

Sociology And You Textbook

Sociology and You: A Textbook Deep Dive and Beyond

Unlocking the fascinating world of sociology can feel daunting, but the right resources can make all the difference. This comprehensive guide focuses on the popular "Sociology and You" textbook, exploring its strengths, weaknesses, and how it fits into the broader landscape of sociological study. We'll delve into its content, pedagogical approach, and offer tips for maximizing your learning experience, regardless of whether you're a student or simply a curious individual eager to understand the societal forces shaping our lives. This post aims to be your ultimate resource on everything "Sociology and You" textbook related.

Understanding the "Sociology and You" Textbook: A Critical Overview

The "Sociology and You" textbook, while varying slightly depending on the edition and author (several versions exist), generally aims to introduce core sociological concepts in an accessible and engaging manner. It often prioritizes real-world examples and applications, moving beyond abstract theories to show how sociological principles manifest in everyday life. This approach is crucial for making the subject relatable and less intimidating for beginners.

What Makes "Sociology and You" Unique?

Several factors contribute to the textbook's popularity:

Accessibility: The language used is generally straightforward and avoids overly academic jargon. This makes it ideal for introductory courses and those new to the subject.

Real-world examples: The use of current events, case studies, and relatable scenarios helps students connect theory to practice.

Engaging presentation: Many editions incorporate visual aids, interactive elements (depending on the format), and diverse perspectives to maintain reader interest.

Focus on relevance: The textbook often explores contemporary social issues, making the subject matter feel relevant and meaningful to students' lives.

Exploring Key Sociological Concepts Covered

While the precise content varies across editions, most "Sociology and You" textbooks cover fundamental sociological concepts including:

Socialization: The process through which individuals learn and internalize societal norms and values.

Social stratification: The hierarchical arrangement of individuals and groups based on factors like class, race, and gender.

Social institutions: The established patterns of behavior and relationships that govern social life (e.g., family, education, religion).

Social change: The transformation of social structures and cultural patterns over time.

Social deviance and control: The study of behaviors that violate societal norms and the mechanisms used to regulate them.

Culture and subculture: The shared beliefs, values, and practices of a group, contrasting dominant and alternative cultures.

Social research methods: An introduction to the various methods sociologists use to gather and analyze data.

Maximizing Your Learning with the "Sociology and You" Textbook

To get the most out of your "Sociology and You" textbook experience, consider these strategies:

Active reading: Don't just passively read; take notes, highlight key concepts, and summarize each chapter.

Engage with the examples: Reflect on how the real-world examples relate to your own experiences and observations.

Utilize supplementary resources: Look for online videos, documentaries, or articles that expand on the textbook's content.

Form study groups: Discussing the material with peers can enhance understanding and clarify confusing concepts.

Connect with your instructor: Don't hesitate to ask questions if you're struggling with any aspect of the course.

Beyond the Textbook: Expanding Your Sociological Knowledge

The "Sociology and You" textbook serves as an excellent introduction, but it's only the beginning. To deepen your understanding, consider exploring:

Classic sociological texts: Reading works by foundational figures like Emile Durkheim, Karl Marx, and Max Weber offers invaluable insights.

Contemporary sociological journals: Staying current with research in the field provides a deeper grasp of evolving social trends.

Podcasts and documentaries: Engaging with diverse media formats can enrich your learning experience and broaden your perspective.

Community involvement: Participating in volunteer work or community initiatives allows you to apply sociological principles in real-world contexts.

Conclusion

The "Sociology and You" textbook provides a valuable gateway into the dynamic field of sociology. By combining accessible language, real-world examples, and a focus on relevant social issues, it makes the study of society engaging and informative. However, remember that the textbook is a starting point; continuous exploration and engagement with the broader sociological landscape are crucial for a complete understanding.

