystery, leaving scholars and researchers pondering their purpose and meaning.

Conclusion

These are just a few examples of the many strange but true stories in history that continue to fascinate and challenge us. These accounts remind us that the past is far more complex and unpredictable than we often imagine, containing mysteries that may never be fully solved. The enduring power of these unexplained events lies in their ability to spark our curiosity, ignite our imaginations, and leave us pondering the endless possibilities of the unknown.

FAQs

1. Are there any other examples of mass psychogenic illness in history besides the Dancing Plague? Yes, there have been several documented instances of mass psychogenic illness throughout history, often associated with stress, environmental factors, and social contagion.
2. What are some of the leading theories about the disappearance of the Roanoke colonists? Theories range from assimilation with Native American tribes to disease, violence, and even a catastrophic weather event. The lack of clear evidence makes it difficult to definitively pinpoint the cause.
3. Has any progress been made in deciphering the Voynich Manuscript? Despite numerous attempts, the manuscript remains undeciphered. Modern technology and linguistic analysis have made little headway.
4. What makes the Mary Celeste case so intriguing? The perfectly preserved ship, the absence of any obvious cause for the crew's disappearance, and the lack of any signs of struggle or violence all combine to make it one of history's most enduring maritime mysteries.
5. Where can I find more information about these and other strange historical events? Numerous books, documentaries, and online resources delve deeper into these topics. Start by searching for specific event names or exploring historical mysteries websites and journals.

strange but true stories in history: Strange True Stories of Louisiana George W. Cable, 2018-09-20
Reproduction of the original: Strange True Stories of Louisiana by George W. Cable

strange but true stories in history: Bad Rabbi Eddy Portnoy, 2017-10-24
Stories abound of immigrant Jews on the outside looking in, clambering up the ladder of social mobility, successfully assimilating and integrating into their new worlds. But this book is not about the success stories. It's a paean to the bunglers, the blockheads, and the just plain weird—Jews who were flung from small, impoverished eastern European towns into the urban shtetls of New York and Warsaw, where, as they say in Yiddish, their bread landed butter side down in the dirt. These marginal Jews may have found their way into the history books far less frequently than their more socially upstanding neighbors, but there's one place you can find them in force: in the Yiddish newspapers that had their heyday from the 1880s to the 1930s. Disaster, misery, and misfortune: you will find no better chronicle of the daily ignominies of urban Jewish life than in the pages of the Yiddish press. An underground history of downwardly mobile Jews, *Bad Rabbi* exposes the seamy underbelly of pre-WWII New York and Warsaw, the two major centers of Yiddish culture in the late nineteenth and early twentieth centuries. With true stories plucked from the pages of the Yiddish papers, Eddy Portnoy introduces us to the drunks, thieves, murderers, wrestlers, poets, and beauty queens whose misadventures were immortalized in print. There's the Polish rabbi blackmailed by an American widow, mass brawls at weddings and funerals, a psychic who specialized in locating missing husbands, and violent gangs of Jewish mothers on the prowl—in short, not quite the Jews you'd expect. One part Isaac Bashevis Singer, one part Jerry Springer, this irreverent, unvarnished, and frequently hilarious compendium of stories provides a window into an unknown Yiddish world that was.

strange but true stories in history: The Secret History of Food Matt Siegel, 2021-08-31
An irreverent, surprising, and entirely entertaining look at the little-known history surrounding the foods we know and love Is Italian olive oil really Italian, or are we dipping our bread in lamp oil? Why are we masochistically drawn to foods that can hurt us, like hot peppers? Far from being a classic American dish, is apple pie actually . . . English? “As a species, we’re hardwired to obsess over food,” Matt Siegel explains as he sets out “to uncover the hidden side of everything we put in our mouths.” Siegel also probes subjects ranging from the myths—and realities—of food as

aphrodisiac, to how one of the rarest and most exotic spices in all the world (vanilla) became a synonym for uninspired sexual proclivities, to the role of food in fairy- and morality tales. He even makes a well-argued case for how ice cream helped defeat the Nazis. *The Secret History of Food* is a rich and satisfying exploration of the historical, cultural, scientific, sexual, and, yes, culinary subcultures of this most essential realm. Siegel is an armchair Anthony Bourdain, armed not with a chef's knife but with knowledge derived from medieval food-related manuscripts, ancient Chinese scrolls, and obscure culinary journals. Funny and fascinating, *The Secret History of Food* is essential reading for all foodies.