FAQs

1. Is there only one version of the "Sociology and You" textbook? No, several different editions and author variations exist, often tailored to specific course requirements. Checking your syllabus or course materials is essential to ensure you have the correct version.
2. Is the "Sociology and You" textbook suitable for self-study? Absolutely. Its accessible style and clear explanations make it suitable for independent learning. However, supplemental resources will greatly enhance your understanding.
3. What if I find the textbook difficult to understand? Don't be discouraged! Seek help from your instructor, form a study group, or utilize online resources to clarify confusing concepts.
4. Are there online resources that complement the "Sociology and You" textbook? Yes, many publishers provide online companion websites with additional resources, quizzes, and interactive exercises. Searching for the textbook's ISBN online can help you locate these resources.
5. How can I apply what I learn from "Sociology and You" to my daily life? By consciously observing social interactions, analyzing societal trends, and critically evaluating information, you can develop a more nuanced understanding of the world around you and become a more informed and engaged citizen.

sociology and you textbook: *You're Hired!* Cheryl Joseph, 2017-08-01 Featuring conversations with more than thirty sociology majors on their career trajectories, responses from employers on why they hire sociology majors, and practical career advice, *You're Hired! Putting Your Sociology Major to Work* provides a comprehensive account for students on the value of a sociology major.

sociology and you textbook: *Terrible Magnificent Sociology* Wade, Lisa, 2021-12-15 Using engaging stories and a diverse cast of characters, Lisa Wade memorably delivers what C. Wright Mills described as both the terrible and the magnificent lessons of sociology. With chapters that build upon one another, *Terrible Magnificent Sociology* represents a new kind of introduction to sociology. Recognizing the many statuses students carry, Wade goes beyond race, class, and gender, considering inequalities of all kinds—and their intersections. She also highlights the remarkable diversity of sociology, not only of its methods and approaches but also of the scholars themselves, emphasizing the contributions of women, immigrants, and people of color. The book ends with an inspiring call to action, urging students to use their sociological imaginations to improve the world in which they live.

sociology and you textbook: *Sociology and Your Life P.O.W.E.R. Learning* Robert Feldman, Richard T. Schaefer, 2015-05-29

sociology and you textbook: *An Introduction to Sociology* Karim Murji, Sarah Neal, John Solomos, 2021-11-03 *An Introduction to Sociology* is your essential guide to understanding the social forces that shape our lives and the world around us. This innovative textbook introduces you to the key theories, themes, and concepts in the discipline of sociology and helps you to develop as a sociologist by providing comprehensive coverage of all the main areas of study. Presenting you with the history, current debates and recent research developments for each topic, this book covers everything from classical sociologies and traditional subjects such as class, families, and religion, through to more progressive areas like digital society, social media, migration, and the interconnectedness of modern global society. The book's extensive coverage means it can be used throughout your studies, from first year to final year. Key features: Each chapter is written by an internationally renowned expert who uses specialist insight and the latest research to provide a reliable and up-to-date overview. Includes a selection of unique learning features such as "Hear from the Expert" boxes and "Key Cases" from around the world, as well as reflective activities and revision questions that will enhance your knowledge. Features a section titled "What is sociology useful for?" which includes chapters on the public value of sociology and the role of sociology in contemporary society. The book is supported by a wide-ranging collection of online teaching and learning resources including exclusive video content from SAGE Video, links to SAGE Journal Articles, sample essay questions, and a selection of multiple-choice questions. This definitive text is perfect for first-year sociology undergraduates and anyone studying sociology at university or college level.

sociology and you textbook: *The Real World* Kerry Ferris, Jill Stein, 2018 In every chapter, Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships, jobs, and future goals.

Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology.

sociology and you textbook: *Intro to Sociology 4th* , 2009

sociology and you textbook: *Sociology* Daniel Nehring, Ken Plummer, 2014-04-30 This groundbreaking new introduction to sociology is an innovative hybrid textbook and reader. Combining seminal scholarly works, contextual narrative and in-text didactic materials, it presents a rich, layered and comprehensive introduction to the discipline. Its unique approach will help inspire a creative, critical, and analytically sophisticated sociological imagination, making sense of society and the many small and large problems it poses.

sociology and you textbook: *Sociology and Social Work* Jo Cunningham, Steve Cunningham, 2014-03-24 Sociological perspectives and their application to social work are an inherent part of the QAA benchmark statements in the social work degree. In addition, graduates must understand how sociological perspectives can be used to dissect societal and structural influences on human behaviour at individual, group and community levels. This fully-revised second edition includes a new chapter on social class and welfare and is mapped to the new Professional Capabilities Framework for Social Work.

sociology and you textbook: *Introduction to Sociology 12th Edition* Henry L. Tischler, 2018-04-09

sociology and you textbook: *Sociology: A Complete Introduction: Teach Yourself* Paul Oliver, 2015-12-03 *Sociology: A Complete Introduction* is designed to give you everything you need to succeed, all in one place. It covers the key areas that students are expected to be confident in, outlining the basics in clear, jargon-free English and providing added-value features like summaries of key experiments and even lists of questions you might be asked in your seminar or exam. The text is split into four parts, with an emphasis throughout on understanding and treating all concepts with clarity and precision. The first part covers theoretical issues including research methods. Part two looks at the social environment, including urbanization, work, politics, religion and the mass media. The final two parts examine global society and the position of the individual. It is structured to mirror the way Sociology is taught on many A Level and university courses with each chapter covering a key introductory area. By the end you'll have a clear understanding of the essential principles of sociology.

sociology and you textbook: *Society in Focus* William Edwin Thompson, Joseph V. Hickey, 2011 Examining the role of mass media and information technology in contemporary society This specially priced comprehensive introductory text emphasizes the increasing diversity and globalization of societies everywhere, and the special role of mass media and information technology in contemporary society.

sociology and you textbook: *Introduction to Sociology* Frank van Tubergen, 2020-02-25 Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to selected key sociological issues, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist boxes, encouraging

students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and answers, multiple-choice questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

sociology and you textbook: You May Ask Yourself Dalton Conley, 2017 The untextbook that teaches students to think like sociologists.

sociology and you textbook: Doing Sociology Lee Harvey, Morag MacDonald, 1993-11-11 Doing Sociology is a student-centred text that encourages learning by doing. Combining sociological theory with research methods and social philosophy in an accessible way, it provides an invaluable resource for A-level, access and first-year degree students and teachers.

sociology and you textbook: Discover Sociology William J. Chambliss, Daina S. Eglitis, 2019-01-02 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? Discover Sociology presents sociology as a discipline of curious minds. The authors inspire curiosity about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. Behind the Numbers features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, What can I do with a sociology degree? by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Explores influential works of Marx, Durkheim, Weber, Mead, Simmel, Freud, Du Bois, Adorno, Marcuse, Parsons, and Merton Editorial introductions lend historical and intellectual perspective to the substantial readings Includes a new section with new readings on the immediate pre-history of sociological theory, including the Enlightenment and de Tocqueville Individual reading selections are updated throughout

sociology and you textbook: A Sociology of Health David Wainwright, 2008-01-18 'A Sociology of Health charts a way forward for a medical sociology that can make a positive contribution to medical practice and health policy' - Dr Michael Fitzpatrick, East London GP and author of *The Tyranny of Health* 'This is a very lively book that will stimulate good debate amongst students undertaking sociology of health courses in higher education' - Mathew Jones, Senior Lecturer in Health and Social Policy, University of the West of England A Sociology of Health offers an authoritative and up-to-date introduction to the key issues, perspectives and debates within the field of medical sociology. The book will aid readers' understanding of how sociological approaches are crucial to understanding the impact that health and illness have on the behaviour, attitudes, beliefs, and practices, of an increasingly health-aware population. The book is topical and unique in its approach, combining commentary and analysis of classic debates in medical sociology with contemporary issues in health care policy and practice. The content is wide-ranging, including chapters on: health scares, therapy culture, new dimensions of international health, changes in health care organisation and the feminization of health. Features such as case studies, questions for debate, and further reading sections are used throughout to promote critical reflection and further debate. A Sociology of Health offers readers a fresh approach to the subject, and will be essential reading for all undergraduate students on medical sociology and sociology of health and illness courses, as well as postgraduate students in related health and social care disciplines. David Wainwright is a Senior Lecturer in the School for Health, University of Bath.

sociology and you textbook: *You May Ask Yourself* Dalton Conley, 2021-02-19 The bestselling untextbook that makes the familiar strange

sociology and you textbook: *Understanding the Sociology of Health* Anne-Marie Barry, Chris Yuill, 2016-09-19 Understanding the Sociology of Health continues to offer an easy to read introduction to sociological theories essential to understanding the current health climate. Up-to-date with key policy and research, and including case studies and exercises to critically engage the reader, this book shows how sociology can answer complex questions about health and illness, such as why health inequalities exist. To better help with your studies this book contains: · a global perspective with international examples; · a new chapter on health technologies; · online access to videos of the author discussing key topics as well as recommended further readings; · a glossary, chapter summaries and reflective questions to help you engage with the subject. Though aimed primarily at students on health and social care courses and professions allied to medicine, this textbook provides valuable insights for anyone interested in the social aspects of health.