strange but true stories in history: Strange But True, America John Hafnor, 2009 Contains 101 curious tales and oddball facts about events and people from the fifty states.

strange but true stories in history: Flawless: Inside the Largest Diamond Heist in History Scott Andrew Selby, Greg Campbell, 2010 Tells the story with the gripping pace of a true-crime 'Ocean's Eleven.' The New York Post • Like a diamond, this true-life caper is clear, colorful, and brilliant. Publishers Weekly [Starred Review] The Antwerp Diamond Center was one of the most secure buildings in the world. With hundreds of millions of dollars' worth of diamonds stored in its subterranean vault, it had to be. Located in the heart of Belgium's ultra-secure Antwerp Diamond District, it benefited from two police stations, armed patrols, extensive video surveillance, and vehicle barriers securing an area where 80 percent of the world's diamonds traded hands. But on February 15, 2003, a band of skilled Italian thieves — fronted by the charming Leonardo Notarbartolo, who spent over two years clandestinely casing the building — subverted every one of the Diamond Center's defenses and made off with a record amount of loot. Experts estimate they got away with nearly half a billion dollars in diamonds, cash and other valuables. They'd pulled off the biggest heist in history--everybody loves diamonds and they now had more than any thief before them. The robbers did it with stealth and smarts; no one was hurt or even threatened during what was quickly labeled the largest diamond heist in history. The bandits — members of a group of professional thieves known as The School of Turin — used cunning in lieu of violence, successfully evading security cameras, thwarting an array of electronic sensors, and penetrating a vault protected by a double-locked foot-thick steel door. Even when the police zeroed in on who committed the crime, how it was done remained a mystery, like something out of a heist movie or TV show. *Flawless* is a fast-paced global scavenger hunt uncovering the truth behind the daring Valentine's Day weekend heist. Tracking clues, sources, and documents throughout Europe — from seedy cafés in Turin, Italy to sleek diamond offices in Antwerp, Belgium — authors Scott Selby and Greg Campbell retrace Notarbartolo's careful discovery of the building's security flaws. They recreate the heist and its aftermath — detailing how the thieves brilliantly neutralized each element of the security protecting the Diamond Center's vault while inviting the readers into the secretive world of diamonds and diamond dealing. The result is a thrilling ride through the better-than-fiction heist of the century. Fans of caper books and movies will be in seventh heaven. Booklist [Starred Review]

strange but true stories in history: Strange But True Corrine Kenner, Craig Miller, 1997 Presents over one hundred thirty short stories of actual events and includes mysterious tales of ghosts and alien encounters, time travel and out-of-body experiences, psychic warnings and miraculous healings, and guardian angels.

strange but true stories in history: True Police Stories of the Strange & Unexplained Ingrid P. Dean, 2011-09-08 Early one evening, I was patrolling alone and decided to stop a vehicle with its taillight out. I had no way of knowing that this seemingly routine decision would lead to a strange twist of fate years later... These true, first-hand accounts from law enforcement officials across the nation reveal how intuition, apparitions, UFOs, prophetic dreams, and other forces beyond our understanding have impacted them in the course of duty. The weird and unexplained experiences in this book take place in the midst of the death-defying gun battles, thrilling rescues, and heart-searing tragedies that police officers face every day—and reveal the fascinating inner lives of the heroic men and women behind the badge.

strange but true stories in history: *Dark Tide* Stephen Puleo, 2019-01-15 A new 100th anniversary edition of the only adult book on one of the odder disasters in US history—and the greed, disregard for poor immigrants, and lack of safety standards that led to it. Around noon on January 15, 1919, a group of firefighters were playing cards in Boston's North End when they heard a tremendous crash. It was like roaring surf, one of them said later. Like a runaway two-horse team smashing through a fence, said another. A third firefighter jumped up from his chair to look out a window—"Oh my God!" he shouted to the other men, "Run!" A 50-foot-tall steel tank filled with 2.3 million gallons of molasses had just collapsed on Boston's waterfront, disgorging its contents as a 15-foot-high wave of molasses that at its outset traveled at 35 miles an hour. It demolished wooden homes, even the brick fire station. The number of dead wasn't known for days. It would be years before a landmark court battle determined who was responsible for the disaster.

strange but true stories in history: *Very Crazy, G.I.!* Kregg P. Jorgenson, 2010-02-24 AMERICAN BOYS AT WAR IN VIETNAM--AND INVOLVED IN INCIDENTS YOU WON'T FIND IN THE NATIONAL ARCHIVES In this compelling, highly unusual collection of amazing but true stories, U.S. soldiers reveal fantastic, almost unbelievable events that occurred in places ranging from the deadly Central Highlands to the Cong-infested Mekong Delta. Finders Keepers became the sacred byword for one exhausted recon team who stumbled upon a fortune worth more than \$500,000--and managed, with a little American ingenuity, to relocate the bounty to the States. Jorgenson also chronicles Marine Sergeant James Henderson's incredible journey back from the dead, shares a surreal chopper rescue, and recounts some heart-stopping details of the life--and death--of one of America's greatest unsung heroes, a soldier who won more medals than Audie Murphy and Sergeant York. Whether occurring in the bloody, fiery chaos of sudden ambushes or during the endless nights of silent, gnawing menace spent behind enemy lines, these stories of war are truly beaucoup dinky dau . . . and ultimately unforgettable.

strange but true stories in history: *Cursed Objects* J. W. Ocker, 2020-09-15 Beware...this book is cursed! These strange but true stories of the world's most infamous items will appeal to true believers as well as history buffs, horror fans, and anyone who loves a good spine-tingling tale. They're lurking in museums, graveyards, and private homes. Their often tragic and always bizarre stories have inspired countless horror movies, reality TV shows, novels, and campfire tales. They're cursed objects, and all they need to unleash a wave of misfortune is . . . you. Many of these unfortunate items have intersected with some of the most notable events and people in history, leaving death and destruction in their wake. But never before have the true stories of these eerie oddities been compiled into a fascinating and chilling volume. Inside, readers will learn about: • Annabelle the Doll, a Raggedy Ann doll that featured in the horror franchise *The Conjuring* • The Unlucky Mummy, which is rumored to have sunk the Titanic and kick-started World War I • The Dybbuk box, which was sold on eBay and spawned the horror film *The Possession* • The Conjured Chest, which has been blamed for fifteen deaths within a single family • The Ring of Silvianus, a Roman artifact believed to have inspired J. R. R. Tolkien's *The Hobbit* • And many more!

strange but true stories in history: *Strange But Mostly True* Jacobs Evan, 2020-01-31 Strange debris is found in a field near Roswell, New Mexico. Many suspect it is an alien spacecraft. Fires burn beneath a town for over 50 years. Rocks weighing several hundred pounds move across land on their own. Are these unbelievable tales real? Find out in this fascinating collection of short stories. Who isn't fascinated by the world of the weird? These story collections are the ultimate in high-interest reading. The people, places, and things within their pages range from the peculiar to the preposterous, from the creepy to the utterly terrifying, and from the odd to the awful. Yet all stories are based on eyewitness accounts or the solid research of serious investigators. Captivating facts are included in a Strange Truth section following each story.