sociology and you textbook: Heads Up Sociology DK, 2018-01-16 Why does racism exist? Is Big Brother watching us? Why are women paid less than men? Investigate society's hidden truths, from gender and identity politics to consumer culture with this insightful guide. Sociology is the study of how societies are organized and what helps them function or go wrong. Heads Up Sociology explores a range of curious social phenomena, including poverty and class status, white-collar crime, religious beliefs, and internet anxieties. The book helps readers see themselves and their communities in the context of a larger, globalized world. Fascinating biographies offer insight into the lives and work of key researchers such as Karl Marx, Judith Butler, and Howard Becker, while well-illustrated case studies and real-life scenarios bring their ideas to life. Stunning infographics further explain the ebb and flow of power in society. Heads Up Sociology is the ultimate tool to help you get to grips with sociology in time for exams and is an essential read for anyone keen to ask the big questions about the world we live in today.

sociology and you textbook: *The Art and Science of Social Research* Deborah Carr, Elizabeth Heger Boyle, Benjamin Cornwell, Shelley Correll, Robert Crosnoe, Jeremy Freese, Mary C Waters, 2017-09-29 Written by a team of internationally renowned sociologists with experience in both the field and the classroom, *The Art and Science of Social Research* offers authoritative and balanced coverage of the full range of methods used to study the social world. The authors highlight the challenges of investigating the unpredictable topic of human lives while providing insights into what really happens in the field, the laboratory, and the survey call center.

sociology and you textbook: Essentials of Sociology George Ritzer, Dr Wendy A. Wiedenhof Murphy, Wendy Wiedenhof Murphy, 2017-11-27 Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and Digital Living boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the super rich transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

sociology and you textbook: A Dictionary of Sociology John Scott, 2014-09-11 A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.

sociology and you textbook: Discourse on Applied Sociology: Practising perspective Samir Dasgupta, Robyn Driskell, 2007 Clinical sociology, career coaching and somatic learning / Kathryn Goldman Schuyler -- Applied social survey methodology: telephone surveys and the importance of introduction / Robyn Driskell -- When a stranger calls: the impact of caller ID on telephone surveys / Kathy Krey and Jodien Matos -- Globalization, growth and poverty reduction: myths and realities / Ray Kiely -- Applied version of rural poverty: a case study / Samir Dasgupta and Kaushik Chattopadhyay -- Social justice vs 'financial apartheid': microcredit and banking with the poor without collateral / Muhammad Yunus -- Global technology and local reality among child street labourers in Guatemala City / Thomas A. sociology and you textbook: Seasonal Sociology Tonya K. Davidson, Ondine Park, 2020-09-11 Seasonal Sociology offers an engrossing and lively introduction to sociology through the seasons, examining the sociality of consumption practices, leisure activities, work, religious traditions, schooling, celebrations and holidays.

sociology and you textbook: Social Theory Carsten Bagge Laustsen, Lars Thorup Larsen, Mathias Wullum Nielsen, Tine Ravn, Mads P. Sørensen, 2017-03-27 This textbook offers a new approach to understanding social theory. Framed around paired theoretical perspectives on a series

of sociological problems, the book shows how distinctive viewpoints shed light on different facets of social phenomena. The book includes sociology's founding fathers, major 20th-century thinkers and recent voices such as Butler and Zizek. Philosophically grounded and focused on interpretation and analysis, the book provides a clear understanding of theory's scope while developing students' skills in evaluating, applying and comparing theories.

sociology and you textbook: *Sociology of Personal Life* Vanessa May, Petra Nordqvist, 2019-01-25 What can sociology tell us about our personal lives, families and intimate relationships? This book explains how key theoretical perspectives and relevant contemporary research in the discipline can shed new light on even the most familiar areas of our everyday worlds. From friendships and pets, to political engagement and social legislation, the text shows how distinctions and connections can be drawn between our public and private lives. Each chapter explores a familiar topic that illustrates how individual relationships and lives can be shaped by social contexts, and how personal choices shape the wider social world. Using vivid case examples drawn from topical areas of debate, such as marriage rights and the role of social networking, the book is clearly laid out and easy to read. It gives useful explanations of theory and invaluable advice on how to carry out research on personal lives and relationships. This is essential reading for students of sociology interested in family, relationships and beyond. New to this Edition: - Pre-existing chapters have been fully re-written - Includes a number of new chapters on topics such as the body, home and personal life in public spaces. - Reformulated 'questions for discussion' at the end of each chapter.