strange but true stories in history: *Odd Wisconsin* Erika Janik, 2012-03-26 While Bob La Follette's exploits as leader of progressive politics are legendary, his early morning exertions to save valuable government documents and executive department paintings during the disastrous 1904 capitol fire are largely unknown - until now. *Odd Wisconsin* captures the Wisconsin people, places,

and events that didn't make it into conventional state histories, lowering a bucket into the depths of Wisconsin history and bringing to light curious fragments of forgotten lives. This unique book unearths the stories that got lost to history even though they may have made local headlines at the time. No mythical hodags or eight-legged horses here! Odd Wisconsin features strange but true stories from Wisconsin's past, every one of which was documented (albeit by the standards of the day). These brief glimpses into Wisconsin's past will surprise, perplex, astonish, and otherwise connect readers with the state's fascinating history. From the voyageur with a hole in his side to pigs beneath the legislature, Odd Wisconsin gathers 300 years of curiosities, all under the radar of traditional stories.

strange but true stories in history: *Strange But True Baseball Stories* Furman Bisher, 1975

strange but true stories in history: **Strange But True, Colorado** John Hafnor, 2005 Find out quirky facts and wacky trivia about Colorado.

strange but true stories in history: **Strange But True** Thomas Slemen, 1999

strange but true stories in history: **The Giant Book of More Strange But True Sports Stories** Howard Liss, 1983 A collection of 150 unusual occurrences in a dozen different sports.

strange but true stories in history: Strange Stories, Amazing Facts of America's Past Reader's Digest, Robert Dolezal, 1989 At head of title: Reader's Digest. Over 600 true stories delve into history and come up with all-American entertainment.

strange but true stories in history: *Life: Strange But True* The Editors of LIFE, 2008-10-14 Here are wonders of the animal kingdom, bizarre social practices of the past and present, remarkable and compelling human achievements, and breath-taking tales of nature at its most unpredictable. The photographs do not lie, and this book proves the adage: Seeing is believing. The true details of the famous stories are here: What's really going on at Loch Ness; what does Roswell, New Mexico, tell us; and, what about that cloud that looked like Jesus during the Korean War? The surprising, little-known tales are here as well: the window washer who fell 47 floors and walked away; and, the Christmas burglar who got stuck in a chimney .As P.T.Barnum might say: Strange but True is a colossal compendium of crazy coincidences, peculiar people and astounding animals. Step right up!

strange but true stories in history: **A Long Strange Trip** Dennis McNally, 2007-12-18 The complete history of one of the most long-lived and legendary bands in rock history, written by its official historian and publicist—a must-have chronicle for all Dead Heads, and for students of rock and the 1960s' counterculture. From 1965 to 1995, the Grateful Dead flourished as one of the most beloved, unusual, and accomplished musical entities to ever grace American culture. The creative synchronicity among Jerry Garcia, Bob Weir, Phil Lesh, Bill Kreutzmann, Mickey Hart, and Ron "Pigpen" McKernan exploded out of the artistic ferment of the early sixties' roots and folk scene, providing the soundtrack for the Dionysian revels of the counterculture. To those in the know, the Dead was an ongoing tour de force: a band whose constant commitment to exploring new realms lay at the center of a thirty-year journey through an ever-shifting array of musical, cultural, and mental landscapes. Dennis McNally, the band's historian and publicist for more than twenty years, takes readers back through the Dead's history in *A Long Strange Trip*. In a kaleidoscopic narrative, McNally not only chronicles their experiences in a fascinatingly detailed fashion, but veers off into side trips on the band's intricate stage setup, the magic of the Grateful Dead concert experience, or metaphysical musings excerpted from a conversation among band members. He brings to vivid life the Dead's early days in late-sixties San Francisco—an era of astounding creativity and change that reverberates to this day. Here we see the group at its most raw and powerful, playing as the house band at Ken Kesey's acid tests, mingling with such legendary psychonauts as Neal Cassady and Owsley "Bear" Stanley, and performing the alchemical experiments, both live and in the studio, that produced some of their most searing and evocative music. But McNally carries the Dead's saga through the seventies and into the more recent years of constant touring and incessant musical exploration, which have cemented a unique bond between performers and audience, and created the business enterprise that is much more a family than a corporation. Written with the same zeal and

spirit that the Grateful Dead brought to its music for more than thirty years, the book takes readers on a personal tour through the band's inner circle, highlighting its frenetic and very human faces. A Long Strange Trip is not only a wide-ranging cultural history, it is a definitive musical biography.

strange but true stories in history: Strange But True Hulick Kathryn, 2019-10 Prepare to have your mind blown! As you explore ten of the world's greatest unsolved mysteries, you'll witness a UFO encounter, search for the lost city of Atlantis, tour a haunted house, and discover the kraken's true form. He soon sees his once-perfect future crumbling away.

strange but true stories in history: History's Strangest Stories George C. Eggleston, 2012-12-22 Collection of history's most remarkable incidents and occurrences. Originally released in 1885.

strange but true stories in history: Chameleo Robert Guffey, 2015-04-23 A mesmerizing mix of Charles Bukowski, Hunter S. Thompson, and Philip K. Dick, Chameleo is a true account of what happened in a seedy Southern California town when an enthusiastic and unrepentant heroin addict named Dion Fuller sheltered a U.S. Marine who'd stolen night vision goggles and perhaps a few top secret files from a nearby military base. Dion found himself arrested (under the ostensible auspices of The Patriot Act) for conspiring with international terrorists to smuggle Top Secret military equipment out of Camp Pendleton. The fact that Dion had absolutely nothing to do with international terrorists, smuggling, Top Secret military equipment, or Camp Pendleton didn't seem to bother the military. He was released from jail after a six-day-long Abu-Ghraib-style interrogation. Subsequently, he believed himself under intense government scrutiny — and, he suspected, the subject of bizarre experimentation involving “cloaking”— electro-optical camouflage so extreme it renders observers practically invisible from a distance of some meters — by the Department of Homeland Security. Hallucination? Perhaps — except Robert Guffey, an English teacher and Dion's friend, tracked down and interviewed one of the scientists behind the project codenamed “Chameleo,” experimental technology which appears to have been stolen by the U.S. Department of Defense and deployed on American soil. More shocking still, Guffey discovered that the DoD has been experimenting with its newest technologies on a number of American citizens. A condensed version of this story was the cover feature of Fortean Times Magazine (September 2013).

strange but true stories in history: Strange History Editors of Portable Press, 2016-06-01 Bizarre historical tidbits about quirky queens, hippopotamus soup, shrunken heads, and much more! This exciting title from the folks at the Bathroom Readers' Institute contains the strangest short history articles from over thirty Bathroom Readers, along with fifty all-new pages. From the

twentieth century to the Old West, from the Age of Enlightenment to the Dark Ages, from ancient cultures all the way back to the dawn of time, Strange History is overflowing with mysterious artifacts, macabre legends, kooky inventions, reality-challenged rulers, boneheaded blunders, and mind-blowing facts. The curse of Macbeth Stupid history: Hollywood style The secret LSD experiments of the 1960s In search of the lost "Cloud People" of Peru The Swedish queen who declared war on fleas Unearthing the past with the Outhouse Detectives The Apollo astronaut who swears he saw a UFO How to brew a batch of 5,000-year-old beer The brutal bloodbaths at Rome's Coliseum Ghostly soup from ancient China The bathroom of the 1970s And much, much more!