sociology and you textbook: *What About Mozart? What About Murder?* Howard S. Becker, 2014-08-22 In 1963, Howard S. Becker gave a lecture about deviance, challenging the then-conventional definition that deviance was inherently criminal and abnormal and arguing that instead, deviance was better understood as a function of labeling. At the end of his lecture, a distinguished colleague standing at the back of the room, puffing a cigar, looked at Becker quizzically and asked, "What about murder? Isn't that really deviant?" It sounded like Becker had been backed into a corner. Becker, however, wasn't defeated! Reasonable people, he countered, differ over whether certain killings are murder or justified homicide, and these differences vary depending on what kinds of people did the killing. In *What About Mozart? What About Murder?*, Becker uses this example, along with many others, to demonstrate the different ways to study society, one that uses carefully investigated, specific cases and another that relies on speculation and on what he calls "killer questions," aimed at taking down an opponent by citing invented cases. Becker draws on a lifetime of sociological research and wisdom to show, in helpful detail, how to use a variety of kinds of cases to build sociological knowledge. With his trademark conversational flair and informal, personal perspective Becker provides a guide that researchers can use to produce general sociological knowledge through case studies. He champions research that has enough data to go beyond guesswork and urges researchers to avoid what he calls "skeleton cases," which use fictional stories that pose as scientific evidence. Using his long career as a backdrop, Becker delivers a winning book that will surely change the way scholars in many fields approach their research.

sociology and you textbook: *Applied Sociology* Neil Thompson, 2017-09-22 Sociology offers fascinating insights into social life that tell us so much about people and society. But what can we do with those insights? How can we put them to good use? That is exactly what this book is all about. It explores the practical value of sociology, how sociological understanding can be of help in a variety of settings. Neil Thompson's wealth of experience in using sociology in practice comes shining through in this clearly written and accessible text that succeeds in conveying complex ideas without oversimplifying them. Key concepts are explained and clear links are drawn with how the ideas can be used to inform professional practice and cast light on a wide range of situations across all sectors of working life, and in our personal lives too. So, whether you are involved in the helping professions or any other occupation where success depends on having a good understanding of people; a student of sociology wanting to put your learning into practice; or simply interested in how sociology can help address social issues, this book offers a solid foundation of understanding. It is an ideal text for anyone seeking to use sociological ideas to make a positive difference.

sociology and you textbook: *Classical Social Theory* Ian Craib, 1997 Lively, direct, readable, and clear, this is an introductory textbook designed to introduce students at a basic level to social theory, concentrating on the founding thinkers of sociology. To contemporary students, the thought of Marx, Weber, Durkheim, and Simmel may seem out of date and irrelevant compared to the more pressing questions posed by issues of race, gender, and the environment, but in this book Ian Craib compellingly shows the value of studying these classic thinkers. Providing an account of their key ideas, Dr Craib establishes their contemporary relevance and enduring significance in terms of their contribution to understanding contemporary problems. Indispensable for an introductory textbook, this is a jargon-free read, written in a direct, personal style making it easy to understand and empathise with. A thematic structure aids comprehension and encourages readers to compare the theorists more systematically. Students will also appreciate the book-by-book approach, where Ian Craib plays close attention to each of the thinkers' key texts, quoting long passages and devoting subsections to unpacking various texts in a straightforward way. Other student-friendly features include biographical details and an elementary overview of the work of Marx, Weber, Durkheim, and Simmel; a Dramatis Personae at the end of the book, with brief details of the life and thought of other relevant thinkers; and a Glossary covering important terms and phrases used in the text.

sociology and you textbook: An Introduction to Sociology Anthony Giddens, Mitchell Duneier, 2000-04-01

sociology and you textbook: Sociology in Our Times Diana Kendall, 2004-03-01 This cutting-edge, applied book highlights the relevance of sociology by including a diverse collection of theories, research, and lived experiences that accurately mirror the diversity in society itself. The author's vivid, applied, personal writing style engages students, and activates compelling everyday examples that make sociology particularly relevant to diverse students. A social issue or application opens each chapter and provides various topics for boxes, features, and examples that are carried throughout the entire chapter. Kendall's text is acclaimed in the field for being the first textbook to integrate race, class, and gender issues; as well as for its thorough presentation of sociological theory, which includes diverse theoretical viewpoints such as feminist and postmodernist theory. Kendall shows students that sociology involves important questions and issues that they confront both personally and vicariously.