strange but true stories in history: *The Head in Edward Nugent's Hand* Michael Leroy Oberg, 2013-02-12 Roanoke is part of the lore of early America, the colony that disappeared. Many Americans know of Sir Walter Raleigh's ill-fated expedition, but few know about the Algonquian peoples who were the island's inhabitants. *The Head in Edward Nugent's Hand* examines Raleigh's plan to create an English empire in the New World but also the attempts of native peoples to make sense of the newcomers who threatened to transform their world in frightening ways. Beginning his narrative well before Raleigh's arrival, Michael Leroy Oberg looks closely at the Indians who first encountered the colonists. The English intruded into a well-established Native American world at Roanoke, led by Wingina, the weroance, or leader, of the Algonquian peoples on the island. Oberg also pays close attention to how the weroance and his people understood the arrival of the English: we watch as Wingina's brother first boards Raleigh's ship, and we listen in as Wingina receives the report of its arrival. Driving the narrative is the leader's ultimate fate: Wingina is decapitated by one of Raleigh's men in the summer of 1586. When the story of Roanoke is recast in an effort to understand how and why an Algonquian weroance was murdered, and with what consequences, we arrive at a more nuanced and sophisticated understanding of what happened during this, the dawn of English settlement in America.

strange but true stories in history: *True Stories from History and Biography* Nathaniel Hawthorne, 1851

strange but true stories in history: *Strange and Obscure Stories of Washington, DC* Rowland, Tim, 2018-03-20 *Strange and Obscure Stories of Washington, DC* is a collection of wild but true tales about our nation's capital. Starting in the early days of the republic and reaching into modern times, the book recounts odd and humorous events that didn't make their way into the history books. Along the way the book introduces a host of memorable characters: • Land speculators James Greenleaf and Robert Morris, whose financial shenanigans almost took down the Federal City before it was even established • Civil War madam Mary Ann Hall, who ran the city's most upstanding brothel and died with an estate valued at \$2 million • The "Treasury Girls—the first wave of female workers, hired to cut individual bills from printed sheets of cash (with scissors), who prompted a government investigation into immoral behavior in the workplace • The NSA's secret staff of African Americans who went to work in code rooms after Harry Truman desegregated the federal workforce • The 1960s activist who drew attention to a rat problem in poor neighborhoods by shuttling them in his station wagon to the toniest parts of Georgetown Readers will also find out how a hurricane saved the city in 1812, how a demonstration of the world's largest naval gun nearly killed the president, and about the tree at Washington Cathedral whose origins trace back to the Holy Land at the time of Joseph of Arimathea. With *Strange and Obscure Stories of Washington, DC* in hand, the city will never seem the same again.

strange but true stories in history: *Passing Strange* Martha A. Sandweiss, 2009 Clarence King is a hero of nineteenth-century western history. Brilliant scientist and witty conversationalist, bestselling author and architect of the great surveys that mapped the West after the Civil War, King hid a secret from his Gilded Age cohorts and prominent Newport family: for thirteen years he lived a double life--as the celebrated white Clarence King and as a black Pullman porter and steelworker. Unable to marry the black woman he loved, the fair-haired, blue-eyed King passed as a Negro, revealing his secret to his wife Ada only on his deathbed. Historian Martha Sandweiss is the first

writer to uncover the life that King tried so hard to conceal. She reveals the complexity of a man who, while publicly espousing a personal dream of a uniquely American amalgam of white and black, hid his love for his wife and their five biracial children--Publisher description

strange but true stories in history: *A History of Food* Maguelonne Toussaint-Samat, 1994-09-28 The story of cuisine and the social history of eating is a fascinating one, and Maguelonne Toussaint-Samat covers all its aspects in this definitive history. Covers all known foodstuffs Copiously illustrated Full social and geographical coverage Awarded the History Prize of the Societe des gens de lettres de France, for the French edition Over 2500 sold in hardback.

strange but true stories in history: *13 Ghosts* Will Osborne, 1988 Osborne presents 13 gripping, true tales of the supernatural, including the case of a murder solved by a ghost. Young readers will love these spooky stories designed just for them.

strange but true stories in history: *A History of the World in 6 Glasses* Tom Standage, 2009-05-26 New York Times Bestseller * Soon to be a TV series starring Dan Aykroyd "There aren't many books this entertaining that also provide a cogent crash course in ancient, classical and modern history." -Los Angeles Times Beer, wine, spirits, coffee, tea, and Coca-Cola: In Tom Standage's deft, innovative account of world history, these six beverages turn out to be much more than just ways to quench thirst. They also represent six eras that span the course of civilization—from the adoption of agriculture, to the birth of cities, to the advent of globalization. *A History of the World in 6 Glasses* tells the story of humanity from the Stone Age to the twenty-first century through each epoch's signature refreshment. As Standage persuasively argues, each drink is in fact a kind of technology, advancing culture and catalyzing the intricate interplay of different societies. After reading this enlightening book, you may never look at your favorite drink in quite the same way again.

strange but true stories in history: *Everything Sad Is Untrue* Daniel Nayeri, 2020-08-25 A National Indie Bestseller An NPR Best Book of the Year A New York Times Best Book of the Year An Amazon Best Book of the Year A Booklist Editors' Choice A BookPage Best Book of the Year A NECBA Windows & Mirrors Selection A Publishers Weekly Best Book of the Year A Wall Street Journal Best Book of the Year A Today.com Best of the Year PRAISE A modern masterpiece. —The New York Times Book Review Supple, sparkling and original. —The Wall Street Journal Mesmerizing. —TODAY.com This book could change the world. —BookPage Like nothing else you've read or ever will read. —Linda Sue Park It hooks you right from the opening line. —NPR SEVEN STARRED REVIEWS □ A modern epic. —Kirkus Reviews, starred review □ A rare treasure of a book. —Publishers Weekly, starred review □ A story that soars. —The Bulletin, starred review □ At once beautiful and painful. —School Library Journal, starred review □ Raises the literary bar in children's lit. —Booklist, starred review □ Poignant and powerful. —Foreword Reviews, starred review □ One of the most extraordinary books of the year. —BookPage, starred review A sprawling, evocative, and groundbreaking autobiographical novel told in the unforgettable and hilarious voice of a young Iranian refugee. It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? A patchwork story is the shame of the refugee, Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. *EVERYTHING SAD IS UNTRUE* (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.

strange but true stories in history: *A Confederacy of Dunces* John Kennedy Toole, 2007-12-01 Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue."—The New York Times Book Review *A Confederacy of Dunces* is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures (Henry Kisor, Chicago Sun-Times).

strange but true stories in history: *Strange But True* Phyllis Reid Fenner, Mary McCrea, 1970 A selection of forty-four true stories and anecdotes from the fields of science, history, biography, and adventure.

strange but true stories in history: *The WEIRDest People in the World* Joseph Henrich, 2020-09-08 A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations.

strange but true stories in history: *Strangers from a Different Shore* Ronald T. Takaki, 2012-11 In an extraordinary blend of narrative history, personal recollection, & oral testimony, the author presents a sweeping history of Asian Americans. He writes of the Chinese who laid tracks for the transcontinental railroad, of plantation laborers in the canefields of Hawaii, of picture brides marrying strangers in the hope of becoming part of the American dream. He tells stories of Japanese Americans behind the barbed wire of U.S. internment camps during World War II, Hmong refugees tragically unable to adjust to Wisconsin's alien climate & culture, & Asian American students stigmatized by the stereotype of the model minority. This is a powerful & moving work that will resonate for all Americans, who together make up a nation of immigrants from other shores.

strange but true stories in history: *Temporary People* Deepak Unnikrishnan, 2017-03-14 Winner of the Restless Books Prize for New Immigrant Writing Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation. —Kirkus Reviews, starred review In the United Arab Emirates, foreign nationals constitute over 80 percent of

the population. Brought in to construct and serve the towering monuments to wealth that punctuate the skylines of Abu Dhabi and Dubai, this labor force is not given the option of citizenship. Some ride their luck to good fortune. Others suffer different fates. Until now, the humanitarian crisis of the so-called “guest workers” of the Gulf has barely been addressed in fiction. With his stunning, mind-altering debut novel *Temporary People*, Deepak Unnikrishnan delves into their histories, myths, struggles, and triumphs. Combining the linguistic invention of Salman Rushdie and the satirical vision of George Saunders, Unnikrishnan presents twenty-eight linked stories that careen from construction workers who shapeshift into luggage and escape a labor camp, to a woman who stitches back together the bodies of those who’ve fallen from buildings in progress, to a man who grows ideal workers designed to live twelve years and then perish—until they don’t, and found a rebel community in the desert. With this polyphony of voices, Unnikrishnan maps a new, unruly global English and gives personhood back to the anonymous workers of the Gulf. Guest workers of the United Arab Emirates embody multiple worlds and identities and long for home in a fantastical debut work of fiction, winner of the inaugural Restless Books Prize for New Immigrant Writing.... The author's crisp, imaginative prose packs a punch, and his whimsical depiction of characters who oscillate between two lands on either side of the Arabian Sea unspools the kind of immigrant narratives that are rarely told. An enchanting, unparalleled anthem of displacement and repatriation. —Kirkus Reviews, Starred Review Inventive, vigorously empathetic, and brimming with a sparkling, mordant humor, Deepak Unnikrishnan has written a book of Ovidian metamorphoses for our precarious time. These absurdist fables, fluent in the language of exile, immigration, and bureaucracy, will remind you of the raw pleasure of storytelling and the unsettling nearness of the future. —Alexandra Kleeman, author of *You Too Can Have a Body Like Mine* “Inaugural winner of the Restless Books Prize for New Immigrant Writing, this debut novel employs its own brand of magical realism to propel readers into an understanding and appreciation of the experience of foreign workers in the Arab Gulf States (and beyond). Through a series of almost 30 loosely linked sections, grouped into three parts, we are thrust into a narrative alternating between visceral realism and fantastic satire.... The alternation between satirical fantasy, depicting such things as intelligent cockroaches and evil elevators, and poignant realism, with regards to necessarily illicit sexuality, forms a contrast that gives rise to a broad critique of the plight of those known euphemistically as ‘guest workers.’ VERDICT: This first novel challenges readers with a singular inventiveness expressed through a lyrical use of language and a laserlike focus that is at once charming and terrifying. Highly recommended.” —Henry Bankhead, *Library Journal*, Starred Review “Unnikrishnan’s debut novel shines a light on a little known world with compassion and keen insight. The *Temporary People* are invisible people—but Unnikrishnan brings them to us with compassion, intelligence, and heart. This is why novels matter.” —Susan Hans O’Connor, *Penguin Bookshop* (Sewickley, PA) “Deepak Unnikrishnan uses linguistic pyrotechnics to tell the story of forced transience in the Arabian Peninsula, where citizenship can never be earned no matter the commitment of blood, sweat, years of life, or brains. The accoutrements of migration—languages, body parts, passports, losses, wounds, communities of strangers—are packed and carried along with ordinary luggage, blurring the real and the unreal with exquisite skill. Unnikrishnan sets before us a feast of absurdity that captures the cruel realities around the borders we cross either by choice or by force. In doing so he has found what most writers miss: the sweet spot between simmering rage at a set of circumstances, and the circumstances themselves.” —Ru Freeman, author of *On Sal Mal Lane* “Deepak writes brilliant stories with a fresh, passionate energy. Every page feels as if it must have been written, as if the author had no choice. He writes about exile, immigration, deportation, security checks, rage, patience, about the homelessness of living in a foreign land, about historical events so strange that, under his hand, the events become tales, and he writes tales so precisely that they read like history. Important work. Work of the future. This man will not be stopped.” —Deb Olin Unferth, author of *Revolution* “From the strange Kafka-esque scenarios to the wholly original language, this book is amazing on so many different levels. Unlike anything I've ever read, *Temporary People* is a powerful work of short stories about foreign nationals who populate the new
